

# U.N. WRANGLES OVER RED CHINA ISSUE

**TOO SHAPELY?**—Red-haired actress Jo Morrow, 20, casts a glance at candy bar on table at right as she checks TV program at her Hollywood home yesterday. Under contract with a history-making calorie clause, Jo must shed 5 pounds to a tidy 132 at once. (AP wirephoto)

## CALORIE CLAUSE IN CONTRACT

## Actress Must Shed 5 Pounds

HOLLYWOOD (AP)—Voluptuous Jo Morrow, a red-haired young actress who digs candy, made Superior Court history yesterday with a contract with a calorie clause.

The 20-year-old actress, starring in "The Three Worlds of Gulliver," had a contract approved with Columbia Pictures requiring that:

She must keep her waistline 24 inches or less, her hips must be 37 inches or less and her weight shall not exceed 132

pounds without adornment. That means stripped.

Miss Morrow, who weighs 137 now, told a newsman she is not a heavy eater.

"But I dig candy and all those sweets like there was no tomorrow. I'm happy the studio put a calorie clause in my contract. I can lose weight when there are dollars and cents involved."

"I love candy like crazy but I'm crazier about money."

Superior Court attaches say it was the first such clause ever approved in local legal memory.

## Tougher Talk Expected in Debate Tonight

Kennedy, Nixon to Cover Foreign, Domestic Issues

WASHINGTON (AP)—If their tactics of the past week are any indication, the rival Democratic and Republican presidential candidates will peel off the kid gloves and slug it out in tonight's second round of their nationally televised debate.

But Democrat John F. Kennedy and Republican Richard M. Nixon will have to seek their openings

## Air Schedule

Radio stations KFL, KNX and KABC will carry the second of the Kennedy-Nixon debates live at 7:30 p.m. today. CBS, NBC and ABC TV networks will carry it at 7:30 p.m.—channels 2, 4 and 7.

from questions thrown at them by a panel of newsmen. Unlike their first confrontation Sept. 26, there will be no formal statements.

The questions will cover both foreign and domestic issues. Under an agreement by both sides, 2½ minutes will be allowed for a direct reply to a question and 1½ minutes for rebuttal comment.

## SPECIAL SET BUILT

The hour-long debate will begin at 7:30 p.m. EDT and will be carried by the three TV networks and four major radio nets. NBC, which is in charge of arrangements for this second round, has planned a special set designed, it said, to impart a greater feeling of warmth to the background. Some critics complained the first debate, from a studio in Chicago, was held in too bleak a setting.

The set was built in New York and shipped here. It has a large circular background about 20 feet high made of grass cloth, with tones of brown and a bit of green.

An NBC spokesman said at a

**VISITOR**—President Eisenhower and President Sukarno of Indonesia are shown at the White House yesterday. Sukarno, one of five neutralist leaders at the United Nations urging a meeting between Eisenhower and Premier Khrushchev of Russia, said the President gave him a clearer picture of the situation. But he added, "I still stick to the idea" they should meet to help ease cold war tensions. (AP wirephoto)

## Kennedy Pins Cuba's Fall on Nixon, GOP

CINCINNATI (AP)—Sen. John F. Kennedy last night blamed Vice President Richard M. Nixon and the Eisenhower administration for policy failures which he said led to establishment of a militant Communist satellite in Cuba.

"It is the party in power which must accept full responsibility for this disaster," the Democratic presidential nominee declared in a speech at a \$100-a-plate fund-raising dinner.

As for Nixon's role Kennedy said the Republican White House candidate has admitted that a strong program of U.S. aid for Latin-American development might have produced enough Cuban economic progress to prevent Fidel Castro's takeover.

## SNIFTS AT 'EXPERIENCE'

The vice president was in Cuba five years ago "gaining experience," Kennedy said adding that his only conclusion expressed at the time was that the Batista dictatorship had impressed him very much.

"Mr. Nixon could not see then what should have been obvious—and which would have been even more obvious when he made his ill-fated Latin-American trip in 1958—that unless the Cuban people with our help made substantial economic progress, trouble

(Continued on A-5, Column 4)

## MANTLE HITS 2 HOMERS Yanks Shatter Pittsburgh, 16-3

PITTSBURGH (UPI)—Mickey Mantle's home run heroics led a modern murderers' row yesterday as the wrathful New York Yankees rose up to square the World Series at one game each by annihilating the Pittsburgh Pirates, 16-3.

Mantle, making up for four previous strikeouts in this series, clouted two home runs to knock in a record-tying five runs and feature a 19-hit Yankee attack. It made Bullet Bob Turley the victor before 37,308 awed Pittsburgh fans, although he needed ninth-inning help

from bantam Bobby Shantz. The Yankees, on this alternately cloudy and sunny day, gave a morale-shattering display of power as they hung the defeat on fire-balling Bob Friend, first of six Pirate pitchers.

But it was Mantle, the American League home run champion with 40, who stole the show as he left Dodger Duke Snider behind in the World Series home run derby and closed in on the immortal Babe Ruth's all-time total of 15.

## CASTRO CLAIMS INVASION FORCE FROM U.S. ROUTED

HAVANA (AP)—Prime Minister Fidel Castro's government claimed yesterday its armed forces are in hot pursuit of 24 survivors of a 27-man invasion force from the United States which landed near the eastern tip of Cuba. U.S. policy directors were blamed for the incursion.

A communique of the Armed Forces Ministry said militiamen intercepted the invaders soon after the landing at Naves Bay, killed their leader and captured two others.

The leader, Armentino Ferial, was described as a former captain in the private army of ex-Sen. Rolando Masferrer, a once-powerful figure in the Fulgencio Batista regime who is now a refugee in the United States.

A spokesman for the prime minister's office said Castro, who is in Havana, regards the landing as "of very little importance."

(In Washington, the State Department indicated it believed the "invasion" to be a put-up job by the Castro regime to embarrass the United States.)

Naves Bay is on the north shore of Oriente Province, the cradle of

(Continued on A-2, Column 1)

## 2 Women Die In Plane Crash

ESCONDIDO (AP)—A private plane crashed and burned in a valley between the Palomar Mountain observatory and Lake Hemshaw yesterday, killing two women and seriously injuring two men.

The dead were identified as Mrs. Doris Jean Vowles, 32, of Suburban Lakeside, and Betty Bateman (no age), El Cajon, Calif.

The injured, taken to an Escondido hospital by a Coast Guard helicopter, were Mrs. Vowles' husband, Asa W., 36 and Blaine Baker, 40, El Cajon.

Coast Guard Chief Thomas Tate, pilot of the helicopter, said fire destroyed all the plane except a wingtip. The women apparently were trapped inside the craft, Tate said, and the men were thrown clear.

The plane plunged into heavily timbered Will Valley, four miles northwest of Lake Hemshaw, starting a brush and timber fire. The four-acre blaze was controlled two hours later.

Vowles said the four had been to Las Vegas, Nev., and were returning to El Cajon when the crash occurred. Cause of the crash was not determined.

## Championship Rodeo Finals Continue Sunday Afternoon

Champion milk maid crowned yesterday in Clara Horton, 20, of Bloomington Boosters 4-H Club, who tugged 24 ounces of milk in one minute flat. Second with 21 ounces was Phoebe Fogg, San Bernardino, Arrowhead 4-H Club.

Earlier, nearly 250 senior citizens belted out "Silver Threads" under the canvas big top, then recited old favorites about kitchen pumps and gray mares, pulled on square-dance bonnets and galleuses and limbered up their joints in a talent show.

Redlands oldies scooped up six of the 10 trophies. Receiving and presenting them were:

Mary Goss of Square Dance Group, by Mrs. Lovella Carling, Senior Citizens chairman; Ozeta Harper of Hi-Flyers Song and Dance Group, by Sheriff's Lt. Archer Johnston, Honora Pratt

## ATTENDANCE CLIMBS

## Oldsters Live It Up at County Fair: Livestock Auction Today

By BOB JACOBS

VICTORVILLE—Oldsters from near and far had a rip-roaring good time at yesterday's San Bernardino County Fair at Victorville, and the hopes of FFA and 4-H youth will ride into the auction ring today on the backs of their blue-ribbon stock.

Starting at 2:30 p.m., top prizes for carefully groomed beef, sheep and swine will be pounded out at the yearly Junior Livestock Auction, jointly sponsored by Apple Valley Kiwanis Club, Bank of America and the County Fair.

Auto acrobatics last night will be followed tonight by top-flight professional vaudeville acts before the grandstands.

Almost certain to break a record 40,000 attendance before gates close Sunday night, the fair has a giant parade, junior rodeo and Elks Championship Rodeo set for tomorrow — "free day" for kids under 16.

Blazing action of the Western,

## Showgirls Barred From Mixing With Customers at Las Vegas

LAS VEGAS (AP)—The American Guild of Variety Artists has officially banned showgirls from "mixing" with hotel customers here.

The union, to which all chorines belong, issued a special bulletin Oct. 1 warning that "constant

## Trip to Drug Store Proves Embarrassing

PONTIAC, Mich. (AP)—William Bailey, 38, a former policeman, went to the drugstore to get some cough medicine.

When he left the store a man stuck a gun in his back, took \$1,100 from him and made him remove his clothes.

Bailey was left standing in his underwear.

## U.S. Confident It Can Bar Action Again

Soviet Bloc Bids For African Votes With Racial Blast

UNITED NATIONS, N.Y.

(AP)—The U.N. General Assembly plunged last night into a wrangle over the Red China membership issue. The United States, aware it had aroused resentment in the powerful Asian-African bloc, still was confident of barring action.

The Soviet bloc opened the debate with a new attack on the United States keyed to the theme of discrimination against Negroes in the United States, already raised in the assembly by Soviet Premier Khrushchev last Saturday.

The Communist bloc was making a determined bid to impress the new African nations whose votes could mean the difference on the China issue. Red-bloc delegates displayed an attitude of triumph over the turn of events at this session. Western delegations were worried by bitterness of Africans and Asians over U.S. maneuvering which defeated a neutralist expression of hope for a U.S.-Soviet summit meeting.

## NEW RED GESTURE

In a new gesture to the African nations, Soviet White Russia's delegate, K. T. Mazurov, accused the United States of "disgraceful" discrimination which he said deprives millions of Negroes of voting rights. This was in reply to the U.S. contention that Red China's suppression of human rights makes the Peiping regime unfit for membership.

The members of the Soviet bloc walked out of the assembly when T. F. Tsiang, the Nationalist Chinese delegate, took the rostrum. This is the usual Communist behavior toward the Nationalists.

Tsiang assailed Prime Minister Nehru for urging admission of Communist China in view of Red repression in Tibet.

"India's policy is not really neutralism, it is a policy of appeasement," he declared.

## SHOWDOWN POSTPONED

He asserted that Poland is "fighting against the new imperialism of Moscow" but its representatives in the United Nations are not free to speak about it.

But a showdown was postponed when the assembly adjourned until this morning, with a continuation of the Red China debate slated for the afternoon.

Some U. N. circles speculated that the United States' maneuvers against the neutralist summit resolution would cut down the U. S. majority on its proposal to shelve the China debate.

U. S. spokesmen conceded that the vote might be closer than before. But they said despite Asian and African disappointment, they expected a majority to hold firm behind the American stand that Red China does not meet the re-

(Continued on A-2, Column 4)

## Large Crowd Hails Nixon In Cleveland

CLEVELAND, Ohio (AP)—For the second time in a row, Vice President Richard M. Nixon, Republican nominee for president, drew a large crowd as he appeared in a predominantly Democratic city last night.

Nixon came to Cleveland to take issue with the program of medical care for the aged espoused by his Democratic opponent, Sen. John F. Kennedy. But the reception he received on the streets of Cleveland and in the jammed public hall, where he spoke, obscured and outweighed what he had to say.

Nixon's visit to Cleveland followed a campaign excursion in Philadelphia, where he attracted half a million partisans. In between, there was a quick trip to Nashville, Tenn., where he again attempted to woo Southern voters.

## 150,000 ON STREETS

Nixon arrived in Cleveland at the Lakeland Airport, near the downtown area on the shores of Lake Erie. Then he moved to a downtown hotel. As he neared E. 9th Street and Euclid Avenue, in the heart of the downtown district, his motorcade became stalled by a large crowd of workers leaving their offices at the end of the working day.

Police estimated the crowd on the downtown streets at 150,000. After nightfall, the street throngs dwindled, but Public Hall—a huge skylighted auditorium

## TODAY'S CHUCKLE

No self-made man ever did such a good job that some woman didn't want to make a few alterations.

# MOTHER'S DAY TV HEROINE ADMITS PERPETRATING HOAX

NEW YORK (UPI)—A woman "fake" picture of his home life who posed as a happily married as happy at the same time typical American housewife on the television show "This Is Your Life" Mother's Day television show admitted yesterday that she had perpetrated a hoax.

Mrs. Betty Hahn, 44, told a news conference that she actually was separated from her husband at the time of the program. She said she went through with the appearance on the National Broadcasting Co. network to try to boost her daughter's acting career.

NBC issued a statement saying that the network and Edwards had been the victim of a "carefully planned hoax."

**TOOK DUAL ROLE**  
The chief perpetrator of the hoax, Mrs. Betty Hahn, confessed her role in the deception to James A. Stabile, NBC's vice president of standards and practices, in an Oct. 5 interview lasting several hours, it said.

"In this interview, Mrs. Hahn admitted that she had maintained a dual personality in her dealings with the Ralph Edwards production organization, posing as a social worker under the assumed name of 'Elizabeth Short' she suggested to the Edwards organization that Pauline Hahn, an actress, would be a worthwhile subject for the program."

Mrs. Hahn held a news conference in her Manhattan apartment to clear both Edwards and NBC of any knowledge of the fact that she had parted from her husband.

**FRAUD SUIT FILED**  
The news conference was called as a result of a suit filed Tuesday by her husband, Abraham Hahn, a New Haven, Conn., rubber company foreman. He charged Edwards and NBC with fraud in a \$500,000 suit charging that the program, presented from Hollywood last May 4, painted a

# East Germans Riot Against Red Regime

BERLIN (AP)—Reports of serious rioting in the East German town of Dresden reached West Berlin yesterday.

Border crossings from East Berlin said a full emergency call went out to police to curb rioters in Dresden's streets over the weekend.

The independent West Berlin Morgenpost said there were angry demonstrations against the Communist regime and the recent proclamation of Communist boss Walter Ulbricht as chief of state.

The paper quoted witnesses as saying a huge crowd assembled in the old market place in the inner city. Flags were torn down and pictures of Ulbricht and other Communist leaders smeared with black paint, these witnesses said. Reserves of the People's Police had to be called out to deal with the situation, the paper added.

Western officials said the reports were quite likely to be true since Dresden is a troublesome place for the Communist regime. It is a known stronghold of old-line Social Democrats who are bitterly anti-Communist.

This is not the first time there have been disturbances in Dresden. Earlier this week the Dresden newspaper Die Union reported the trial of five young men on charges of rioting against the People's Police last July 2. They received terms of 4 to 25 months in prison. They were part of a group of 20 said to be involved in fighting the police.

# U.N. WRANGLES OVER RED CHINESE ISSUE

(Continued From A-1)

The United States moved to repair the damage done in the struggle over the neutralist resolution and was emphasizing to U. N. delegations the reasons behind President Eisenhower's opposition to their proposal.

The United States, the Americans were telling delegates, abides faithfully by U. N. directives and the Communists do not. President Eisenhower, having said he would not meet with Soviet Premier Khrushchev until certain preconditions were met, therefore was opposed to a resolution expressing hope that he would do so.

The United States would have accepted gladly a resolution which had expressed hope for new East-West negotiations without specifically naming the President and the Soviet premier. However, since the neutralists had insisted on naming the two leaders, the Americans are telling U. N. representatives, the United States had no choice but to maneuver actively against the resolution.

While the Americans expressed advance confidence on the China issue, U. S. spokesmen pointed out that each year it is becoming more difficult. One of these years, backers of the U. S. stand said, the United States likely will find it no longer can muster sufficient votes on the China question.

Obviously in a mood of jubilation over the newest developments, Communist delegates caucused with Soviet Foreign Minister Andrei Gromyko and Poland's Communist leader, Wladyslaw Gomułka, in advance of the day's assembly session.

# U.N. to Hear Mr. K Again

UNITED NATIONS, N.Y. (AP)

A highly placed source said last night Soviet Premier Nikita Khrushchev has asked to speak before the General Assembly tomorrow, apparently seeking to put his views on disarmament before the 98-nation body at once.

The Assembly is slated to act tomorrow on recommendations of the steering committee for placing items on its agenda for the current session.

The Russians have put in a resolution formally requesting that the Assembly take up disarmament directly. The Soviet Premier said when he arrived in New York more than three weeks ago that disarmament was the prime purpose of his mission to the U. N.

The Kremlin leader canceled his scheduled visits to two diplomatic receptions last night and, for the first time, stayed away from the Assembly.

His main attention was focused on a dinner with Prime Minister Nehru of India, at the latter's Carlyle Hotel headquarters.

After the dinner, reporters asked Nehru if he goes along with Khrushchev's suggestion of moving the U. N. from New York. "It would be difficult to change the site, and to shift all those things," Nehru said.

Khrushchev also had a farewell meeting with Indonesian President Sukarno, a few hours before the latter's scheduled departure for Rome.

Meanwhile, Western diplomats picked up reports that the Soviet leader might end his New York stay about the middle of next week.

# ALBANIANS LEAST POPULAR GROUP IN U.N. ASSEMBLY

By HENRY SHAPIRO

UNITED NATIONS, N.Y. (UPI)—The loneliest and unhappiest delegates to the 15th United Nations General Assembly are the Albanians.

They are members of the Soviet bloc, but they seem to be the least popular of Premier Khrushchev's fellow travelers.

They are isolated and ostracized alike by all three camps represented at the assembly—East, West and neutralist.

At diplomatic receptions, which Khrushchev and other Communist chiefs attend, they do not mingle with their ideological comrades. They usually arrive late and leave early.

**SHEHU EXCLUDED**

Never are they seen in intimate conversations with Khrushchev or with other heads of Communist delegations.

For example, Wednesday night, when Khrushchev arrived at the Romanian Embassy reception, he summoned the Communist chiefs to a side room for a little "Communist" meeting. Premier Mehmet Shehu went into the conference room with the others. But he emerged 10 minutes later, looking very gloomy, and left the building.

No wonder the Albanian delegation "erred" later when the assembly voted on the neutralist resolution for an Eisenhower-Khrushchev meeting and abstained when the other Communists voted affirmatively.

The roots of the coolness between the smallest of Soviet satellites and other Communist countries lie in the fact that Albania supports Communist China in its

ideological controversy with the Russians on the feasibility of peaceful coexistence.

Khrushchev's middle-of-the-road position on negotiations with the Western powers is supported by most other Communist parties.

A summit meeting of world Communist parties will be held in Moscow in November to iron out ideological differences with the Chinese and Albanian "dogmatists."

**CHINESE ENDORSED**

It is considered noteworthy that Moscow did not send a delegation to the current celebrations in Peiping on the anniversary of the Communist accession to power.

But the Albanians were there and came out publicly with an endorsement of the "purity" of Chinese interpretation of Marxist-Leninist doctrine.

It also is not accidental that the Albanian delegation here is not headed by party chief Enver Hoxha but by Premier Shehu. All other Communist countries are represented by their party leaders.

Communist sources said that the present Soviet coolness toward the Albanians is not likely to lead to a rupture. Albania is too isolated from the rest of the world and too dependent on Soviet political, military and economic support to continue its deviationist position on a crucial ideological issue on which Khrushchev feels so strongly.

**Says Economy Tops**

MIAMI (UPI)—Frederick W. Mueller, U.S. secretary of commerce, said that nation's economy "was never in a better position" and no recession is in sight.

# EX-CHAUFFEUR SPOUSE OF HEIRESS DESTITUTE

NEW YORK (AP)—The Romanian ex-chauffeur who ran away and married heiress Gamble Benedict last April, admitted in court papers released yesterday that he was broke and unable to support her.

Andre Porumbescu, 35, gave the testimony in Jersey City, N.J., Sept. 27, in connection with his wife's plea for a \$1,500 monthly allowance from the estate of her late mother, Mrs. Josephine Benedict Sharpe.

The young typewriter heiress is currently receiving \$150 a week from the estate.

A transcript of the testimony was filed with Surrogate S. Samuel di Falco, who will decide whether to increase the allowance.

Porumbescu blamed his plight on his wife's grandmother, Mrs. Katherine Geddes Benedict.

He said Mrs. Benedict, who had

# Tougher Talk

(Continued From A-1)

press preview there will be no flags, bunting or other materials, but the new setting should add a look of warmth.

The two candidates will sit in brown chairs. Each will be behind a kind of desk. From the viewer's standpoint, Kennedy will be on the left and Nixon on the right, as in the first debate.

The candidates will step to 42-inch high lecterns, also covered by grass cloth, to answer questions. In the Chicago debate they were seated on open chairs and talked from open lecterns.

Edward A. Rogers, TV adviser to Nixon, said it is expected the same type of lighting will be used on the vice president as was used in the Chicago debate, but that a final decision will be up to Nixon.

In Chicago, two floor lights shone on Nixon's face. Rogers also said that Stan Lawrence, a New York makeup man used previously by Nixon at various times, will use makeup to hide the vice president's beard.

NBC said an expert makeup artist, Boh O'Bradovich, has been made available to Nixon and Kennedy, if they wish to use his services.

In the wake of the first meeting, many viewers said Nixon appeared wan and tired. Republican National Headquarters said this was because of the lighting and makeup.

Both candidates have pointed for these debates, mindful they may bear heavily on the decisions of millions of voters in what is shaping up as a very close election. It has been estimated more than 70 million persons tuned in on the September opening, NBC said.

## Cleanliness Key For Noting Fire Prevention Week

Home cleanliness is a key to preventing destructive fires, according to fire safety officials who are urging all citizens to remove fire hazards from homes during Fire Prevention Week — Oct. 9 — 15.

The experts advise that special attention should be given to basements, attics and other storage places. These areas should be kept clean and free of debris which might serve as fuel for a damaging fire.

Whenever possible, the safety officials say, all materials held in storage in the home should be kept in metal containers. Items which are subject to moisture and insect damage as well as burning may be safely confined in covered galvanized steel garbage cans.

Fuel, such as gasoline, which is kept in the garage for outboard motors and power lawn mowers, should be stored in metal fuel cans.

Outside the home, special attention is advised for rubbish which tends to accumulate in the yard. All such material should be kept in covered steel cans until picked up by refuse collectors, or it may be burned in covered steel rubbish burners.

# CALIFORNIA CAN ACT IMMEDIATELY ON MATCHING NEW MEDICAL CARE FUNDS

By MARY E. HARVEY  
(News of the National League of Senior Citizens and the California Institute of Social Welfare, 1031 S. Grand Ave., Los Angeles 15.)

The 1960 Federal Medical Care Act providing more than \$200 million annually to the states to pay for health care for the elderly became the law of the land Oct. 1 after President Eisenhower signed the measure early in September.

However, in most states the program will not go into effect until the individual legislatures adopt enabling legislation, and approve appropriation of matching funds.

### DIFFERENT HERE

In California, however, the situation is different. Because of "permissible" legislation passed at the 1959 session of the legislature, with the support of the "Old Folks Lobby," California can take immediate advantage of the federal funds.

How the program will become effective at the outset in California will be determined by the State Social Welfare Board. Meanwhile, in other states, pensioners and politicians were keenly interested in events to come. The oldsters, of course, were eagerly anticipating a federal-state medical care program within their states.

In California, effects of the new program will first reach those now receiving public assistance. Additional millions became available Oct. 1 for the state to expand its existing free medical care program for public assistance recipients.

More liberal benefits for these citizens, in the form of expanded services, additional items for purchase, and other advantages are expected. However, extension of the program to low-income men and women of 65 or over who do not receive public assistance must wait action by the legislature in 1961.

George McLain, chairman of the California Institute of Social Welfare, said a bill will be prepared and introduced in the early days of the 1961 session, with the support of his Old Folks Lobby. Its benefits would affect an estimated half million elderly Californians whose incomes are small, but not meager enough to qualify for old age pensions.

### SOME DISAPPOINTED

The Medical Care Act approved by the "bob-tail" 1960 session of Congress was a disappointment to many who hoped for a full federal program within the Social Security Act, such as the Forand Bill. However, McLain, who attended hearings and meetings on

the act while it was being considered by Congress in August, was optimistic over its future possibilities.

"It represents a step in the right direction," the Senior Citizens' leader said. "Now, if the Elderly show their strength through organization, we can work together to shape the program to meet the needs of all the people."

Possibility that old age pensioners may receive a cash increase as a result of the newly passed medical care program loomed following a preliminary study of the complicated matching formula of federal and state funds.

### MAY FREE FUNDS

McLain disclosed that the new medical program may "free" state funds now used to provide medical care for needy oldsters. If so, he said California would be required by law to pass on this "freed" money to pensioners.

He explained that the liberal federal matching formula for the medical care program is the root of the possible "windfall" for pensioners. Strongly supported by Southern senators, the formula grants federal funds for medical care for the elderly on a sliding scale that reaches as high as 80 per cent for the government and 20 per cent for the states.

If California has been using state funds in excess of present matching requirements to maintain its existing medical care program, he continued, the new formula may "release" this money for other uses — pension increases, for example.

McLain said he needs to employ expert legal aid to determine the answer to the riddle, one that could mean an unexpected surprise for 250,000 California oldsters.

(Our next meeting will be Oct. 17 in the Labor Temple, 937 W. 3rd St. San Bernardino, at 1 p.m. Admission is free; bring your friends.)

In 1900, one in every 11 children was enrolled in a non-public school in the United States. Today the ratio is one in seven.

**PLAN UNITED FUND KICKOFF** — Principals for the Arrowhead United Fund Kickoff Dinner, Thursday, Oct. 13, at the National Orange Show, get together to discuss last minute plans. Speaker at the dinner will be Gen. Alfred M. Gruenther, president of the American National Red Cross. Active members of the AUF pictured are Melville D. Harris, center, chairman of the dinner and San Bernardino Chapter Red Cross chairman; Roger C. Anton, left, president of the Inter-service Club Council, which is sponsoring the dinner; Dr. Elsie F. Gibbs, AUF publicity chairman; and Dr. D. L. Van Voorhis, 1960-61 AUF campaign chairman. For dinner reservations, contact the AUF office by 5 p.m. Monday. (Sun-Telegram photo)

## Oldsters Live It Up at County Fair

(Continued From A-1)

for reading of "Men Never Can't Find Nothin'" by Ross Dana; Jack Ford singing a ballad, "Betsy Brown," by Pearl Pettis; James Jepson for Redlands' top turn-out of 54, by Esther Bentley (Fontana had 44); Mr. and Mrs. W. M. Lytle, married 55 years, by emcee Bill Thompson, the "Old Timer" of Fibber McGee and Molly radio fame.

"I don't know what they used to be, but they're terrific now," Thompson chortled.

Daisy Tobias of Victorville swapped her wheelchair for a piano bench to win a trophy for her medley of hymns.

Mr. and Mrs. Ray Soseman of Hesperia with 12 children—23 to 48 years old; Cora Whitton, 90, of Covina; and Alec Ober, 88, of Fontana topped largest family and "oldest" awards, presented by Ann Caddy of Redlands; Robert Belt, Needles recreation director and L. D. Collins, Victor Valley Senior Citizens president.

Rev. Forrest F. Hubbell of Victorville led group singing.

A teen-age bride, Joyce Osborne Hartman, Miss Oro Grande of 1960, with the third pie she had ever baked, became one of three finalists in Sunday's bake-off. Her mother, Sally Osborne, was an early casualty.

Connie Ford will be one of three cake finalists in Sunday's bake-off. Her mother, Mrs. W. D. Ford, is a pie finalist tomorrow. All cakes and pastries must contain apples.

Contestants in yesterday's milk maid contest besides Misses Horton and Fogg were Thelma Cambridge, Apple Valley; Margaret Jaenke, Muscovy; Jeanette Cox, Rialto; Jackie Morehouse, Hesperia; Laura Harms, Yucaipa; Andrei Kassal, Yucaipa; Pauline Jaenke, Muscovy; Billie Clemenger, Muscovy; Sheryl Bush, Muscovy; and Carolyn Mendes, Chino.

Awards were presented by Dawn Loewen, state dairy princess. Homer Williams of San Bernardino was emcee.

Today, Service Club Day honors County Supervisor Richard G. Manley of Upland. Other features include "Honey Hints" by Mrs. Mona Schaefer at 4:30 p.m.; concert by newly formed Hook Junior High School band at 4 p.m.; and boxing, judo, women's weight lifting, fencing and gymnastics at 6 p.m.

Professional entertainment at tonight includes Chiquita and Johnson, a European dance novelty act fresh from Las Vegas; The Petites, a group of four nationally-known vocal recording stars; comedian Dave Berry, who made such a sensational hit on the Perry Como TV show, and West and Maza, a musical novelty act.

Attendance so far this year has outstripped 1959 by far.

The two-day total listed Wednesday night showed 11,592 persons had streamed through the gates as compared with 6,234 last year. The record-smashing first night total was 6,178 as compared to 400 in 1959, when there was no planned program. First-day admission this year was free.

**GIFT FROM NIXON**—Linda Annette McGrain, 13, of Flint, Mich., cuddles 6-week-old male kitten she received yesterday from Vice President Nixon. Linda had written Nixon and asked for one of six kittens the Nixon family planned to give away. She named kitten Milhous, which is the vice president's middle name. (AP wirephoto)

## LARGE CROWD HAILS NIXON IN CLEVELAND

(Continued From A-1)

with a double stage—was packed as Nixon and his wife, Pat, arrived.

With standees, the hall holds 16,000.

Nixon swung into a speech he has used several times. He included this assessment of Kennedy's record in dealing with medical care in the Senate: "Up to bat three times, struck out three times."

"I say, what do you do with a fellow like that? You don't put him in the cleanup spot. You put him on the bench," Nixon said. Nixon emphasized his own voluntary state-operated program for medical care.

Earlier, Nixon made a quick dash to Nashville, Tenn., for another try at capturing some of the Southern states. The frequency of Nixon's Southern visits gives some indication of the hopes he and his supporters have for pulling off this trick in what once was the solid Democratic South.

Coming into Nashville there were indeed signs of enthusiasm—newsmen who also came here with Democratic candidate John F. Kennedy said the streets were considerably more crowded for Nixon. At the time of Kennedy's

visit, however, there were Democratic complaints that Kennedy's route into the city was not publicized locally and people did not know where to go to see him.

At Memorial Square in the heart of Nashville the crowds were packed from one end to the other for Nixon and his wife, Pat. Police Inspector William J. Donohue estimated the crowd at 15,000. Other police officials estimated at least another 50,000 crowded along the streets.

The Nashville crowd was not as demonstrative as those Nixon drew in New Jersey and the record through he attracted in Philadelphia Wednesday.

But they let loose a cheer when he said of Kennedy: "I say if he wants to be equated with the record of Harry Truman he can have it because the American people don't want that record."

Bringing up civil rights, Nixon repeated his charge that Kennedy ducks talking on this subject in the South. Nixon said he himself talks the same way North, East, South and West.

At Cleveland, Nixon gave this assessment of the medical care performance of Kennedy: "The program he talks of now was rejected earlier this year, 17 to 8, by the committee in the House of Representatives. This committee was controlled, 15 to 10, by his own party. The plan was defeated, 12 to 5, by the Senate committee."

"His plan then was defeated in the Senate, in a struggle in which his party had a 2-to-1 majority, but he couldn't deliver his own votes."

"Up to bat three times, struck out three times—there is his record on his program of medical care."

Kennedy's medical care plan differs from Nixon's and a more limited administration plan passed this year mainly in that it would be incorporated into the existing Social Security system.

Nixon said this would force medical care on unwilling citizens. The Republican position is that the states should do the job, with aid from the federal government.

## JACKSON SAYS NIXON TAKES BOTH SIDES ON CIVIL RIGHTS

WASHINGTON (AP) — Democratic National Chairman Henry M. Jackson said last night, "It is Mr. Nixon who is really walking both sides of the civil rights issue."

Vice President Richard M. Nixon, the Republican presidential candidate, repeated his charge yesterday that his Democratic opponent, Sen. John F. Kennedy, evades talking on the subject of civil rights in the South. Nixon said he himself talks the same way North, East, South and West. Jackson said in a statement that Kennedy made his civil rights views "perfectly plain to 75 million Americans in the first TV debate while Vice President Nixon completely avoided the subject."

"The Republican candidate must have a guilty conscience this week and this explains why he is now trying to muddy the issue," Jackson said.

"It is no secret," he said, "that the Republican platform hedges on civil rights questions while the Democratic party states its viewpoint courageously, aware that the program is not fully acceptable to some, but also confident that all Americans appreciate the truth from their candidates no matter their own political viewpoint or the political consequences."

## KENNEDY PINS CUBA'S FALL ON NIXON, GOP

(Continued From A-1)

was one its way," the Democratic candidate said.

"If this is the kind of experience Mr. Nixon claims entitles him to be president, then I would say that the American people cannot afford many more such experiences."

The senator declared that "The great tragedy today is that we are repeating many of the same mistakes throughout Latin America."

"The same grievances—the same poverty and discontent and distrust of America which Castro rode to power—are smoldering in almost every Latin nation."

**'GLARING FAILURE'**  
Kennedy in one of his most slashing attacks on the administration so far called the Cuban situation "the most glaring failure of American foreign policy today."

"—a disaster that threatens the security of the whole Western Hemisphere."

He devoted his entire speech to Cuba, an unusual campaign move for him. His aides had dropped the word in advance they considered it one of his major efforts to date.

Kennedy said there was a four-fold answer to the question "How did we permit the Communists to establish this foothold 90 miles away?"

1. "We refused to help Cuba meet its desperate need for economic progress."

2. "We used the influence of our government to advance the interests and increase the profits of the private American companies

which dominate the island's economy."

3. The United States gave "statute and support to one of the most bloody and repressive dictatorships in the long history of Latin-American repression"—the Batista regime.

4. "We did nothing to persuade the people of Cuba and Latin America that we wanted to be on the side of freedom."

**HE'S MOBBED AGAIN**

Kennedy was mobbed for the second consecutive night by screaming, ultra-zealous admirers at a downtown rally.

A crowd estimated by police at 50,000—a figure which newsmen considered low—jammed into adjacent Government and Fountain squares in downtown Cincinnati for a late afternoon rally. Kennedy spoke against a background of partisan cheers interspersed with some Republican boos on the fringes.

Just as in Louisville, Ky., Wednesday night, the throng swarming around the candidate's open convertible caused his motorcade to fall apart, and a police escort worked furiously to insulate the candidate from mauling by thousands of supporters that included a considerable portion of teenagers.

**6 Killed in Crash Of 2 Helicopters**  
AIX-LES-BAINS, FRANCE (UPI)—Six French army helicopter school students and instructors were killed yesterday when two American-built helicopters collided in flight and crashed in flames.

## Church Group Asks Kennedy For Apology

WASHINGTON (AP) — The American Council of Christian Churches called on Sen. John F. Kennedy yesterday to apologize for a Democratic National Committee memorandum which it said attacked two of its leaders as "anti-Catholic extremists."

The action was taken at a special open meeting by the council's executive committee, which previously had gone on record in opposition to the election of the Democratic presidential candidate, a Roman Catholic.

A resolution unanimously adopted by the committee said Kennedy had been invited to attend yesterday's meeting but had not acknowledged the message. It described as an affront to the council the lack of an acknowledgment.

**RETRACTION ASKED**

A spokesman for the council, a fundamentalist evangelical organization, said it represents about 6,000 individual churches of 15 Protestant denominations with 1½ million members.

On Sept. 21, leaders of the council called on Sen. Henry M. Jackson, D-Wash., chairman of the Democratic National Committee, to seek a retraction of statements in a memorandum which said was prepared by the committee's Office of Community Relations.

They said Jackson took the position that the national committee was not responsible for the truth or falsity of the statements, that they were taken from a publication of the Anti-Defamation League of B'nai B'rith.

**2 MEMBERS NAMED**

The council says the memorandum named two members of its executive committee, Dr. Carl McIntire and the Rev. Harvey H. Springer, as promoters of religious hatred, anti-Catholic extremists and hatemongers.

Dr. McIntire, president of the International Council of Christian Churches, is pastor of the Bible Presbyterian Church of Collingswood, N.J. Dr. Springer is pastor of the First Baptist Church of Englewood, Colo.

THE DAILY SUN—A-5

## L.A. CHAMBER ENDORSES STATE WATER BOND ISSUE

LOS ANGELES (UPI) — The Los Angeles Chamber of Commerce board of directors yesterday unanimously endorsed the proposed \$1,750,000,000 bond issue which comes before the voters in November.

The action was promptly hailed by state water leaders, including Thomas J. Mellon, state chairman of Californians for Water.

Mellon said the decision to endorse Proposition No. 1 "demonstrates leadership of the highest order. You have cut through the fog of indecision and gotten to the heart of the matter — that it is better to have water with a few unsolved problems than it is to have the problems and no water."

One of the current problems is a difference on three major points in a Feather River delivery contract stalemating negotiations between Gov. Edmund G. Brown and the Metropolitan Water District. A central issue is the date of the water contract — whether it should be upon enactment or 90 days after the Legislature ends its 1961 session, as the governor suggests.

Brown said he was pleased with the decision, "but my personal gratification is far less important than the substance of the reports the chamber has compiled."

**'EMINENTLY FAIR'**

"Every citizen in California should read them as they demonstrate exhaustive research of available authorities and studies. They are eminently fair in assessing the water bond issue and the difficulties inherent in it."

J. Edward Day, treasurer, and Preston Hotchkis, chairman of the finance committee, Californians for Water, also expressed gratification for endorsement.

Day and Hotchkis said "all Southern Californians can take strength from this recommendation by the Los Angeles Chamber of Commerce."

For the same period the Democratic Committee showed \$1,272,200.69 coming in and \$1,335,181.67 going out, or a deficit of almost \$63,000.

## GOP Spends More But Demos in Red

WASHINGTON (AP) — The Republican National Committee had received and spent more money than the Democratic National Committee as of Aug. 31, reports filed with the clerk of the House showed yesterday.

For the first eight months of this year the Republican group showed \$1,527,335.63 in contributions and \$1,455,367.77 in expenditures.

For the same period the Democratic Committee showed \$1,272,200.69 coming in and \$1,335,181.67 going out, or a deficit of almost \$63,000.

## Nixon Victory Held 'Difficult' Without Carrying Illinois

SPRINGFIELD, Ill. (AP)—The Republican National Chairman said yesterday it would be "mighty difficult" for Vice President Richard M. Nixon to win the presidential election without carrying Illinois.

Nixon and his Democratic opponent, Sen. John F. Kennedy, are in a "horse race," said the GOP chairman, Sen. Thurston B. Morton. "We're going to have to hear down, both nationally and in Illinois."

Nixon is running better in Illinois than in most of the top six states, said Morton, but the percentage margin was no greater than 52-48 as of 10 days ago. The other states are New York, Ohio, Pennsylvania, California and Michigan—all with large electoral votes.

ONE MILE SOUTH OF COLTON ON ROAD TO RIVERSIDE

## DANGER FLAGS FLYING FOR DEMOS IN DIXIE

By AL KUETTNER

ATLANTA (UPI) — Gov. Ernest Vandiver of Georgia attended church services in Hot Springs, Ark., during the recent Southern Governors Conference and heard a sermon delivered on anti-Catholicism.

Farris Bryant, Democratic nominee for governor of Florida, attended a news conference and told reporters he could not "intelligently, morally or physically" campaign actively for the national Democratic ticket.

Gov. Ross Barnett of Mississippi attended a White Citizens Council rally and told a segregationist audience the South should get behind independent electors in the Nov. 8 presidential election in a show of repudiating the liberal platforms of both parties.

### THIRD PARTIES LIMITED

All this means that danger flags are flying for the regular Democratic party in Dixie in the final weeks of the presidential campaign.

Although organized third party sympathies are very limited in this year's campaign, family fighting within Democratic ranks in the South has caused a surge of hopes in the Republican organization.

West Virginia Gov. Cecil Underwood, a Republican, says the GOP has a chance to take most of the states in Dixie and will do "at least as well" as four years ago.

In 1956 President Eisenhower captured 165 electoral votes in the 16-state area of southern and border states covered by the Southern Governors Conference. They were Delaware, Florida, Kentucky, Louisiana, Maryland,

Oklahoma, Tennessee, Texas, Virginia and West Virginia.

The Democratic ticket, headed by Adlai Stevenson, won 61 electoral votes in Alabama, Arkansas, Georgia, Mississippi, North Carolina and South Carolina.

### OUTCOME SEEN UNCERTAIN

The most seasoned politicians are unwilling to bet their all on which way the South will go, but here are some of the issues that are concerning the voters:

Religious — Dixie is still predominantly Protestant, and Sen. John Kennedy's Roman Catholic faith will have some bearing on voter preference. But there is about as much of a campaign on to neutralize this issue as there is to promote it.

Racial — Only the similarity of both party platforms on civil rights is preventing a more pronounced upheaval in conservative southern ranks.

International — Southerners are openly concerned as perhaps never before in the nation's foreign affairs. Almost to a man, southern governors have named America's dealings with Russia and world communism during the next four years the most important issue of the 1960 presidential race. They put it far ahead of the civil rights dispute.

### Third in Chemicals

Germany's chemical industry, which suffered a severe setback during World War II and its aftermath, has been revitalized. The country is again third in world production of chemicals, a position it formerly held.

## Slum Areas Near Capitol Scene Of Largest Urban Renewal Job

By DICK WEST

WASHINGTON (UPI)—This being fine autumn weather, and both of us being in need of a little exercise, I invite you to join me for a walk in the sun.

Our stroll will take us into a residential neighborhood conveniently located near the U.S. Capitol. For years, it has served as a model slum.

The location was not necessarily convenient for the slum dwellers but it was convenient for advocates of slum clearance legislation. At congressional hearings, they could illustrate their testimony merely by pointing out the window.

### 'SHADOW' OF CAPITOL

A witness who had remembered to renew his poetic license could refer to the slum as being "in the shadow of the Capitol." Actually, the shadow of the Capitol doesn't extend beyond the Capitol grounds.

But all of this is changing now, as we shall discover during our walk. The slum area east of the Capitol is rapidly filling up with well-heeled ex-suburbanites, for whom the joy of commuting has paled.

### INVEST SMALL FORTUNES

By investing small fortunes, in the renovation of rundown dwellings, they become the proud owners of "town houses," complete with drafty hallways, bosky basements, and staircases that would intimidate a mountain goat.

Meanwhile, the slum area southwest of the Capitol is the scene of the nation's largest urban renewal project, which is costing large fortunes, including a sizable chunk provided by us taxpayers.

It is to this area that we direct our footsteps.

Leaving the \$100 million new House Office Building sinking slowly into the national debt, we first make our way along a row of empty brick houses which are soon to be torn down.

Juvenile street gangs already have started the demolition work by shattering all the window panes. In a further effort to be helpful, they have shattered the street lights as well.

### FINDS STREET CREEPY

Even in the daylight, this ghost street is creepy and we are relieved to emerge upon an open plain which looks a little like those pictures taken in bombed-out sections of Berlin after the last war.

Some 5,000 buildings in a 556-acre tract have been razed, and block after block either is heaped with rubble or stripped of all signs of habitation. In the midst of this desolation we find a new apartment building advertised as "the ultimate in gracious contemporary living."

Its tenants, who are the pioneers of redevelopment, already have been waiting 18 months for the city to grow back around them. We leave them to their lonesome vigil and tramp on to the waterfront.

Once the most picturesque part

of Washington, which brought in lobster and clams and other ocean fruit, the wharf is now a depressing tangle of incomplete bridges and freeways. We end our journey there because we haven't the heart to continue.

Some day, we are told, this will

be the showplace of the capital, but the way it looks now, a return of the slums would be an improvement.

## U.S. LEADS IN BASIC SPACE FEATS RUSS IN SPECTACULAR ACHIEVEMENTS

By ALTON BLAKESLEE

(Associated Press Science Writer)  
NEW YORK (AP)—Dawn of Year 4 of the space age finds:

The United States leading in bread-and-butter space science. The Soviet Union ahead in spectacular feats.

U.S. satellites have pioneered the way to use space for better weather forecasts, global communications, precise ship navigation.

### MORE BASIC KNOWLEDGE

They have gleaned vast basic knowledge—more than the Soviets have disclosed from their probes at least—about radiations, meteoritic space dust, and other conditions in space.

The Soviet Union has hit the moon, photographed the back side of the moon, and bids to be first with a man into space.

The U.S.S.R. stunned the world three years ago Tuesday with Sputnik I. Her earlier development of powerful rockets gave her, and still gives her, the means of proud achievements.

A month later came Sputnik II, carrying the dog Laika, the first real public notice of serious and painstaking Soviet desire to send man beyond the shackles of gravity into space, to the moon or planets.

To date, the Soviet Union has

put six satellites orbiting around the earth, one into the moon, another into orbit around the sun.

She has recovered one satellite with a menagerie of animals to test safe human travel.

But 25 U.S. satellites have gone swinging around the earth—counting the new Courier IB—and two others have become tiny planets of the sun. Two capsules have been recovered from space.

Speculations are that the Soviet Union is just around the corner from sending the first man into space. The United States still appears a year or more from this goal.

# Pastor Arrested on Liquor Sale Charge

ST. LOUIS, Mo. (UPI) — Police revealed they have arrested the Rev. David S. Gray, assistant pastor of an Episcopal church, on charges of selling liquor without a license.

Police said the minister charged 35 cents for beer at a meeting of the St. Louis chapter of Americans for Democratic Action in his home.

# Vast Road Network

When America's long-range highway program is completed the nation will have more than 40,000 miles of new, faster and safer highways that will connect 48 of the states, 42 of the 50 state capitals, and all but 25 of the 234 cities over 50,000 population.

The ticking of a clock in a vacuum jar is inaudible, showing that sound must have a medium in which to travel.

## INTERPRETING THE NEWS

## British Labor Leftists Insure Party Won't Come to Power

By J. M. ROBERTS  
(Associated Press News Analyst)  
Americans need not go into a state of shock over the demand of a slight majority of the British Labor party for unilateral nuclear disarmament, withdrawal from NATO, and renunciation of ties with the United States.

The idea is shocking enough. Its effect, however, is to insure rather than threaten Britain's current policy, since it insures that the Labor party will not come to power. The schizophrenic ideas of the party has now made itself too dangerous for that.

## MANY INTERESTS

Hugh Gaitskell, party leader who is responsible to Labor members of Parliament rather than to the party conference where the vote was taken, appeared to have won his fight for sanity after the Paris summit conference blew up. But the left-wingers came surging back. Party policy remains unchanged as long as Gaitskell retains support of the Parliament members.

There are many interests involved. One is the belief by some that a neutral Britain could escape annihilation if a nuclear war develops.

Another is the belief by some that Britain could make itself the leader of the neutral forces which they see attempting to organize their strength in the United Nations, giving them a sufficient voice to be a deterrent against any military adventures by the

United States or the Soviet Union.  
Another is simply a long-standing effort of the left-wingers to find an issue on which they could carry their fight for control of the party.

## COMFORT TO MR. K.

For this purpose, the left-wing unions joined together. They probably represent just about all the strength there is in Britain for ideas of this type.

For as long as they hold this position, they make it practically impossible for Gaitskell and his more conservative supporters to carry an election against the Conservative party.

The action of the left-wingers, however ineffective it may be, is nevertheless a comfort to Soviet Premier Khrushchev. It is one of the things he has been attempting to promote through the international Communist effort to heal its century-old rift with the world's Socialists.

## San Rafael Lawyer Appointed Judge

SACRAMENTO (AP)—Attorney Joseph G. Wilson of San Rafael has been named by Gov. Brown to succeed Richard M. Sims Jr., as judge of the Marin County Municipal Court.

The governor recently promoted Sims to the Superior Court. Wilson, 42, is a Democrat and former San Rafael city councilman.

## Gaitskell Wins Labor Battle

SCARBOROUGH, England (AP)—Britain's Labor party devalued its traditional Socialist dogma yesterday and decided instead to give priority to a "New Deal" welfare program.

Against all the odds, Laborite leader Hugh Gaitskell talked the party's annual conference into taking what amounts to a revolutionary stride to the right. For the first time the party definitely stated that its aims are broader than state ownership of industry—the old cornerstone of Socialist belief.

The 1,261 conference delegates approved a policy statement which now directs the party's heaviest fire at class privilege.

Keeping firm grip on the party reins, Gaitskell achieved this fundamental change in the party's aims after suffering a bitter defeat Wednesday. Then left-wing elements won conference approval for a neutralist program which would require Britain to renounce her own nuclear weapons and pull out of the North Atlantic Treaty Organization.

## WHITE SOUTH AFRICANS VOTE TO FORM REPUBLIC

JOHANNESBURG, South Africa (AP)—South Africa has voted to become a republic with a president instead of the British monarch as chief of state.

The republic will be proclaimed next year to replace the Union of South Africa, a setup that came in 1910 in the peaceful aftermath of the Boer War to reunite the four provinces and Britain. A previous Republic of South Africa, recognized by the British in 1853, had dissolved in long conflicts.

The decision in Wednesday's referendum—to return to the republic and end the constitutional monarchy relationship of mutual sovereignty—may cost South Africa its membership in the British Commonwealth, with all its trade advantages.

Members opposed to South Africa's white supremacy policy may blackball South Africa when it seeks admission as a republic to the British community.

Bearing out predictions of an electronic brain, votes favoring the republic Thursday night rose to more than half the 1,800,748

total registration in South Africa. The South African Press Association said final figures from all 156 voting districts gave the republic a majority of 73,980. It gave this breakdown: for the Republic 849,958, against 775,978.

In the main, the referendum was a battle between the Afrikaans-speaking South Africans of mainly Dutch descent who favor a republic and English-speaking South Africans who want to retain the constitutional monarchy. The big majority in South Africa—the 10 million Negroes and those of mixed blood—were not allowed to vote.

## Algerian Rebel Chief Visiting in Moscow

MOSCOW (AP)—Ferhat Abbas, head of the Algerian rebel movement, arrived here yesterday from a visit to Red China, Tass reported.

The news agency said he would remain several days, conferring with Soviet leaders and visiting Leningrad.

## House to Probe Crash Killing 61

WASHINGTON (UPI)—House investigators yesterday ordered full-scale investigation into the Eastern Airline crash which carried 61 persons to their death in Boston Harbor last Tuesday evening.

The inquiry will get under way next week. Chairman John Bell Williams of the House transportation and aeronautics subcommittee will go to Boston for consultations with officials of the Civil Aeronautics Board (CAB) and the Federal Aviation Agency (FAA).

A subcommittee staff member said the Boston meeting, to be held Monday and Tuesday, would be followed by public hearings, now scheduled for Nov. 15 and 16.

The plane, a Lockheed Electra, plunged into the water on take-off. FAA Administrator Elwood R. Quesada said Wednesday evidence to date indicates that a flight of starlings flew into the plane's turbo-jet engines, causing them to stop functioning.

The Boston crash was the fifth major accident involving the

## Khrushchev Given Cocoa, Crumpets by Mrs. FDR

NEW YORK (UPI)—Mrs. Eleanor Roosevelt served cocoa and crumpets to Soviet Premier Khrushchev yesterday at a private party.

Khrushchev paid a one hour social call on the former First Lady at her Eastside home to share her usual tea-hour fare of cocoa and assorted goodies.

The Russian leader accompanied by Soviet Foreign Minister Andrei Gromyko and Soviet Ambassador Mikhail Menshikov, arrived at the white stone house on East 74th St. shortly after 4 p.m.

Hatless and wearing a gray suit, Khrushchev entered the house without his usual greeting to newsmen waiting on the doorstep. A few tenants of a 16-floor apartment house opposite watched from windows, but there were no boos or cheers.

It was one of the Soviet premier's quietest public appearances.

Mrs. Roosevelt received her guests in the third floor living

Electra since it came into regular service. All told, 223 people have been killed in the accidents.

## Sale of Secret Data Brings Term in Jail

KARLSRUHE, Germany (AP)—The Federal Supreme Court has sentenced a former West German army trooper to four years in prison on charges of selling NATO military secrets to Communist East Germany.

Peter Kuim, 23, told the court Red Germany's intelligence service paid him 4,000 marks (\$852) for copies of classified messages sent by West German and British military authorities to the Bonn defense ministry's code center. He was arrested last January.

## Welch, Famed Lawyer, Dies

HYANNIS, Mass. (AP)—Joseph N. Welch, the Boston lawyer whose dry wit and keen legal mind gained him nationwide prominence in the televised Army-McCarthy hearings six years ago, died yesterday. He would have been 70 Oct. 22.

Living in retirement in his secluded Cape Cod home, he was hospitalized early last month for a heart condition. His wife was at his bedside when death came unexpectedly in Cape Cod Hospital.

Until the Army-McCarthy hearings put his face and ever-present bow tie on the nation's TV screens he was little known outside legal circles—but was considered a lawyer's lawyer.

He frequently was called by other law firms and attorneys for consultation.

After he gained fame as counsel for the Army in its wrangle with the late Sen. Joseph R. McCarthy, he was in demand—in the movies and on television.

In 1958 he moved from the courtroom to the movie lot, and portrayed a judge in a film called "Anatomy of a Murder." His act-

JOSEPH N. WELCH  
... A lawyer's lawyer

ing earned him a nomination for an Academy Award. Recently he had been the host for a televised mystery series. He also did several "Omnibus" programs, explaining the law and its workings in laymen's terms. In addition, delivered lectures on the United States Constitution.

## Sen. Goldwater Is Threatened

SANTA BARBARA (AP)—A threat was made on the life of Sen. Barry Goldwater, R-Ariz., a party official told police yesterday. Goldwater is due tomorrow for a speaking engagement.

Donald L. McLaughlin, chairman of the Santa Barbara County Republican Central Committee, reported to authorities that he received a call from an unidentified man who warned:

"Listen and listen very carefully. When Barry Goldwater comes to town he will never leave alive."

Goldwater is scheduled to speak to a GOP rally at San Marcos High School Auditorium tomorrow. Extra protection was promised by the sheriff's office, FBI and police.

### Not So Lucky

HONOLULU (UPI)—Twenty dice players thought they had a perfect spot for a game when they picked a vacant building which was undergoing remodeling. They were arrested for gambling shortly after the game began in the future headquarters of the police department.

## BROWN HITS NIXON'S LEGISLATIVE RECORD

WHEATON, Md. (AP)—California's Democratic governor declared last night that in the areas of social and economic legislation, "there is no new Nixon and there is no old Nixon."

Gov. Edmund G. Brown, campaigning in the East for the Democratic presidential ticket, said of his fellow Californian, Vice President Nixon:

"There is only the same striving, opportunistic young man who was backed for Congress in 1946 by a group of wealthy Californians policy who thought he was the man to

look after their interests—and have been patting him and themselves on the back ever since."

Brown, in a speech prepared for a meeting of Democratic clubs, said "You can search in vain through the Nixon voting record for any evidence of the humanitarian instincts he professes every four years."

The California governor accused the Republican presidential candidate of deluding the country in statements on American foreign policy. "We have heard about vicuna

### Late With Letter

MANSFIELD, England (UPI)—Mrs. B. L. Baggaley received a letter advising her it was time to immunize her baby. The postmark was dated Nov. 4, 1949. The baby now is 11 years old.

coats and Caribbean yacht trips," he said, "but I tell you that this is the real moral corrosion. It is a cynical distortion of the truth about our position in the world."

## Fund Raisers, Donors Alike In All Offices

By HAL BOYLE

NEW YORK (AP)—One of the great ways to kill company time in the modern business office is to take up a collection for somebody.

In the old days you took up a collection for someone only when he died or retired.

Today any excuse will do. You take up a collection for a fellow if his sister-in-law develops a head cold or his son gets bad marks in high school algebra.

"Did you hear about poor old Charlie's trouble?" someone asks. And before you can find out what's ailing Charlie, three eager beavers are already going around the office to raise a fund for him.

### FAMILIAR TYPES

If you have ever taken up a collection yourself, the following types will surely be familiar:

1. The selfish realist—"I could drop dead in my swivel chair and nobody would even bother to mail me a petunia," he grumbles. "When are you going to take up a collection for me? That's what I'm interested in."

2. The fatalist—"Don't bother telling me what the collection is for," he says. "Just tell me how much you want from me."

3. The artful postponer—He has a reputation for being generous, but the truth is he hasn't actually contributed a nickel to an office collection in the last 15 years. His stock line: "Gee, I sure want to be in on this one, but I don't have any change with me. Be sure and look me up tomorrow. Now don't forget!"

### HELPFUL SOUL

4. The helpful soul—He makes no move toward his wallet, but has a lot of sound and sage advice on how you could do a better job of taking up the collection. "You'll get more if you wait until after lunch before hitting everybody up," he says. "People give more on a full stomach."

5. The topper—"You think old Charlie's got troubles?" he demands. "Let me tell you what real troubles are." If you spend 45 minutes listening to all the woes of his life, he will then grudgingly contribute a dime to your collection.

6. The tycoon—"I'll be glad to contribute \$5—that is, if you honor credit cards," he says. "I haven't touched cash in years."

7. The big-talking tightwad—"I'd like to oblige you but I can't," he says. "I am against group philanthropy. With me it's strictly a matter of principle."

### DOUBLE DEALER

8. The double dealer—"Lend me two bucks and I'll be glad to contribute one," he offers. You give him the two bucks and you never see either of them again. This guy actually makes a profit on every office collection—with your money.

9. The boss—It is awfully easy to identify him. If you're collecting quarter contributions, he's the guy who always hands you a \$20 bill.

10. The rival—If you hand him a sheet of paper explaining why you are taking up a collection for good old Charlie, he whips a sheet of paper out of his pocket explaining why he is taking up a collection for good old Joe, who has even worse troubles.

### 'Higher' Education

Four years at private United States colleges now cost an average of \$8,300, compared with \$6,300 in 1950 and \$3,700 in 1940. Current cost of four years in the average state-run college is \$6,200.

# Rousing Fight Looms Over National Power Dam Bill

**By JOHN KAMPS**  
WASHINGTON (AP)—A bill due to be revived in the next Congress is expected to provoke a rousing fight between and among upstream and downstream states and private and public power groups.

The bill, which died late in the recent session, would coordinate power dam operations throughout the nation.

It aroused such strong opposition, including charges of giveaways and complaints about subsidies, that sponsors permitted it to die in the House Rules Committee.

The legislation would provide for regulation of reservoirs to permit maximum power generation. Private and power dam owners would get payments for release of water under certain circumstances.

**ALLOWED TO DIE**  
One bill had been approved by the House Interstate and Foreign Commerce Committee, and could have been called up for action in the House in the closing weeks.

Rather than risk defeat in the face of violent and growing opposition, sponsors decided to let the bill die and reintroduce a similar measure early in the next session.

Rep. Lee Metcalf, D-Mont., plans to offer "some kind of legislation on the subject" in the Senate if he wins the November election contest for the office held by Sen. James E. Murray, D-Mont. Murray, retiring at the end of this year, was the chief sponsor of a Senate bill.

The Senate bill was not pushed pending House committee consideration of companion measures sponsored by Metcalf, Rep. Robert W. Hemphill, D-S.C., and others.

Presumably some other sponsors share Metcalf's feeling that passage of such legislation may depend upon compromise in order to lessen opposition.

**FORMIDABLE SUPPORT**  
The bills have formidable support, including the endorsement of federal agencies and departments. Advocates claim the entire nation would benefit from increased electric power production made possible by coordination of plants and reservoirs.

Along the Columbia River, for example, they claim coordinated operation would create up to a million extra kilowatts of firm power generating capacity without construction of a dam.

Some congressmen from downstream states are opposed to the proposal because downstream plants would be required to pay upstream plants for water releases at times.

Rep. John E. Moss, D-Calif., who wrote a House Commerce Committee minority report on the Metcalf bill, said it would authorize another giveaway to private utilities "which already are heavily subsidized."

Some public power groups, including rural electric cooperatives and public utility districts, are at odds over the proposal.

### "CAMPAIGN QUIZ"

Q—Who were the "Locofocos"?

A—Radical wing of the Democratic party in New York state (1835). For a period of time, term was applied by the Whigs to any Democrat. Name was taken from the "locofoco," a cigar with a built-in igniter at its tip. When regular, or Tammany Democrats, put out the lights at a New York City meeting in 1835, meeting proceeded by light of candles and the locofocos of the dissident members.

HELPING EARL BUE PROVE CITY GIRLS CAN MILK GOATS ARE BETTY MAUPIN AND 'RISE,' DEE HEYWOOD AND 'PATRICIA,' AND MARIE SAULSBURY AND 'PRUDY.'

(Sun-Telegram photos by Curt Armstrong)

City Girls 'Gang Up' To Get Jim's 'Goat'

It was a complete victory! Bue's city girl goat milkers are the tops.

They pulled to a strong three-pail win yesterday at the San Bernardino County Fair in a contest which I set up just to show Jim Harris that city girls can do the farm chores as well, if actually not better, than their country sisters.

Now, as you well know I am not one given to the braggadocio. Nor do I use the language loosely; but, for the sake of accuracy, I must tell you we made a chump out of Jim.

As we entered the fair grounds to the cheering, if somewhat skeptical, throngs a smirk swept across Jim's face. There my milkers were—dressed in their city best, spike-heeled shoes, smart hats and attractively-tailored frocks. You could have mistaken them for fashion models. Certainly, you would not have believed, even if you had been told, they were milk maids.

What floored Jim Harris was that my milkers wore gloves just as the correctly-attired city girls do at social functions. He might have collapsed in disbelief had I not sternly commanded that the girls remove their gloves before approaching the milking stanchion.

I should confess this early that I had slipped Jim a fast one, a fact that he didn't discover until he reached the milking arena. I had arranged with his charming wife, Virginia, to make this an all-city girl affair.

She obtained the goats for milking from Phoebe Fogg, 13-year-old daughter of Judge and Mrs. Edward P. Fogg, 1200 E. 40th St., San Bernardino. And Phoebe, a most cooperative girl, had stuffed her goats with oats, or whatever she feeds them, until their bags were full almost to the point of bursting.

Dee Heywood, a good gal reporter, was my leadoff contestant. She milked Patricia, of Nubian breed and the eighth ranking goat in the U.S. in milk production last year with a whopping 3,001.50 lbs. Dee, with just a half minute's instruction to prepare the goats for what I feared might be an unusual technique by my milkers, pulled a quart — er, almost a quart, anyway — from Patricia with no trouble at all.

Dee donned her gloves again and stepped away from the milking stanchion to deafening applause, at least deafening to me.

Then up stepped Marie Saulsbury, editor of the daily Date Book section of The Sun-Telegram. Marie placed her pail under Prudy in precisely the right spot. Prudy is the yearling daughter of Patricia and is on test this year for milk production. She responded to Marie's efforts, skilled or otherwise, like the good animal Prudy is.

## Castle Defends Self on 'Petty Politics' Charge

**The Sun**  
CITY SECTION  
(Section B) Friday, Oct. 7, 1960 (City Page)

### CLAIMS PROTESTS TO FAIR, MILITARY MEN JUSTIFIED

As a rising tide of protest against the "petty, partisan politics" of Robert M. Castle, Republican candidate for Congress swept through the Democratic ranks and some Republican quarters, the candidate issued a public statement defending his telegrams to military leaders and civic workers.

Castle had protested that Norton Air Force Base military leaders attended a civic luncheon in their honor given by the San Bernardino Chamber of Commerce because Rep. Harry R. Sheppard had also been invited as a guest. Castle likewise telegraphed to generals and admirals at George Air Force Base, Victorville and

San Diego Naval Station protesting military participation in the San Bernardino County Fair in Victorville because the fair directors had dedicated the exposition to Sheppard.

The fair directors have denied any political inference and pointed out that during 11 years, eight Republicans have been similarly honored, including several Republican office holders.

A newspaper request that Castle produce copies of all telegrams that he sent to generals, admirals,

(Continued on B-7, Column 1)

## Norton Workers To Get Pay Hike

Starting two weeks from Sunday, 6,050 civilian workers at Norton Air Force Base will have \$17,000 more in their pay envelopes each week.

Pay increases for factory and shop workers, including Mira Loma's Western Contract Management Region under NAFB command, were announced yesterday by the wage administrator in Civilian Personnel at NAFB.

Higher salaries take effect Oct. 13. A Norton spokesman said civilian employees are generally paid every two weeks.

Raises were ordered by the Air Force Wage Board, Washington, D.C., on the basis of a wage change survey made here by the Bureau of Labor Statistics in August.

Wage increases will be distributed as follows: 6.9 cents per hour more for 3,000 regular wage board personnel; 7.5 cents for 475 working leaders such as crew chiefs, etc.; and 10.3 cents for 430 foremen and supervisory people.

The same personnel also received pay increases last January. Approximately 4,000 clerks, secretaries and other white collar workers got 7 1/2-cent increases in July.

Norton's current payroll, military and civilian, is \$6.6 million per month. The annual payroll is \$80 million a year, of which \$76 million is paid to civilians.

These figures do not include the latest raises. The annual payroll has been increasing each year. In 1959, it was \$67 million, and in 1958, \$60 million.

## Confusion Exists on Work of One-Way Street Advisory Group

The citizen's advisory committee on one-way streets met with the City Council yesterday in an organizational meeting and decided only to meet with the council again at a yet unnamed date.

There was apparent confusion as to the operations and purpose of the 10-member advisory committee. Councilmen and committee members were agreed that the group was to study and come up with a recommendation to the council on the overall traffic problems of the city. The scope of the study and how it is to be carried out was not made definite.

Zetah A. Nolan, the only woman member of the committee, suggested the citizens meet apart

from the council before the next joint meeting. The suggestion failed to gain support after Dr. Wayne Scott, another committee member, said he thought that too many members were too emotional and did not have enough information to begin discussing the matter among themselves.

City Engineer Ronald E. Wolford gave the group a one-way traffic report for 2nd and 3rd Streets. It showed an increase of vehicles on the two streets each day up 9 per cent over September, 1957. Presently 27,100 cars pass on the two streets each day, it said.

The report says that the capa-

## Justice Curtis Rites Today To Be Private

Private funeral services for Justice Jesse William Curtis, 95, will be held at 2 p.m. today at Stephens & Bobbitt Chapel. Interment will be in Mt. View Cemetery.

The retired jurist died Wednesday night after a lengthy illness. His career led him from the courts of San Bernardino County to a seat on California's highest tribunal, the State Supreme Court.

The family has asked that flowers not be sent, but memorial contributions to the YMCA may be made.

## School Action Looms If Bus Strike Isn't Settled

The San Bernardino City School Board last night threatened action if the Highland-Patton Bus Lines strike is not settled promptly.

Superintendent F. Eugene Mueller told a meeting of the Board of Education "We may have to move in with our own equipment if they don't settle this thing."

The youngsters, along with regular passengers, had no advance warning. Neither, noted Mueller, did the school system.

Mueller told the board that he was in touch with local union of-

Monday a long dormant labor dispute between the bus line and Towle, owner of the bus line.

Explained Mueller, "We don't wish to appear in the role of strike breakers, but our responsibility is to those youngsters."

The superintendent also made it clear that, if the schools rolled buses in the area, only school children would be picked up.

The board voted to increase payments to the concern. The ac-

# Base Line Group Sets Caravan to Parker Ford Not Reinstated by Mayor Reports

## DECLINES TO STATE THE REASONS FOR DISMISSAL

NEEDLES — Mayor Henry L. Smith stated Tuesday evening at the regular meeting of the Needles City Council that Robert E. Ford had not been reinstated as chief of police by City Manager William T. S. Jacobson.

Ford was asked to turn in his badge on Sept. 30, but his pay is to continue until Oct. 15. Mayor Smith said that there had been many inquiries about the reasons for Ford's dismissal, but that those reasons are between Ford, the city manager and the City Council. Ford may ask for a public hearing if he so desires, the mayor added.

The council chambers were packed and people were seated in the auditorium opening off the city council room. Also in the audience was the Needles High School social studies class of the Vernon Husk.

Mayor Smith welcomed the class and explained that Needles operates under a charter which required a 7-man council and a city manager. He explained the duties of the city manager, who follows the policies of the City Council, hires and fires all other employees and oversees the running of the city in general. The council, the mayor explained, hires and fires the city manager and appoints the city treasurer, city attorney and city clerk.

All seven members of the City Council were present for the meeting.

In this report to the council, City Attorney Harold Payne stated that the maps ordered from the title company were expected to be sent to Needles this week and would be immediately forwarded to the Bureau of Land Management where an appeal is being considered regarding the sale of the site of the old housing tract.

The bonding company for Scott & Scott has notified the City of Needles to withhold payment of \$2,000 until local claims can be settled. A letter from the New Hall Refining Co. inclosed a statement for \$23,700, which brings the total of claims against the company to approximately \$32,000.

**RESIGNS POST**

A letter from Samuel G. Johnson Jr. stated that pressure of business made it necessary for him to resign from the City Planning Commission. One name was submitted for an appointee to fill the vacancy but upon the motion of Dr. K. W. Sneed, nominations will remain open until the next meeting when the appointment will be made.

Letters from Rep. Harry R. Sheppard and Sen. Clair Engle acknowledged receipt of letters from Mayor Henry L. Smith, Joe McIntyre, western vice president of the National U. S. Highway 66 Association, and William Claypool III asking an early and favorable ruling on the routing of Interstate Highway 40.

The Planning Commission sent a written recommendation to the City Council that U Street be left as it is, citing the possible need of the street as access to undeveloped acreage. The Planning Commission also asked the city to supply survey lines for sidewalks and to adopt a sidewalk ordinance.

City Councilman A. E. Notley asked for a meeting of the City Council and the Planning Commission at U Street to look over the terrain.

The Utility Board reported that the new city well is being tested and that tests are also being made of the sewer effluent. Work is progressing on the water tank purchased from the Santa Fe. An estimate on the cost of moving has been obtained from one firm and was in the neighborhood of \$2,000.

**LEASE SITE**

A resolution was adopted leasing the present site of the tank from the Santa Fe Railway for a fee of \$1 per year as long as it is needed.

The city manager and hospital administrator were asked to work out some means of pro-rating the \$1,500 withheld from the Santa Fe's gift of \$25,000 to the Needles Municipal Hospital. The \$7,500 was withheld in payment of taxes. Under the terms by which the city leased the City Hall property from the Santa Fe before it was decided to the city, the city paid a nominal rental and was to have paid the taxes. However, through an oversight, the taxes were not collected from the city and the amount owing was taken

TOP STORIES FROM ALL POINTS IN THE NATION'S LARGEST COUNTY

### Drag Strip To Lure Top Area Drivers

FONTANA — A grape vineyard transformed into a super deluxe drag strip will be thrown open to the public for the first time Saturday when the new Fontana Raceway stages its first competition.

The 4,800 foot straightaway will be the scene of dazzling speed as many of Southern California's fastest dragsters whirl through the clocks.

Dean Brown, track director, says he will have a big grand opening later this month at the strip located on Foothill Boulevard near Cottonwood Avenue.

**DAY AND NIGHT**

Saturday's activity begins at 4 p.m. Two car elimination races begin at 7:30 p.m. under lights. Competition is being conducted over a quarter mile course.

Brown said a 2,000 seat grandstand has been completed and other improvements are in and ready for Saturday's opening.

To illustrate the type of cars expected to demonstrate speed during the weekly events on Saturdays, Brown noted that one of the top vehicles slated to compete this week is capable of turning 190.27 m.p.h.

Cyr-Hopper of Escondido is expected to enter the Chrisman-Cannon entry Saturday. It has the nation's top time for the distance, touring the course in 7.94 seconds from start to finish.

**TOUGH SITUATION**—On the 19th hole in the Pioneer Pass Golf Challenge golfers can get involved in unusual hazards if they don't watch their step. On a practice try Horace Rich finds himself in a typical predicament which will amuse the spectators. The first and last nine holes of the Challenge are played at the Yuca Valley Country Club and the Moonridge Country Club at Big Bear. The tournament will be played Oct. 7, 8 and 9. (Story on B-4)

### EXECUTIVE DIRECTOR WILL HEAD ONTARIO-UPLAND UNIT

ONTARIO—An annual grant of \$11,552 has been made the Family Service Agency of Ontario-Upland, it was disclosed yesterday by Mrs. Joseph H. Hecht, president.

The sum for the National Mental Health Act Fund will make possible for the first time operation of the local organization on a full-time basis, she said.

The fund, which is administered through the State Department of Mental Hygiene, is being allocated to a few selected communities where a special need has been demonstrated for family counseling.

An important condition of the granting of the funds, Mrs. Hecht said, is the interest and support of the local community and its expressed willingness to accept an increasing part of the financial burden of the agency during a three-year period, in which the grant will be on a diminishing basis.

Currently serving on the board of directors of the OUFAS are Mrs. Hecht are Mrs. William Gilliland, vice president; Earle Hawthorne, treasurer; Mrs. Frank Tagler, secretary; Dr. John Z. Martin, corresponding secretary; the Mmes. William Schulze, Stephen Craig, Samuel Esrock, Joseph Saffron and C. H. Walters, Wiley W. Mather, Dr. Maurice Long, William Donaldson and Lucas J. Horsch.

**Ghana's President Returns From U.N.**

ACCRA, Ghana (AP)—Ghana's President Kwame Nkrumah flew home yesterday from a fortnight's stay at the U.N. General Assembly.

He told more than 10,000 greeters that he was as convinced as ever that the United Nations remains the surest hope for world peace.

### Redstone Makes Successful Flight On Astronaut Route

CAPE CANAVERAL, Fla. (AP)—The Army has lofted a Redstone missile on a successful 200-mile flight down the Atlantic range.

Project officials reported the 61-foot rocket performed perfectly on the short trip, which is similar to that which one of America's astronauts may take early in 1961.

A modified Redstone stands on a pad only a few hundred feet from the launch area used Wednesday night. Within a few weeks it will attempt to carry an unmanned Project Mercury man-in-space capsule 125 miles high and 200 miles down range.

If this launching is successful, a chimpanzee, then a man will try to make the same journey. Orbit shots, using an Atlas booster, will follow.

Earlier Wednesday, a Polaris submarine missile was fired from a land pad on a successful 1,200-mile test flight.

## City Sales Tax Shows Sharp Gain Over '59

FONTANA—Fontana's sales tax City Treasurer Michael J. Micallef showed that during February, March and April of this year, sales tax rose from \$43,654 during the same period in 1959.

Micallef reckoned the opening figures released yesterday by the Fontana Square Shopping

ED ULERY . . . kickoff speaker

### Pomonan Will Speak at Fund Kickoff Dinner

VICTORVILLE—Ed Ulery, executive director of the United Fund of Pomona Valley, Inc., will be the guest speaker at the Desert Communities United Fund kickoff dinner at the Senior High School cafeteria, Oct. 11 at 7 p.m.

Ulery, a native Pomonan, has served his community in many capacities and in 1952 he received the Junior Chamber of Commerce distinguished service award as Pomona's outstanding young man of the year.

He is serving, or has served, as a director of the Rotary Club, Pomona Valley Community Hospital, Pomona Chamber of Commerce, Pomona Junior Chamber of Commerce and Pomona Valley Girl Scout Council.

He has also served as chairman of the board of parking commissioners and the city planning commission.

Prior to becoming executive director in 1958, Ulery served on the board and as a volunteer leader of the United Fund and of its predecessor, the Pomona Community Chest.

Clyde R. Tatum, president of the Desert Communities United Fund, invites every board member, his wife or husband, area chairmen, all volunteer workers, and any interested citizen to attend this smorgasbord dinner Oct. 11.

Those attending are asked to bring a main dish, a salad, or dessert. Coffee, rolls and table service will be furnished.

"We are very fortunate to have Ulery to help us, and we cannot afford to miss this instructive meeting," said Tatum.

"It will be friendly and informal and we will all be better prepared for the big drive starting Oct. 12, for having attended."

### MORONGO BASIN PEOPLE TO JOIN IN CELEBRATION

TWENTYNINE PALMS — The Morongo Valley Picnic Grounds in Parker, Ariz., will be the terminus of the caravan to Parker planned by the Base Line Highway Association for Saturday, Oct. 15.

The caravan, which will include cars from all over the Morongo Basin, is a result of 14 years of working to bring the present Base Line Hwy. into effect. It and the picnic will be an expression of appreciation to Magda Lawson, retiring San Bernardino County supervisor, who has been instrumental in making the highway possible.

Expected to be present are either the governor of Arizona or his aide, the chairman of the Arizona highway commission and another member of that body, the state senator from Arizona, and county supervisors.

From California Sen. Stanford C. Shaw has indicated he will be present as will many of the supervisors of both San Bernardino and Riverside Counties. Also coming are highway engineers and road supervisors.

Col. Francis Benson of the Twentynine Palms Marine Corps Base will attend as will the base band and bugle corps.

Gov. Edmund G. Brown of California, Congressman Harry R. Sheppard and Sen. Barry Goldwater of Arizona have been invited, but as yet no confirmation of their attendance has been received.

The Southern California Auto Club has been asked for patrols. There will be a loud speaker truck, and members of the Highway Patrol and Sheriff's Substation will be with the caravan.

The caravan will start at 8:30 a.m. in Morongo Valley and is expected to leave Four Corners in Twentynine Palms at 10. The arrival hour at Parker is set at 12:30 p.m. From Parker the caravan will proceed to the picnic grounds for the barbecue. The park is on the river and a boat landing is available on the beach. The president of the Colorado River Indian Council will be present.

Tickets for the barbecue may be obtained from Chester Ellis, Fred Meyers or Judge John Al-Brig. Gen. Lewis Fields and ten.

**DANCE TEAM AT FAIR**—The amazing acrobatic duo of Chiquita and Johnson will thrill county fairgoers tonight during a vaudeville show of professional entertainers before the grandstands at Victorville.

### ACROBATIC DANCE DUO STAR AT FAIR TONIGHT

VICTORVILLE—An easy hit of tonight's vaudeville show at the San Bernardino County Fair grandstands are Chiquita and Johnson, acrobatic dance duo.

She's a petite ballet dancer from Czechoslovakia; she was a teenage ballet student in Prague when Johnson, interned in a prison camp there during the last war, discovered her and the team was formed.

They toured the Near East and Europe with command performances before royalty before coming to Havana, Cuba's "Tropicana" in 1952, where Ed Sullivan booked them for his "Toast of the Town" TV show.

Their U.S. appearances have included Radio City Music Hall, The Palace Theater, New York; the Perry Como Show, Jack Benny Show, and most recently, Moulin Rouge night club in Hollywood.

They appeared also in the musical, "Rose Marie," at the St. Louis Municipal Opera House and at Las Vegas.

Johnson has been a trapeze, high wire and trampoline performer as well. His masterful timing and her breath-taking leaps, balancing and falls are expected to add much to the Friday night bill.

### Jordan Denounced Over Pilot's Death

DAMASCUS, U.A.R. (UPD) — Tens of thousands yesterday attended the funeral of United Arab Republic air force pilot Lt. Adnan Madani, who was reported by Jordan to have committed suicide after asking political asylum.

Civilian and military speakers charged Jordan with torturing and murdering Madani, whose jet made a forced landing in Jordan last month. Crowds denounced Jordanian King Hussein.

### Congregation to Stage Dance

FONTANA — Members of the Riado Jewish Conservative Congregation will hold a Sukkot Dance Saturday at 8:30 p.m. at the Muscovy Riding Club on Highland Avenue.

During the evening folk dancing, community singing and social dancing will occupy the guests. Holiday refreshments will be served.

Edna and Nadov Kenan, recent arrivals from Israel, will be guests of honor at the occasion.

### City Planning Ordinance Adopted, Porter Protests

FONTANA—Councilman Ted J. Porter remained firm in his conviction that the city doesn't need a special ordinance covering creation of the City Planning Department, and voted against the motion to adopt such an ordinance at this week's City Council meeting.

Mayor pro tem William G. Baum read the lengthy ordinance outlining the duties of the department and the planning director.

### FOUR DRAWINGS IN SHOW

## Upland Artist Milton Peters to Be Honored at Reception in Long Beach

UPLAND—Milton Peters, Upland artist, will be honored Sunday afternoon with a reception for exhibiting artists at the Long Beach Museum of Art formally opens the eighth annual Arts of Southern California exhibit.

Four drawings by the fast-rising Upland artist are included in the invitational show, which will continue at the Long Beach museum through Oct. 30 before starting an extended tour of major galleries over the United States and Europe.

The eighth annual show is devoted to drawings by Southern California artists and Peters' selection as an exhibitor is indicative of the recognition he has achieved after only three years of art work in the mediums of pen and ink and crayon drawings, water color paintings and collage.

The show will travel on two continents for a year or more under auspices of the Western Association of Art Museums. The Long Beach museum annually originates the major exhibit.

Peters' work is well-known in the West End through numerous exhibits at Upland Public Library under sponsorship of Dr. Hazel Adele Pulling, former librarian, and at Griswold's Stone Cellar Gallery in Claremont.

Southern California collectors have become cognizant of the Peters artistry through his inclusion in shows at Pasadena Art Museum. His first comprehensive one-man exhibit is to be announced in the near future.

## McMeans in New Position With Kaiser Corp.

FONTANA — Edgar F. Kaiser, vice president, on the development of Kaiser Steel Corp. He will continue as a vice president, but projects particularly relating to the steel industry and including special projects for Kaiser Steel Corp., is being assigned to a new executive position as vice president of Kaiser Industries Corp. in 1947 after 13 years with the John A. Roebling Sons Co. Since 1952 he has been vice president in charge of operations of its subsidiaries.

## Inn Chapel Scene for Nuptial Rite

FONTANA — Riverside Mission Inn's Cecelia Chapel was the scene of double ring vows repeated by Miss Patti Ann Crookham and Ronald George Van Fossan. Ceremonies united the daughter of Mr. and Mrs. George W. Crookham of 9824 Catawba Ave., in Fontana and the son of Mr. and Mrs. E. C. Van Fossan, 3515 Sepulveda in San Bernardino, on Sept. 9.

The Rev. Nathan Bond, pastor of the Judson Baptist Church in San Bernardino, officiated at the service in the presence of the couple's close friends and families. Traditional organ wedding music preceded the vows in the candlelighted, flower decorated chapel.

Given in marriage by her father, the bride selected a waltz length gown of chantilly lace, featuring an Italian neckline and long pointed sleeves. Her elbow length veil of illusion was attached to a circlet of rolled tulle and seed pearls. She wore a single strand of pearls and carried a cascade of white gladioli on a white Bible.

Mrs. Augie Ragan of Ontario served as matron of honor. She wore a similarly styled pink ballerina gown accented with a deep rose cummerbund and bows in the back. She wore a pink flowered head bandeau and carried a cascade of pink gladioli.

David Jefferson, the bridegroom's cousin from Lakewood, attended as best man.

After the ceremony the couple was honored at a candlelight dinner on the Inn patio. Troubadour musicians serenaded the party while the couple cut the first slice from a two-tiered wedding cake.

For the festivities the bride's mother wore a beige dress of organza over lace and taffeta. Her hat was a green veil with bows and leaves. She wore beige accessories and a green orchid corsage.

The bridegroom's mother selected a light blue brocade sheath dress, accented with a deep rose feathered head band. She wore a deep rose orchid corsage and white accessories.

A special guest at the wedding was the bridegroom's maternal grandmother, Mrs. Olive Duffy of Los Angeles.

Immediately after the ceremony the couple left on a honeymoon to Las Vegas before establishing a home at the Elmwood Apartments in San Bernardino.

The bride was graduated from West View High School in Pittsburgh, Pa., and is a secretary at Kaiser Steel Corp. Her husband was graduated from Pacific High School and San Bernardino Valley College.

MISSION INN VOWS—Mr. and Mrs. Ronald George Van Fossan were married Sept. 9 in the Cecelia Chapel of the Mission Inn in Riverside. She is the former Miss Patti Ann Crookham of 9824 Catawba Ave., Fontana.

## CME Auxiliary to Convene

LOS ANGELES — Members of the Woman's Auxiliary to the College of Medical Evangelists will have their fall luncheon at General Lee's Man Jen Low, 475 Gin Ling Way, in New Chinatown on Oct. 11 at 11:45 a.m.

Guest speaker will be Mrs. Marion Miller, Los Angeles housewife and author of the book "I Was a Spy."

The Loma Linda chapter of the

CME Auxiliary is headed by Mrs. Ben Herndon. Leaders of the Junior Medical Auxiliary and Junior Dental Auxiliary are Mrs. Ann Elloway and Mrs. Robert Darby respectively, both of Loma Linda.

Among local women serving on the board of directors are Mrs. Howard Marin, Loma Linda, and Mrs. Robert Rosenquist of Redlands.

**NOTICE OF SALE OF PROPERTY DELINQUENT FOR NON-PAYMENT OF TAXES**  
No. 194, Series No. 1, issued for the improvement of Big Bear Lake Sanitation District.

DEFEAT having been made in the payment of the following named coupons:  
Interest coupon for \$4.11, which became due on Jan. 2, 1957.  
Principal coupon for \$68.44, which became due on Jan. 2, 1957.  
Interest coupon for \$2.05, which became due on Jan. 2, 1957.  
Interest coupon for \$2.05, which became due on Jan. 2, 1958.  
Principal coupon for \$68.44, which became due on Jan. 2, 1958.

And the holder of said bond having, on the 25th day of March, 1960, duly demanded in writing that the County Treasurer of the County of San Bernardino proceed to advertise and sell the lot or parcel of land mentioned in said bond, and the said lot or parcel of land mentioned in said bond, together with the cost of publication of this notice, are paid; and that I will sell the same to the person who will take the least amount of said lot or parcel of land and pay the full amount of unpaid principal and interest on said bond, together with the cost of publication of this notice.

The lot or parcel of land mentioned in said bond and to be sold is more particularly described to wit:  
Lot 1, Block "L," Talmadge's Lakeview Park Sub Mapbook 20, pages 22 and 24.

The amount due on said bond up to date of this notice is as follows:  
Due on the principal of One hundred thirty-six and 88/100 Dollars.  
Due on account of interest Fifty-nine and 60/100 Dollars, above said.  
Total amount due on said bond, Two hundred thirty-four and 12/100 Dollars.

In order to avoid this sale, payment of the total amount above named will be required, together with the cost of publication of this notice, before the sale of said lot or parcel of land. Payment may be reinstated upon payment of amounts due, interest, penalties and fees in the manner provided by law. In the event of sale, such sale will include interest in addition to the total amount due accruing up to date of sale, the cost of publication of Notice of Sale, and One Dollar for the issuing of Certificate of Sale.

The San Bernardino Sun is designated as the newspaper in which this notice shall be published.

No. 102886  
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN BERNARDINO

In the Matter of the Application of SEARLES VALLEY DEVELOPMENT COMPANY for the Exclusion of a Portion of Land within the Boundaries of a Recorded Tract.

Notice is hereby given that SEARLES VALLEY DEVELOPMENT COMPANY, a California corporation, pursuant to the provisions of "The Subdivision Land Exclusion Law," on the 14th day of September, 1960, filed in the above entitled Superior Court its petition praying for an order excluding the real property situated in the County of San Bernardino, State of California, and therein described, from the subdivision as shown by the map of Tract No. 5682, recorded in Book 51, Pages 94 and 95, inclusive; and

That the aforesaid recorded map of said subdivision and tract be altered by excluding said real property from said subdivision and from said tract and from said map.

NOTICE IS FURTHER GIVEN that any person may file his written objection to said petition at any time before the expiration of thirty days from the first publication of this notice.

Witness my hand and official seal of said Superior Court this 14th day of September, 1960.

**RESOLUTION**  
RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN BERNARDINO, STATE OF CALIFORNIA, CALLING HEARING ON THE PROPOSED FORMATION OF THE WRIGHTWOOD RECREATION AND PARK DISTRICT, AND NOTICE OF SAID HEARING.

On motion of Supervisor Lawson, duly seconded by Supervisor Young, and carried unanimously, the following resolution is adopted:

WHEREAS, the citizens of the area hereinafter described desire to form a Recreation and Park District in San Bernardino County pursuant to the provisions of Article 3, Chapter 4, Division 5, Public Resources Code, starting at section 5700, and

WHEREAS, the citizens of the said area have expressed the said desire through an informal petition bearing the signatures of at least 25 per cent of the number of voters cast in the said area at the last preceding gubernatorial election; and

WHEREAS, the Board of Supervisors has the authority, under section 5781.3, subsection (a) of the California Public Resources Code, to determine that certain territory is in need of a recreation and park district; and

WHEREAS, the time within which the district must be formed, if it is to be activated in time to comply with the provisions of said Code, is very short and immediate action involving the minimum number of steps will expedite proceedings hereinafter.

NOW THEREFORE, IT IS HEREBY RESOLVED that the Board of Supervisors of the County of San Bernardino do hereby determine that the following described territory is in need of the formation of a recreation district, to-wit:

IT IS HEREBY FURTHER RESOLVED that a public hearing shall be held and is hereby set before this, the Board of Supervisors of the County of San Bernardino, to determine whether the following described territory should be established as the Wrightwood Recreation and Park District, and said hearing is hereby set at the Chambers of said Board at the hour of 3:30 o'clock P.M., on the thirty-first day of October, 1960; and

IT IS FURTHER RESOLVED that the Board of Directors of the said District shall be composed of the supervising authority, to-wit: the Board of Supervisors of the County of San Bernardino, and the Board of Directors of the said District.

IT IS FURTHER RESOLVED that at election for the formation of said recreation and park district, the voters of the said prospective district are to vote whether or not the district shall be established, a tax ceiling of 49 cents (\$0.49) on each \$100 of assessed valuation; and

IT IS FURTHER RESOLVED that the territory of the said proposed district be that area contained within the following described boundary:

## Fair Selects 18 Pie and Cake Baking Finalists

**VICTORVILLE**—Names of the 18 women who will compete Sunday in the apple pie and apple cake baking contest at the San Bernardino County Fair now in progress in Victorville have been announced by Eileen Wilk and Marge Helm, both of the California Electric Power Co.

They are:  
Pie Bakers: Dollie Ford, Victorville; Lorraine Stahlheber, Victorville; Mrs. John Powell, Victorville; Mrs. Dorothy Terrell, Victorville; Sally Osborne, Oro Grande; Mrs. Forestine Menzie, Hesperia; Joyce Hartman, Victorville; Diane Rowan, Victorville; Mrs. Roy Cox, San Bernardino.

Cake Bakers: Connie Ford, Victorville; Jeanette Frederickson, Victorville; Meri Jo Wilkins, Victorville; Ella Bryant, Adelanto; Maxine Moore, Apple Valley; Marilyn Parsons, Victorville; Ann Johnson, Victorville; Terry Slat, Bloomington; Mrs. Richard Schall, Wrightwood.

These 18 women were selected from the many apple cake and apple pie bakers who submitted their home-baked confection to the Hall of Domestic Science Tuesday morning.

Judges were Mrs. Helen Robinson, Helendale; Mrs. Lawrence Manning, Victorville; Paul Kirkpatrick of Apple Valley.

The starting time was set at 7 a.m. at the Yuca Valley Golf and Country Club. After nine regulation holes here, the players go to Pioneertown for the start of the 19th hole, which spans the 28 miles between Pioneertown and Big Bear.

The kickoff dinner was held last night at Callahan's in Yuca Valley, and the climax will come Sunday with the Grand Championship PPGC Trophy Ball at Snow Summit Lodge, Big Bear Lake. It is expected that National Forest officials from San Bernardino and Riverside will attend the grand finale on Oct. 9. Johnny Arch will supply music for the event.

**Sophomore Student 'At UR Crash Victim'**  
REDLANDS—Word was received by the University of Redlands of the death of Tom Goodwyn, sophomore student from Azusa, in the wreck of his sports car.

According to the California Highway Patrol, Goodwyn was enroute to his home, westbound on Highway 66, when he failed to negotiate a turn at a detour east of Rockvale Street. The car skidded through a barricade and overturned.

Goodwyn was pronounced dead at 4:15 a.m. at Foothill Emergency Hospital.

Services were held at Arcadia's Holy Angels Catholic Church. Interment was in Calvary Cemetery.

The annual value of Pittsburgh's manufactured products exceeds that of each of 40 states in the United States.

**Real Hunting Dog**  
TRENT, Italy (AP)—Weary after hours of hunting with his dog on Mt. Misone, Zeno Prati laid his gun on the ground and stretched out for a rest. The dog, still frisky, scampered on the trigger. Zeno was shot in the right foot.

**Chemists Trying To Find Reasons For Fishy Tastes**  
GLOUCESTER, Mass. (UPI)—Chemists at the Department of Interior's new Fish and Wildlife Service laboratory here are trying to find out what makes a shad taste different from an oyster, or a salmon taste unlike a bass.

The chemical analysis is designed to determine what changes take place in handling and storage and establish standards of quality for marketing.

Already they've discovered that a fish gets bleary-eyed in storage.

**Coin-Operated Dry-Cleaner Announced**  
CHICAGO (UPI)—Development of an automatic, coin-operated dry cleaner, capable of cleaning eight pounds of clothes in 45 minutes for \$1.50 has been announced.

The Norge division of Borg-Warner Corp. said its new machine worked like an automatic washing machine and provided "built-in wrinkle free cleaning."

**Religious Park Wins Approval**  
LOMA LINDA—Winea J. Simpson has been told by the County Planning Commission she can proceed with development of Gospel Valley on the northwest corner of Sage Road and Sierra Vista Drive in the Loma Linda area.

Planners said the non-profit religious park could be started without commission action but that approval of the commission would be needed if a planned open-air amphitheater were erected.

She told the planners she planned several religious theme displays "to give people a place where they could come for inspiration."

## CENTER STRIP OPINIONS SPLIT 50-50

## To Do or Not to Do, Is the Question

(Editor's note: In an effort to discover the feelings of Rialto residents concerning the possible removal of the center strip in the 100 block of Riverside Avenue, this on-the-street poll was conducted.)

By DON BLAZER

RIALTO — Residents and businessmen and women of Rialto who were questioned are split almost 50-50 in their opinions of what should be done about the center strip in the 100 block of Riverside Avenue.

Several of those interviewed were indifferent to the whole

problem, saying they didn't even want to comment on it.

But for the most part the feelings ran high one way or the other. One woman was so mad that the newspaper had even bothered to print information about the possible removal of the strip that she came to the newspaper office to complain.

"If you wouldn't say anything about the thing, there wouldn't be any problem. I think you're just trying to stir up trouble."

She went on to say she felt if the people of Rialto didn't know about the possible removal of the strip, the whole thing could be converted to parking and the people wouldn't even notice.

One man suggested the strip, as it is today, should be removed and a new type of strip built. His suggestion was to build a planter about three to four feet wide and approximately two feet high.

"This would help to keep the beauty of the center strip and the feeling of warmth I think it adds," he said "and at the same time it would give us a place to park."

He suggested parallel parking could be used instead of the present angle parking and by using the parking lane created by the smaller center strip the same number of parking spaces could be maintained.

Most of the merchants in the downtown area felt differently about the subject.

"I don't want to get rid of the angle parking," one stated emphatically. "The way it is now is just fine with me and I can get at least four cars in front of my store now, whereas with parallel

parking I could only get one." He said he liked the green grass and the big eucalyptus trees in the center of the street.

"I hate to see it all go to pavement."

One older resident said that he had helped to water the trees by hand with buckets in the old days.

"I'm for 'em staying there as long as I stay here," he said.

One merchant was all for leaving the strip just as it stands and finding off street parking.

"If the city would provide off street parking everyone would

be a lot happier, I think," he said.

He suggested that if off street parking were provided in the back of the stores along Riverside Avenue the merchants would do a lot of work on the back of their stores to make them more attractive.

"I think that would be of much more value than anything else that could happen around here," he said.

"The only way to get this town to grow is to do something about the downtown area, and I think we should start with the parking

problem. If it means taking out the center strip, let's do it," one man said.

"I like angle parking," a woman said, "and I like the center strip. My kids play on the grass while I go shopping," she said. "Besides that I don't think I could park very well in a parallel parking space."

"I say the whole thing is a waste of time," one older man said. "We just don't have that much traffic to worry about."

"I don't mind waiting for some-

one to back out of a parking space and the grass and trees are a refreshing sight when the only things you see in a town anymore is a lot of concrete," a resident said.

"Let's get rid of the whole thing and make traffic lanes out of that area. It's too dangerous to have cars backing into traffic and cars starting and stopping all the time," one man said.

Whether you are for or against the removal of the strip there is going to be a lot of conversation about it and by the next City Council meeting there will be a lot of plans offered for the center strip's future.

## HIGHLAND AREA NEWS

## Over 100 Hear County Outline Fire Proposal

HIGHLAND — Over 100 Highland citizens attended the special meeting Wednesday evening at the Highland Cypress School cafeteria to hear Robert Rigney, San Bernardino County Administrative Assistant, and Charles U. Urey, representative from the office of the County Fire Warden, present plans for the proposed County Fire Department. A large section of the audience was made up of the citrus land owners in the area.

Halbert E. Alexander, chairman of the Highland Community Services District board which sponsored the informative meeting, welcomed the Highlanders and introduced the speakers.

Rigney gave a general background on the proposed plan which has been under consideration for the last year or so. He pointed out that a fire protection plan for the entire county is not feasible at the present time due to the large amount of desert and lightly populated area. The present plan calls for stations at nine communities which include East San Bernardino and Highland.

## MAP DISPLAYED

A map was displayed to the audience showing the boundary lines of the fire districts and the approximate location of the Highland and East San Bernardino stations. The method in which the districts are doubly protected with the overlapping of these districts was shown.

Increased fire protection can be given and the county believes with the larger district the job can be done cheaper than if the small districts do it on their own, stated Rigney.

He discussed the proposed budget which has been projected for six or seven years. During the first year the capital equipment must be purchased and the general reserve funds established. The tax rate the first year would be around 37 to 39 cents.

The third year the tax rate should reach a peak of around 50 cents and then drop down into the forty's again at the end of six or seven years. The lowering of insurance rates balances off to some extent the cost of increases in taxes he told the audience.

## OTHER ADVANTAGE

The opportunity for advancement for employees and the centralized training for personnel was discussed as an advantage and also the fact that specialized equipment might be purchased in a larger district of this type.

Rigney turned the meeting over to Urey who discussed the plan, the type of equipment which was being considered and the manning of the stations. The full-time personnel will be supplemented with part-time on-call men who would normally not go out of their area. A man of officer rank will be assigned to certain areas and will report to all fires in his territory.

The audience was given an opportunity to ask questions.

The question was asked as to what the fire insurance reduction would be. Urey told the audience the underwriters were not committing themselves until the program was actually in existence.

The grading might be lowered one point, and for areas with a good water system, the rating might be even lower. Most districts in the county are in the 6 to 9 rating, but he told the audience he did not want to imply they could expect a 5 rating which the City of San Bernardino and Muscovy have due to their excellent fire departments.

Fred T. Barnes asked what had been budgeted for a station in Highland. Urey answered the question stating that based on current figures a new site and station would be around \$50,000 which would accommodate the two district trucks and state forestry truck, approximately another \$23,000 for fire equipment, and several thousand more for equipping the station with furniture and for salaries necessary to man the station.

"You are talking of a figure around \$100,000 or so," stated Barnes.

## STATE SHARE

The question was asked as to

whether any state or federal funds would be available for this program, and it was answered that the state would contribute their equipment and pay for the portion of the building they used.

Winfield H. Bailey asked how long it would be before the program would be in effect if it was approved.

Rigney stated the plan could be started by July, but it would be on a limited operation for the first six months while equipment was being purchased and buildings to house the equipment secured.

In answer to the question whether fire hydrants would be included, Rigney told the group that areas that wished could form a smaller improvement zone and put in more hydrants if they desired.

They would be taxed for the additional improvements. Sometimes small business areas wish to do this for added protection he pointed out.

## OLDER STUDY

Laird K. Roddick asked Urey if his office had made a study similar to the one requested by Grand Terrace as to the cost of forming a fire district in Highland. Urey stated he believed there had been a study made three to five years ago.

In answer to the question as to how accurate the report was today, he stated that salaries would be considerably higher, but the particular type of fire truck being considered then is still in the neighborhood of 19 to 22 thousand dollars. He told the group he was not familiar enough with the report prepared to discuss it.

D. A. Johnson questioned whether an alternative method might be used to finance the plan over a longer period of time so people would not be paying for it all at once. Rigney pointed out the plan has been figured for approximately a 10-year period.

Paul B. Poland questioned Rigney as to how much chance there was for the proposed county fire department to really materialize. Rigney explained to the audience they had been visiting the various communities and talking to civic minded people.

## MANY IN FAVOR

They have had favorable expressions from the Board of Supervisors, fire underwriters and State Division of Forestry as well as from people they had talked to, but "as to what the hundreds of people in the street think and who might show up at a public hearing to protest the plan, we do not know," he stated.

"We should know by the middle of November whether the plan will go through," he told the group.

In answer to the question if two or three of the communities rejected the plan would it still go through, Rigney answered that if the areas were on the outskirts of the district probably yes, but if communities in the center of the area rejected the plan it would probably mean it would fall back on the individual communities to provide fire protection.

The question as to what power the plan would have concerning weed abatement on vacant lots was raised. Rigney told the group health and safety code which grants the same powers as Fontana, Muscovy and similar districts have, but at the present time it would operate under the county weed abatement program had been included.

It could be done, but in an area like Highland, it would probably mean a compromise would have to be worked out that would be satisfactory to both the residential and agricultural needs.

## HIGHLAND PLAN

Gordon W. Corwin suggested that since the Highland Community Services District had levied a tax rate of 55 cents for the purpose of setting up fire department that it would be a splendid opportunity for their board to explain their plan at this time.

Alexander told him that when the meeting had been arranged Rigney and Urey had been as-

sured it would be for the sole

purpose of presenting the county plan.

Corwin questioned Rigney as to whether it would embarrass them if questions were asked at this meeting. Rigney told him they would not be qualified to answer questions about the other plan. Corwin pointed out that his original question had been directed to the chairman of the Community Services District board.

Alexander again emphasized the special meeting had been called with the understanding that the county representatives could present the plan to people in the district who were interested in hearing the facts. At a later date before the Board of Supervisors public hearing, another meeting will be held and the Community Services District plan will be presented, he said.

## PRAISE GIVEN

Corwin complimented Rigney and Urey on their excellent presentation of the county plan and asked if it would be out of order if the audience was asked for a showing of hands to see how many were in favor of the county plan at this time.

Rigney answered they were happy to present their plan, but since this is Alexander's meeting, he said, "I will leave it up to him to make a decision on such a request."

Roddick questioned whether the services district board would be able to present their plan before the formal hearing which might be held the last of October or first of November in order to give the people the chance to hear both proposals.

Alexander assured him the district board would call its meeting before that time. He was asked if the district had a plan at the present time, and answered it was his understanding they had used the previous study and upgraded the figures to take care of increased costs.

Barnes pointed out this study made 5 years ago had given a total operating budget of \$26,000 as compared to \$100,000 in the county's plan.

Alexander interrupted him by telling him the meeting had not been called to argue the two plans.

David Roddick asked when the people were going to be given a chance to express their viewpoints. He called attention to the good turnout present at this meeting and asked whether at the next meeting if the people would be given an opportunity to express their desires on the matter.

## ASSURANCE GIVEN

Alexander assured him that at the completion of the Community Services District presentation the people would be asked to express their opinions.

Alexander answered Corwin's question concerning whether a new study had been asked for by telling him that Joseph N. Fessenden, services board director in charge of fire, had contacted the Fire Warden's office.

Alexander then brought the meeting to a close and invited the audience to inspect a fire truck parked in the school parking lot which was similar to the ones being considered in the proposed County plan.

Before the audience started to leave the building, however, Corwin called out asking the group if after hearing the county plan if they would prefer it. He received a rousing affirmative reply from the majority of those present.

The regular meeting of Highland Temple 21, Pythian Sisters was called to order Tuesday evening at 8 by Most Excellent Chief Anthea Mae Byrnes.

Bea Hartshorn, Past Grand Chief of the State of California, was escorted to the altar, introduced and given grand honors. She was then seated to the left of the most excellent chief.

## INITIATION HELD

Full initiation was conducted for Cheri Luby during the evening.

Final plans for the Temple's bazaar which will be held Saturday from 9 a.m. to 9 p.m. at the Knights of Pythias Hall on E. Williams,

THEY'RE YOURS—Miss Sammie Bogue, new blind operator of the Redlands Post Office newsstand, accepts the keys from Harry Alexander, representative of the State Vocational Rehabilitation Service. (Sun-Telegram photo)

## Bright Smile for Patrons Of Sammie Bogue's Stand

REDLANDS—If a bright smile and a personality to match are attributes of a successful merchant, Miss Sammie Bogue, new blind operator of the Post Office news stand, need have no fear of the future.

Miss Bogue, who thinks Redlands is "the friendliest town I've been in since I left home," was born in Germantown, N.C. She has lived in California for four years and has just completed one month's on-the-job-training in San Bernardino with Ann Meines Maxwell, former operator of the news stand where she now has one at the courthouse.

"I have no one to support me now, and I have to eat, so I'm going to support myself," smiled the determined young woman.

She opened her stand officially yesterday with the aid of Harry Alexander, business enterprise officer of the State Department of Education's Vocational Rehabilitation Service. He said that under

## Couple Injured At Lake Tahoe

Mr. and Mrs. Charles J. Dafeik, 3672 N. D St., San Bernardino, were injured Sunday at Lake Tahoe when they were struck by an automobile in a crosswalk.

Mrs. Dafeik was transferred by airplane-ambulance Wednesday from the Carson City, Nev., hospital to St. Bernardine's Hospital where she is undergoing treatment.

According to Charles Dafeik, they had just started on their Lake Tahoe vacation Saturday. Dafeik was not hospitalized but was badly bruised in the accident.

Mrs. Kathryn Dafeik was scheduled to appear in a Zonta Club fashion show tonight. She is quite active in fashion modeling in San Bernardino.

She is permitted to have visitors.

## Juniors Meet Today

FONTANA — Junior Auxiliary of the DAV Auxiliary No. 87 will meet at 7 p.m. today at the Alvis Harris home at 10244 Cypress Ave. in Fontana.

Main Street were discussed. Members were reminded that if pick-up service was required they may call Ethel Bradley, Dorothy Maynard or Mrs. Byrnes.

It was announced that the Riverside Temple would have a Friendship Night on October 26 and all members and officers of the Highland Temple are invited to attend.

The mystery package was won by Louise Price and the evening was concluded with a social hour. Hostesses serving refreshments were Mr. and Mrs. Richard Wilburn and Mr. and Mrs. Homer E. Williams.

## NEWS OF THE INLAND EMPIRE

TOP STORIES FROM ALL POINTS IN THE NATION'S LARGEST COUNTY

## RIALTO PLAYERS

## Open Tryouts For 'Sheba' Next Monday

RIALTO — Open tryouts for Rialto Player's second production of the season, "Come Back Little Sheba" by William Inge will be held Monday and Wednesday nights at 7:30 in Dunn School Auditorium, Lilac Street and Etiwanda Avenue.

Phyllis Siperstein, last year's director of "Howie," is director. The play will be done in the round. There are eight men and three women in the cast ranging from 19 to 45 years of age.

The play is scheduled to open Dec. 9, 10, 16 and 17.

"Sheba" is based on a deadly parallel. It concerns a chiropractor who quit medical school and married a dowdy woman. The constant realization of what he might have been rankles to the extent of driving him into the occasional binges and the arms of Alcoholics Anonymous, according to the director's description of the story.

Mrs. Siperstein hopes to announce the cast at the next membership meeting of the Rialto Players on Thursday.

The group's first play of the season will be "The Parsley Life," a three act comedy by Al Asmery, Colton playwright. The original Colton and Los Angeles cast will perform Oct. 21 and 22 at Henry School Auditorium.

## OES Meeting Friday

RIALTO — The OES Social Club will meet tomorrow at the home of Mrs. A. J. Burnett, 385 W. Cornell Drive for a noon potluck luncheon and business session.

## Officials to Meet Monday for Study on Supplemental Water

Officials from the City of San Bernardino and the San Bernardino Valley Municipal Water District will meet at 1:30 p.m. Monday to go over the city's request for supplemental water.

Representing the city will be Mayor Raymond H. Gregory, councilmen, water board commissioners and others.

From the district will be directors John W. Littleton and Orville W. Ousley, who represent the city on the board, and General Manager Hugo W. Wilde. Also attending as "guests" will be board President A. M. Herman and director Horace P. Hinckley.

The meeting was suggested in a letter by Gregory. He reminded the directors of the city's request for supplemental water, made some time ago, and asked what progress has been made.

The city now is planning a water survey intended to point the way toward solution of its water problem. Several months ago the district received a water report which cost it \$45,000.

The meeting will be held in the council chambers at City Hall.

## United Fund Declared 'On Trial' During Drive

VICTORVILLE — Desert Communities United Fund is on trial this year.

Should the current "once and for all" fund drive fail, the future of United Fund in Victorville would be in doubt, believes Clyde R. Tatum, campaign chairman.

"We're in our third year and I don't think anyone would want to go back to these separate drives."

"With good participation — of workers and donors — topping our \$44,553 goal is a cinch."

"If just half of all the working people in the valley would give only 25 cents a week, we'd top that mark with ease," Tatum told directors at their Monday afternoon meeting.

Some 14 of the 40 directors were present at Southwest Gas Co. auditorium.

VIOLINIST MURRAY KORDA . . . to present concert

## CONCERT ARTISTS ON CWC OPENING AGENDA

COLTON — The Colton Woman's informal tea this week for prospective members.

Mrs. Thornberry explained the purpose of the club and announced the fashion show which the club will sponsor Oct. 18.

Mrs. Archibald announced the opening program. As each guest was introduced she told about her family, hobbies, and interests.

Mrs. L. E. Temby, membership chairman, welcomed the guests and introduced the committee: Mmes. Frank Thornberry, Melvina Fuchs, Paul J. Rogers, Roy E. Webb Jr., and Alfred J. George.

Guests were the Mmes. James E. Davidson, Pascual S. Oliva, Leroy R. Rehner, Courtney Short, James S. Lillie, Herbert T. Sabens, George E. Follette, Dewey E. Branch, Robert H. Thornberry, Dominic A. Ferrante, Raymond Woodstra, H. R. Randall, Donald R. Hoon, John H. Bevis, Gerald DeJong.

Others attending were the Mmes. Thornberry, Fuchs, Archibald, J. Needham Martin, John A. Maltberger, Jimmie H. Wilson, W. W. Douglass, Paul J. Rogers, Roy E. Webb Jr., and Temby.

At a luncheon meeting of the executive board, held earlier in the week, plans were made to sponsor a class in dancing for junior high school students.

Classes will be held the first and third Wednesdays beginning Oct. 19. Registration is being taken at the school.

Chairmen of this project are Mmes. Temby, and Nathaniel K. Helman, and the teacher will be Florence Harold.

Mrs. L. Robert Knopsnyder entertained the group at her home, 11891 Holly Court in Grand Terrace, and served luncheon to the following:

The Mmes. Thornberry, Temby, Emil L. Hodge, Lyman H. Cozad, W. W. Douglass, Frank E. Soares, Maltberger, Martin, Fuchs, and Wilson.

The Mmes. Thornberry, Temby, Emil L. Hodge, Lyman H. Cozad, W. W. Douglass, Frank E. Soares, Maltberger, Martin, Fuchs, and Wilson.

## Employment Office Seeks Part-Timers

ONTARIO — Applications for part-time work as employment and claims assistants at the local Department of Employment office are being accepted. It has been announced by J. S. Calderas, manager.

Filing of applications will close Oct. 26 or when a quota of 30 persons is met, Calderas said. Candidates must have either two years experience or equivalent education.

## Unvented Heaters Provide Frequent Grim Headlines

Home owners and landlords have been cautioned by the County Building and Safety Department that unvented and improperly vented heaters are hazardous.

"Heaters should be properly installed, vented and inspected before being put to use," said H. H. Hart, chief heating inspector.

Hart cited newspaper headlines to show what happened when the advice was ignored.

Sample headlines: Carbon

Monoxide Blamed in Death of Five, Family of Eight Found Dead, Gas Fumes Kill Four in Family, Unvented Stove Kills Seven, Deaths of Two Blamed on Unvented Heater, Faulty Heater Kills Girl.

"Now is the time to check the vent in your heater," Hart said. "Make sure it is not plugged up and that the vent is properly installed."

He cautioned that unvented heaters are in violation of county ordinances.

## Supplemental Water Group to Continue Fight for State Bonds

The San Bernardino County Supplemental Water Association, in the absence of another agency to do the job, has decided to carry on the campaign for passage of the Feather River Project bond issue.

On Monday the group held what some thought might be its last meeting. Since no other group has appeared to lead the campaign in the county, the association decided to "continue to function."

President of the association is W. E. (Ted) Silverwood. He asked to be assisted during the remaining month of the campaign by E. F. (Jerry) Dibble of Redlands.

Silverwood said the association needs \$2,000 to buy billboard space and additional copies of the Feather River film, "Water and You."

Plans are to show the film in schools throughout the county in

hopes of stimulating more interest in the project.

Among those attending the meeting were representatives of the San Bernardino League of Women Voters. They outlined a campaign they have planned to push for passage of the \$13.4 billion bond issue proposal.

## Ken Dyal Named To Group Backing State Water Bonds

Ken W. Dyal, secretary-manager of the National Orange Show, has been named to the Southern California Committee of Californians for Water, Mayor Norris Poulson of Los Angeles announced.

Californians for Water is the statewide organization backing Proposition One.

Poulson, chairman of the committee, said, "This list of distinguished citizens demonstrates clearly the non-partisan nature of Proposition One as well as the value placed in it by our civic leaders."

Among members are Fred Jennings, chairman for Riverside County; Leroy E. Luttin, president of General Telephone Co. of California, Santa Monica; Elden Smith, chairman of executive committee, Security First National Bank, and Ernest J. Loebbecke, president of Title Insurance & Trust Co., Los Angeles.

Harvesting an acre of wheat took 46 hours in 1829, a job that can be done today mechanically in one-half hour.

## Young Driver Gets Ticket After Hitting Parked Auto

A 14-year-old driver got her first ticket Wednesday night after crashing her car into a parked vehicle and fence.

Delphia D. Carte, 10006 Lemon St., Fontana, was taken to Kaiser Hospital in hysteria after the 8 p.m. crash at Hunter Street west of Lemon Street, the California Highway Patrol reported.

The CHP reported the girl's vehicle struck a car owned by William O. Parker, 16205 Hunter St., Fontana.

Miss Carte was cited for driving without a license. Her instructor, Delphia Dowell, was cited for allowing a minor to drive without a license.

Ruby E. Strauser of 1866 Mentone Blvd., Mentone, was hurt in a collision at 3:15 p.m. Wednesday at Highway 99 and Yucaipa Boulevard.

The Strauser car and a car driven by Charlie Hill, 57, of 12228 12th Street, Yucaipa, collided in the intersection, the CHP said.

Christian G. Daus, 21, of 9521 Laurel Avenue, Fontana, was taken to Kaiser Hospital with serious

## LIKE IT DOES TO MANY MEN, GOLF CAUSES DOWNFALL OF SAILOR SOUGHT BY POLICE

John B. Mitchell's weakness for golf has landed him in County Jail.

Sheriff's Detectives William Patterson and Frank E. Liston, following a trail of two checks cashed at San Bernardino golf courses, arrested Mitchell at the home of an acquaintance in Redlands.

Mitchell, who gave his age as 20 and his address as Springfield, Ill., was booked for investigation of forgery. A complaint was filed Wednesday.

Sheriff's officers said Mitchell carried a liberty pass from the U.S.S. Estes and Navy officials list him as absent without leave since July.

Investigators said Mitchell has given them a statement regarding 21 forged checks totalling at least \$2,000.

These ranged from \$77 to \$153, and were cashed at business establishments in San Bernardino, Ocean Beach, Hollywood, Los Angeles, Pomona, Corona, Redlands, Bloomington, Ontario, Montclair and Running Springs.

According to detectives, Mitchell talked freely. They said he plays a "pretty fair" game of golf and has been on courses throughout Southern California. He posted a "creditable" 82 at a San Bernardino course shortly before his arrest.

**GIVES ALIASES**

Mitchell admitted using aliases of "James Walker," "Donald Davis" and "Jack Taylor" while playing golf or traveling, but stuck to his own name when cashing checks, officers reported.

Signatures on the checks were selected from telephone books. Officers said "clever" methods were used to determine where victims did their banking.

In one case, a man purporting to be a motel owner called and said someone was trying to cash a check issued in that person's name on a certain bank.

The victim denied he had an account in that bank, at the same time naming a bank in which he did have a checking account. Later, a forged check was drawn on the account in the correct bank. In another case, a Los Angeles

used car salesman was approached by a prospective buyer. The buyer selected a car and offered to write a check for the balance, but said he had no blank checks.

The salesman offered him one of his own, suggesting that he insert the name of his own bank. The "buyer" then left on some pretext, stating he would return to complete the purchase. Later, the blank check, carrying the salesman's forged signature, was cashed in the amount of \$153.

## 75 to Learn About State Water Plan

The Feather River Project will be discussed at noon today during a general membership meeting of the San Bernardino Chamber of Commerce at California Hotel.

Some 75 persons are expected to attend the session which will feature showing of the film, "Water and You." A representative of the San Bernardino County Supplemental Water Association will be on hand to answer questions.

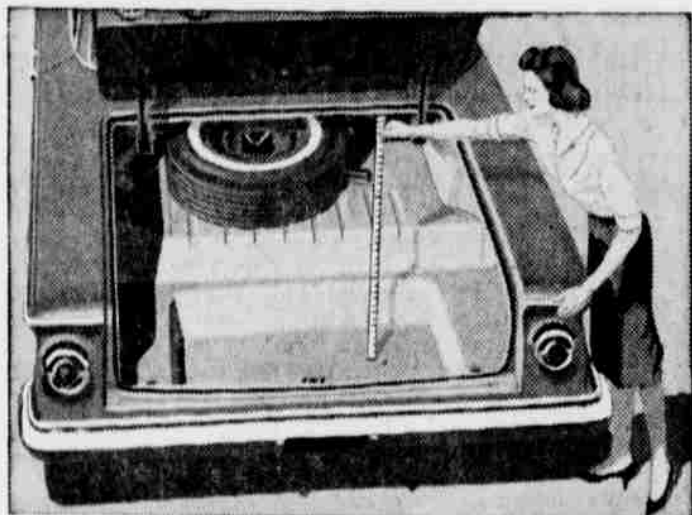

# HERE! THE GREATEST SIXTY-ONEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. A car so right for you in so many ways that once you compare it with the rest of the crop you'll agree nothing else near the money measures up to it.

We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to expect. Your dealer's the man to see for all the details that make this sensationally sensible '61 Chevy a new measure of your money's worth.

There's never been a trunk like it before! The floor's recessed more than half a foot—to form a deep well for holding things you used to leave home. Packing's easier, too—the loading height is as much as 10½ inches lower.

## INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!

Now you don't have to go without style, space and one of the world's best rides to get a car that's low priced and economical to drive. Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevrolets of all. Notice what beautiful sense the new roof line makes—the front door entrance height is nearly 2 inches higher.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cargo opening nearly 5 feet across and a new concealed compartment for stowing valuables.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness you can use—more front seat leg room and, thanks to a shaved-down driveshaft tunnel, more foot room in the rear.

Biscayne 4-Door Sedan

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

JACK R. McCULLOUGH . . . opens new music store

## New Music Store to Open

Jack R. McCullough and Dr. Ross L. Ballard announce the opening at 9 a.m. Saturday of The Music Hall, 940 E. Highland Ave., across from Ferris Hill Park.

"The new music store will feature a complete line of musical instruments and accessories," said McCullough. Studios offering qualified teachers in brass, reeds and percussive instruments will also be a part of the new store.

The owners plan eventually to offer a complete sheet music service. An instrument rental service is also featured.

McCullough is a music instructor at Pacific High School and has been prominent locally as musical director for recent seasons of San Bernardino Civic Light Opera Association productions. A five-year resident of San Bernardino, he resides with his wife, Lucile, and three children, at 3347 Wall Ave. The owners welcome their many friends and acquaintances to the store's opening, from 9 a.m. to 6 p.m.

## Bus Swerves to Miss Wrong-Way Auto; Woman Hurt

A car going the wrong way on the freeway was blamed for a mishap to a woman passenger on a Greyhound bus at 12:25 yesterday morning.

San Bernardino police reported Mabel L. Laird, of Los Angeles, sustained an arm injury. She was taken to Community Hospital by ambulance.

Driver J. A. Wallers, 356 Orlando Way, Ontario, said the victim fell out of her seat when he was forced to swerve to avoid collision with a car driving south on the northbound lanes.

## George AFB Second In Weapons Meet

Nellis Air Force Base near Las Vegas held the lead yesterday as the 1960 Worldwide Tactical Weapons Meet for Air Force fighter units went into its fourth day.

Second in the competition was the George Air Force Base team from Victorville. The meet closes Saturday.

## Cash Total Raised

WASHINGTON (AP) — The Treasury yesterday announced plans to obtain \$3 billion in new cash this month, bringing to \$6 billion the amount raised this year.

# CASTLE DEFENDS SELF ON CHARGES

(Continued From City Page)

the parties responsible therefore was that the press and the directors of the County Fair, one of whom is an officer in the Democratic Central Committee, (Editor's note: Castle here is apparently referring to James L. Evans, a former chairman of the Democratic Central Committee. Evans has not been on the committee since last June.) were making it appear that the military was honoring the candidate, rather than the congressman was there to pay his respects to the military.

"In 1958 the military refused to appear at a dinner at which the senior senator of the State of California was the honored guest and speaker. At the time the senator was not a candidate for any political office. The military said, and I quote 'the use of service musicians in the civilian domain is governed by Department of Defense directive 5410.6. Paragraph (4) of this directive is quoted in part as follows: "Armed forces participation must not directly or indirectly benefit or appear to benefit or favor any private individual, commercial venture, sect or political or fraternal group."

"I was and I am in complete harmony with the spirit of this directive. No one would have been embarrassed if they had been

adhering to the spirit and the letter of the directive and the laws relative to the function of our county fairs."

According to Castle, the third paragraph of his release refers to Sen. William F. Knowland, who in 1958 was senior California senator. The March Air Force Base band was the military band alluded to, and it was noted by Castle that at the time Knowland had not yet announced his candidacy for the office of Governor of California. The event was held at Perris Hill Bowl, and the public was invited to attend.

## AUF Kickoff Dinner Tickets Still Available

The Arrowhead United Fund Kickoff Dinner will be held at 7 p.m. Thursday, Oct. 13, in the Orange Empire Room of the National Orange Show grounds. Gen. Alfred M. Gruenther, president of the American National Red Cross, will speak.

Tickets for the dinner are available through the service clubs, the Arrowhead United Fund office, the Red Cross and Chamber of Commerce offices.

# GOP Chairman Stands Pat On Protest Made to Fair

The chairman of the Republican County Central Committee, David L. Armstrong of Ontario, yesterday stood pat on his protest over the dedication of the San Bernardino County Fair to Rep. Harry R. Sheppard.

Armstrong's statement came on the heels of a series of acts by Sheppard's opponent, Republican Robert M. Castle, which many branded "petty partisanship."

"I fully support my original protest made Monday against the use of the tax-supported county fair to honor the incumbent congressman during the election campaign," said Armstrong.

"People in San Bernardino County should be made aware of the fact that he is not responsible for military bases being located in this county."

"It is my belief that the Defense Department makes these decisions."

"Actually, people should be more concerned with the development of a healthy private economy to counter-balance the overly dominant, publicly tax-supported economy in the area such as the military bases."

Armstrong said the only direct

# Sen. Chavez to Be Guest of Kennedy Clubs Tomorrow

Sen. Dennis Chavez of New Mexico will be the guest of the Viva Kennedy Clubs of San Bernardino County tomorrow at a 12 noon luncheon at the Orange Blossom Room of the National Orange Show.

Chavez is in a 5-day swing through the state campaigning for John F. Kennedy on behalf of the Viva Kennedy Clubs.

Also in the party will be Henry P. Lopez, state Viva Kennedy coordinator; Edward R. Roybal, state chairman; Tony Tinajero G., national vice chairman of the American G.I. Forum and public relations director for VK clubs in California.

Following the luncheon, Chavez will hold a press conference. Tickets for the event are available at Democratic headquarters in San Bernardino, Democratic Headquarters in Redlands, the Citizens for Kennedy headquarters, the Mita Cafe in San Bernardino and from Felix Gomez, 351 W. Main St., Barstow.

Friday, Oct. 7, 1960

THE DAILY SUN—B-7

# Massive Defense Test Today Will Utilize Simulated Fallout

San Bernardino will participate the resulting "radiation," Major Friday in the most comprehensive test of radiological defense staff and equipment ever held in the southern counties of California, announced Allan K. Jonas, California Disaster Office director.

This civil defense exercise, beginning in San Bernardino at 6 p.m., will involve every radiological monitoring station in the southern counties in the operation to report simulated fallout patterns in the drill.

The public will not be asked to participate in the exercise, said Roland C. Major Jr., San Bernardino civil defense director. A general public defense program will be held some time in December, he said.

More than 30 persons will take part in the exercise in San Bernardino.

Major said the exercise will involve simulated nuclear attacks on March and Vandenberg Air Force bases and possibly other targets.

One of the jobs of the San Bernardino group will be coping with

Testing for radioactivity will be done by two mobile radiological units and fixed stations at San Bernardino and Pacific High schools, St. Bernardino's Hospital and the City Health Department.

Major said the exercises also will test communication, public information and operational services. "Ham" radio and citizens' band operators will be relied on to transmit messages.

California Highway Patrol and Departments of Fish and Game, Industrial Relations, Natural Resources and Public Works will join forces to predict theoretical fallout hazards.

Personnel of these agencies have received special training. A total of 342 kits of monitoring instruments have been placed statewide in field offices of these agencies having communications.

At the city and county level, police and fire departments, schools, hospitals, health departments and utilities will assist in estimating the danger and advising a course of action.

The civil defense exercise scheduled to start Friday is the second of a series of four two-day drills to be conducted this fall.

A total of nine counties will be involved in the test Friday and Saturday. They are San Bernardino, Riverside, Imperial, San Diego, Los Angeles, Orange, San Luis Obispo, Santa Barbara and Ventura.

# SHOW ON WORTH! CHEVROLET

# NEW '61 CHEVY CORVAIR

More space... more spunk and wagons, too!

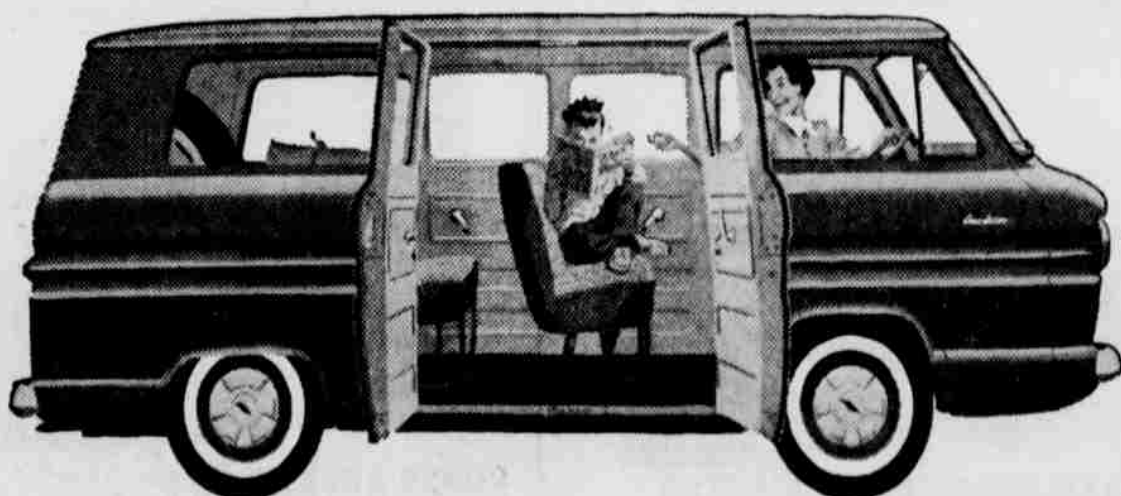

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON. Like all Corvairs, it's powered by a dependable air-cooled rear engine.

This sporty CORVAIR 700 CLUB COUPE gives you almost 12% more luggage space up front plus a longer range fuel tank.

You're looking at the handsome CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher for more equal distribution of heat front and rear.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room for people and things as ordinary wagons (shown with optional at-extra-cost third seat in position).

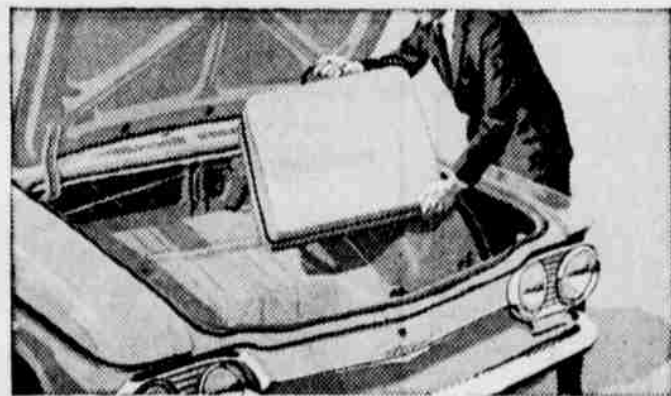

More room—more for you, more for your things. More dependable operation. Smarter, smoother styling. More miles per gallon. Wagons.

Corvair for '61: a complete line of complete thrift cars from Chevrolet.

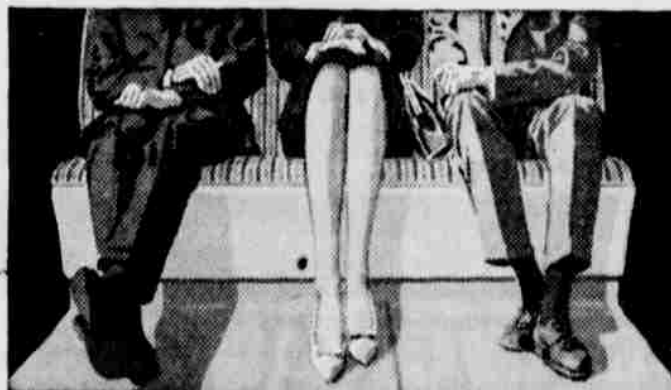

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon... quicker-than-ever cold-start warmup so you start saving sooner... a new extra-cost optional heater that warms everybody evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things. Compare that with any other U.S. wagon going!

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

For 1961 Corvair put the spare tire in the rear in coupes and sedans—where it doesn't take up an inch of luggage space in the front compartment.

This shows you for sure who remembers that middle-seat passengers have feet, too. It's Corvair's practically flat floor.

# Skeleton of Man Found

The Coroner's Office and Sheriff's deputies are trying to identify the skeleton of a man found yesterday near Dollar Lake in the San Bernardino Mountains.

According to Deputy Willard Farquar, the body was discovered in a brier patch in the Swampy Meadows area. The find was made by two deer hunters.

Officers are checking into the possibility that the remains are those of Ellison C. Flowers, 26, of Highland. Flowers disappeared while on a 1957 deer hunting trip in the San Geronimo Wild Area.

Farquar said the body discovered yesterday appeared to have been exposed to the elements for about two years.

It was dressed in a brown leather jacket and denim trousers.

## Chevrolet Broadens Its Range, Promises to Solidify Position as Top Seller for 1961

Top seller of 1960 automobiles, Chevrolet promises to solidify its position in 1961 by significantly broadening its range of passenger cars.

Scheduled for display at dealer showrooms Friday, Oct. 7, are 20 freshly styled conventional models; nine Corvairs including new passenger and commercial models, and the spirited two-place Corvette.

Complete new body styling, which provides easier loading for both passengers and baggage and establishes new heights in motorist comfort and convenience, is featured in the regular line of passenger cars.

### BODY ALL NEW

The entire body, from floor to roof and grille to rear bumper, is all new. Prime design emphasis has been placed on functionalism with thrust.

High on the list of advantages of the all-new body are:

1. Easier entrance to passenger compartments.

2. Large, more accessible luggage space, with a trunk loading level lowered as much as 10.5 inches.

3. Improved chair height and over-the-hood visibility which will increase the ease of parking and add to driving safety.

4. Other safety items include improved brakes, overlap electric windshield wipers, and a new placement for the fuel tank which protects it from road hazards such as hard bumps and flying stones.

Although the conventional cars are shorter, narrower and slightly lower, the interior roominess remains about the same or better than comparable 1960 models. Riding comfort is improved.

### GENTLE CURVES

From a styling standpoint, the new models feature gentle curves and smooth lines and a generally cleaner and airier appearance from all angles.

The Corvair models to be unveiled also blossom out into a complete line of passenger and commercial vehicles. They include:

Passenger cars — Club coupes four-door sedans and a new Lakewood Station Wagon in the "500" and "700" series, plus the deluxe Monza Sport Coupe and the new Greenbrier Sports Wagon.

Commercial — Corvan, Ramp-side and Loadside trucks.

Basic mechanical features of the Corvair — the air-cooled engine, combination of transmission and axle at the rear, and frame-body integration — are continued. So is the basic body styling, although exterior ornamentation provides a fresh appearance and the interiors are completely new.

Significant engineering improvements have been made, however, which will greatly improve luggage space, engine performance and fuel economy.

Other innovations include a 14-gallon fuel tank; a manual choke and more precise fuel metering to the carburetor; a new pattern of air circulation in the engine compartment to quicken warmup; an increase in engine displacement to 145 cubic inches; an optional 98-horsepower engine and a four-speed transmission.

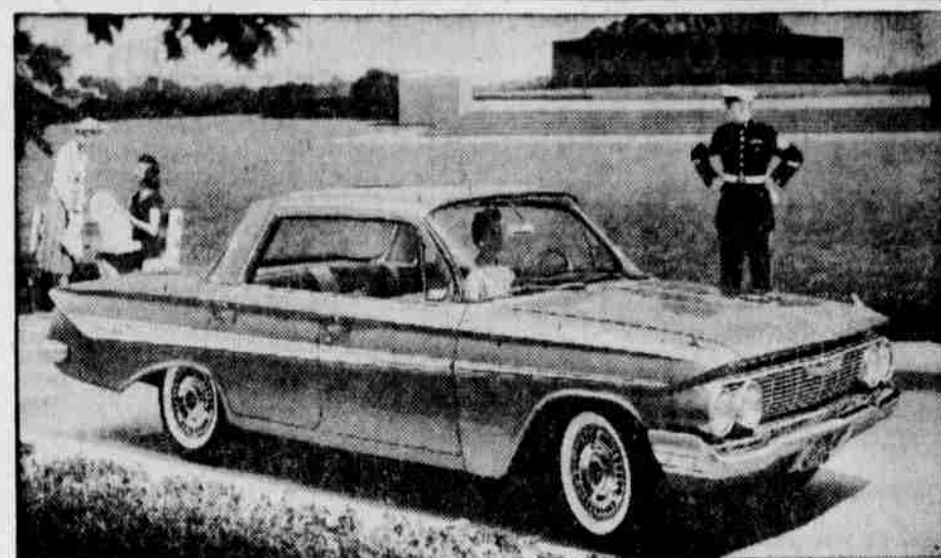

The spotlight in the Corvair field is expected to center importantly on the new Lakewood Station Wagon and the Greenbrier Sports Wagon.

Equipped with six doors and rated for a 1,600-pound payload, the brand new 95-inch wheelbase Greenbrier can readily be converted from a nine-passenger bus to a wide assortment of duties. It can carry six passengers and a 700-pound cargo or, with an optional third seat, nine passengers and 250 pounds of cargo.

### STATION WAGON

The Lakewood Station Wagon is a four-door, conventional type six-passenger model. But, with the second seat folded down, it offers 68 cubic feet of cargo capacity. One exclusive feature is the space under the hood.

Revised styling of the Corvair reflects the influence of Chevro-

**SLEEK IMPALA** — Impala sport sedan is one of 20 body styles in Chevrolet line for 1961. Designers have maintained smooth, graceful lines.

## Social Security Eased For Disabled Workers

For the fourth time in six years Congress has passed amendments to the Social Security law which liberalize the protection afforded disabled workers and their dependents.

Under the 1960 amendments, approximately 250,000 people — disabled workers under 50 years of age and certain of their dependents — are now eligible for Social Security benefits. Until now only those disabled workers between 50 and 65 and their dependents were eligible for monthly payments.

### HAVE FAMILY

Younger disabled workers are more likely to have families dependent on them than older workers age 50 and over. Before the change in the law, many of them were dependent upon public assistance payments which are financed out of general tax funds.

It is estimated that \$28 million will be saved in public assistance payments during the next year now that many of these young disabled workers and their families are eligible for disability insurance benefits based on their past earnings and Social Security tax contributions.

It is expected that savings will be even greater in the years to come when fewer people who become disabled before age 50 will need help through public assistance.

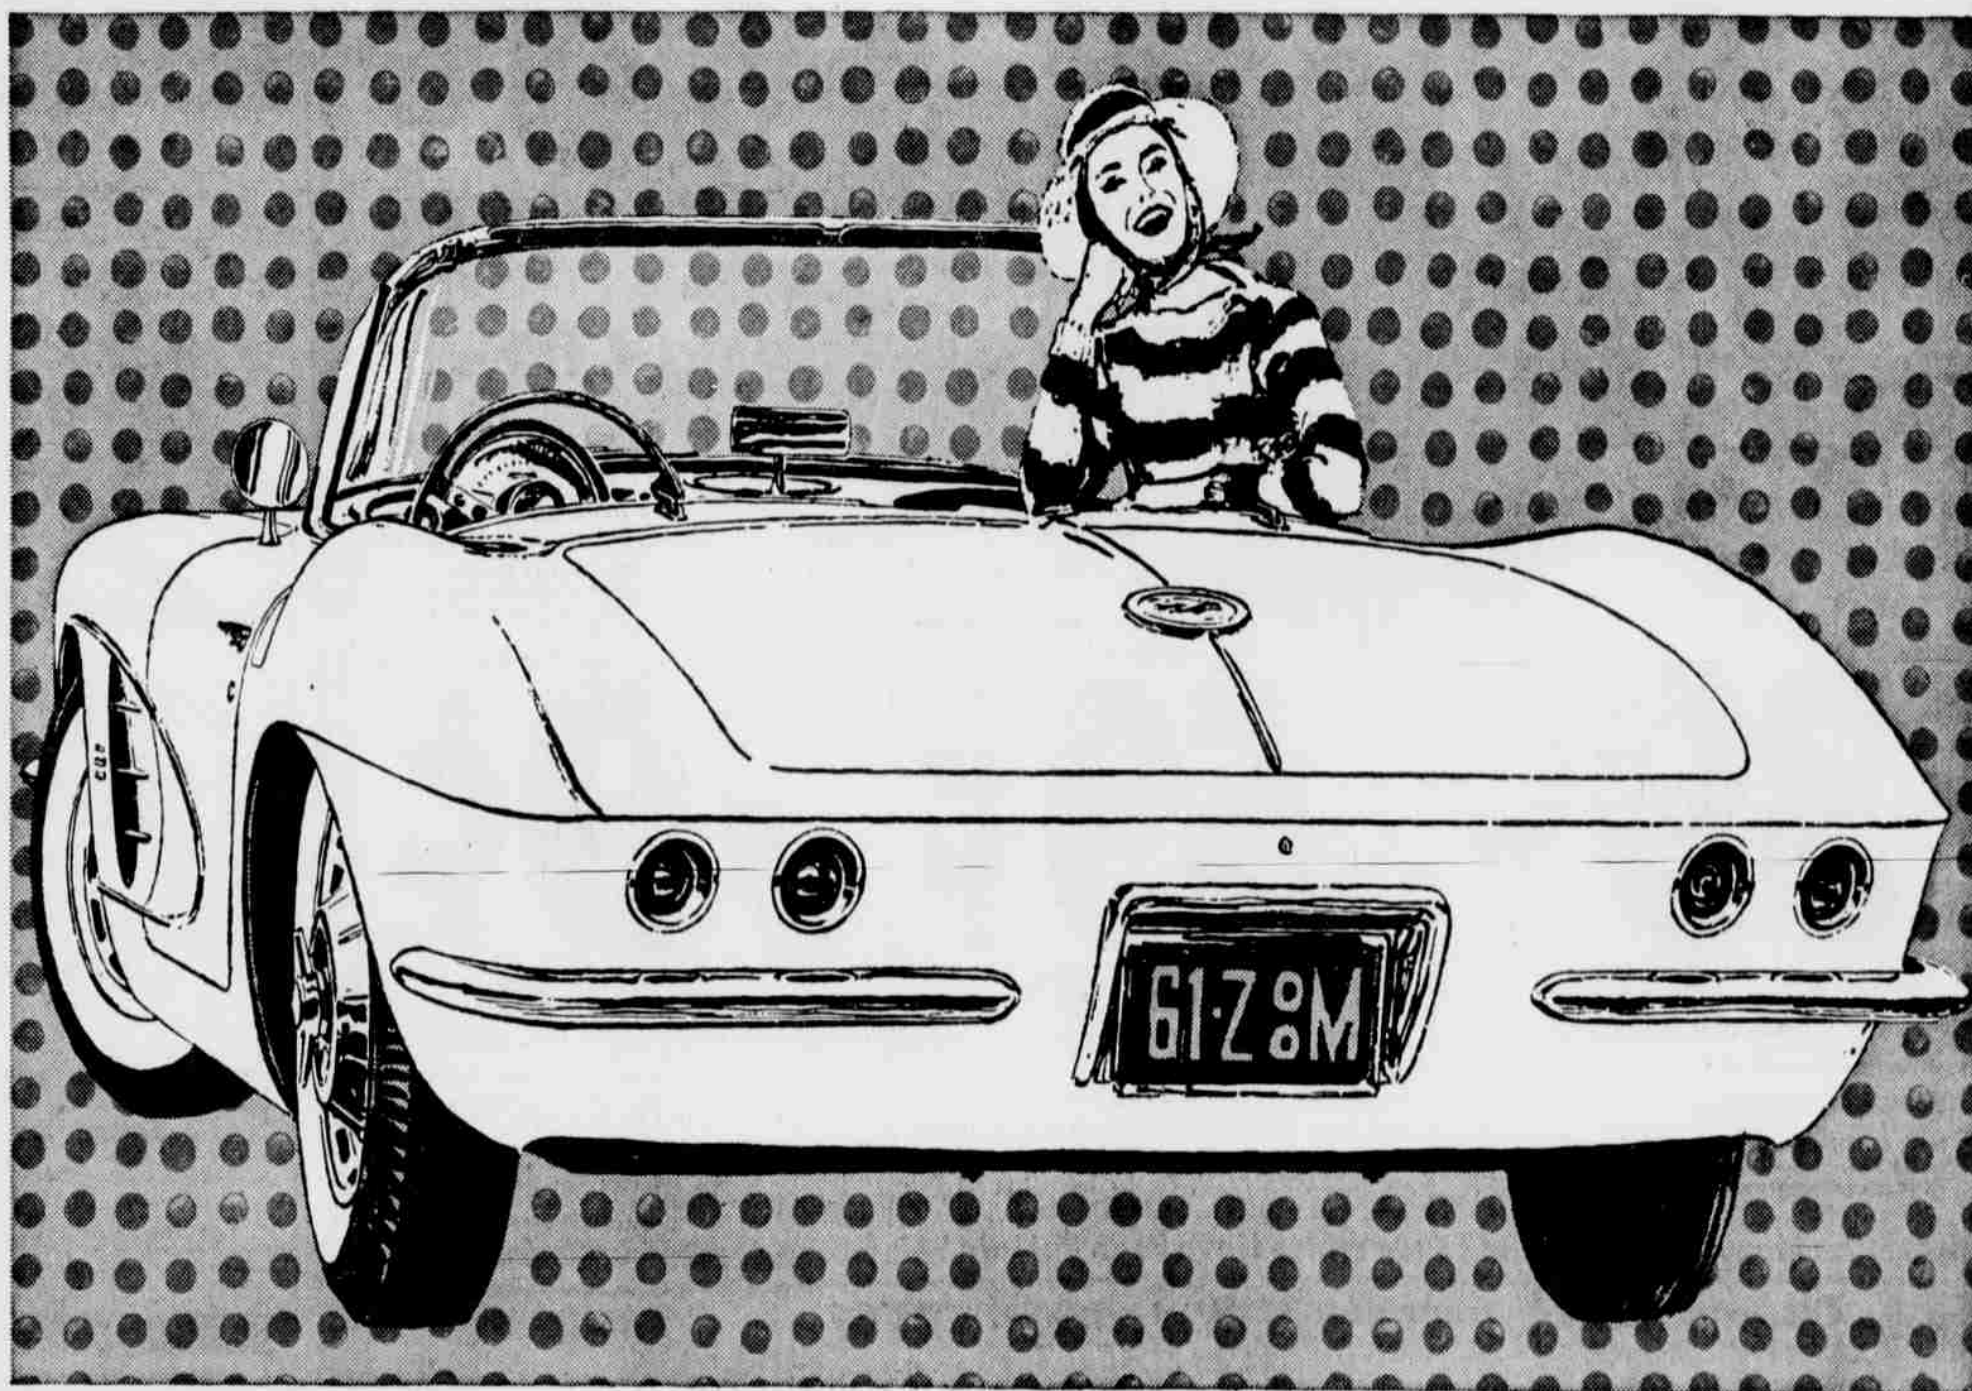

If you are under 50 and have already had your social security record frozen, you will receive a letter explaining the new benefits and what you need to do about getting them for yourself and your dependents.

Do not get in touch with your social security office at this time. It will only delay the district office in taking action to get checks to you and others who are eligible for payments under the new law.

However, severely disabled workers under 50 who have worked under Social Security, but have never applied to have their Social Security records frozen, should get in touch with their nearest district office to inquire about their rights to payments.

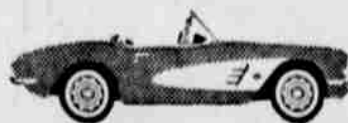

To qualify for disability insurance benefits, a disabled worker must, among other factors, be so severely disabled that he is "unable to engage in any substantial gainful activity."

## TOP PERFORMER IN THE GREATEST SHOW ON WORTH!

## '61 CORVETTE BY CHEVROLET

new form and fineness for America's only sports car!

There's a winging new shape for the '61 Corvette, from the contemporary lift of its upswept tail to its handsome new frontal treatment. And beneath these crisp contours, you'll discover new refinements that reach right down to Corvette's powerful heart, subtle but significant improvements made in the exacting tradition of true sports car development.

Settle yourself in the Corvette cockpit and feel the no-nonsense comfort of those new bucket seats. They're individually adjustable and, for the man who wants extra space behind the wheel, the seat tracks themselves can be moved farther back. Notice the increased foot and leg room made possible by a drive-shaft tunnel that's 19% narrower. Before you peer into the engine room you ought to check the new luggage compartment; it's 20% larger this year for even greater touring convenience and accommodation.

For muscle, the '61 Corvette retains five versions of America's most famous high performance engine, the Corvette V8. Quick and sharp as a whiplash, this engine can be had in every state of tune, ranging from the standard edition with 230 horsepower to the 315-horsepower Fuel Injection unit. To get this titanic thrust to the rear wheels, there are three transmissions to choose from: a brand-new three-speed Synchro-Mesh with new quick accelerating ratios, the close-ratio four-speed Synchro-Mesh for the keen type, and Powerglide for the boulevardier.

There's a feeling of pure confidence about the '61 Corvette, a feeling born of the knowledge that this is the genuine article! See this new one at your Chevy dealer's and you'll know. . . . If you wanted a Corvette before, there'll be no holding you now!

See the new Chevrolet cars, Chevy Corvairs, and the new Corvette at your local authorized Chevrolet dealer's!

'BUSINESS, LABOR, POLITICS'

Farrington to Speak at Press Club's Election-Year Seminar

With "Business, Labor and Politics" the theme for the annual Twin Counties Press Club seminar this year, the political topic will be handled by Charles Farrington Jr., of Los Angeles. He will speak on "Crisis in Partisanship."

Farrington, a noted Republican Party worker, will appear on a panel which will see William L. Aldrich of Anaheim, management consultant, speak on the importance of civil affairs in business and Thomas L. Pitts, secretary-treasurer of the California Labor Federation, AFL-CIO, who will speak on labor. Fourth speaker will deal with the moral aspects of politics.

CHARLES FARRINGTON  
... Republican worker

The Press Club's 1960 seminar will open at Hesperia Inn at 10 a.m. Oct. 14. Price of tickets includes luncheon at the popular desert resort. A special after-lunch program will include "grid-iron" slits lampooning both citizens and officials in governmental life at the grass-roots level.

The seminar is open to the public. Tickets are available from James M. Sautsbury at The Sun-Telegram in San Bernardino, Robert Holmes at the Riverside Press-Enterprise and Mrs. Harriet Olmos at Triad Newspapers in Rialto.

Chairman of the seminar is Donald J. Wrynski, who served in the same capacity last year when the club, which covers both San Bernardino and Riverside counties, began its series of annual seminars on topics of timely import.

Farrington, 31, is a native of Bluefield, West Virginia. Having an educational background in both law and theology, he was educated at Fishburne Military School, Washington and Lee Un-

iversity, is a 1961 graduate of the University of Arizona, attended Seabury-Western Theological Seminary and George Washington University Law School.

He has made a career as a public relations consultant and currently resides in West Los Angeles with his family.

Politically, Farrington is a director on the advisory board of the Republican Associates of Los Angeles County. From 1951-1953 he was vice chairman of the Young Republican National Federation, and from 1953-1957 was administrative assistant to U.S. Sen. Barry Goldwater, R-Ariz.

In 1958 Farrington was state campaign manager for Gov. Paul Fannin of Arizona, and the following year was campaign director for the Charter Government Committee of Phoenix.

FALCON 'STANDS ON ITS RECORD' FOR '61

The Ford Falcon, now on display at Ford dealers, enters the 1961 model year with a proven record of all-around economy leadership, six-passenger comfort, handling ease and dependable operation, and introduces a new 101-horsepower performance option—the Falcon 170 Special engine.

"In its first year, the Falcon established itself as the standard of American compact cars," said James O. Wright, Ford Motor Co. vice president and Ford division general manager. "No other car ever achieved the first year success to equal the Falcon's sales of nearly a half million since it was introduced in October 1959," he maintained.

**CONVEX GRILLE**  
The 1961 Falcon has a new, convex-shaped aluminum grille, but preserves the styling and inside-outside dimensions of its predecessor. That means the Falcon will continue to offer full six-passenger seating room, the feel and maneuverability of a sports car, and a 23.7-cubic-foot trunk to carry luggage in real vacation quantities.

In addition, Wright pointed out that numerous durability improvements in the 1961 Falcon will result in greater savings and less inconvenience to Falcon owners. Among these improvements are 2½ times thicker anodizing on the aluminum surfaces, double wrapping of the aluminumized muffler, galvanizing of additional underbody parts for greater rust and corrosion protection, and more effective use of stainless steel for parts such as the new hub caps.

**FOUR MODELS**  
The Falcon is offered in four models — two- and four-door sedans and two- and four-door station wagons.

Wright said the Falcon has firmly established its fuel economy reputation by delivering up to 30 miles per gallon of gasoline. Recommended oil change interval with the Falcon's Full Flow oil filter is 4,000 miles.

"For those who want increased performance — about 15 per cent

better than the standard 85-horsepower, 144.3 cubic inch engine — Falcon will offer an optional 170-cubic-inch, six-cylinder engine that is rated at 101 horsepower," he said.

**'REGULAR' GAS**  
Both Falcon engines operate on regular grade fuel. Both Falcons also have a new "snorkel-type" air cleaner that results in quieter operation, more uniform air flow and smoother high speed engine operation. Engine front covers are cast from aluminum for better sealing.

A new optional automatic choke also is available with either Falcon engine.

Two transmissions — three-speed manual shift and Fordomatic — can be matched with either the standard or optional engine. Heavy-duty transmission and drive-line components are used with the Falcon 170 Special. Wright described the Falcon styling as simple and functional with a minimum of decorative chrome. The front fenders and hood slope downward to provide maximum visibility. Single seven-inch headlights, set into the new grille, provide illumination comparable to that of the smaller dual headlights on other cars.

Other new appearance items include headlamp rims, rectangular parking lights designed to blend with the new grille, and new Falcon emblems on the sides of the front fenders.

**OPTIONAL POWER**  
Falcon station wagons have a crank-down tailgate window, with power-operated control optional. Falcon wagon load space length is more than seven feet, with a volume of 76.2 cubic feet — comparable to the 1957 Ford station wagon.

The Falcon exhaust system features a new, double-wrapped aluminumized muffler which lasts three times as long as conventional mufflers. Between the aluminumized inner shell and the zinc-coated outer shell is an asbestos wrapping and faster warm-up, thus minim-

izing corrosive action of exhaust products.

The body is of unitized construction, with front fenders being bolted on for easy repair or replacement. This construction combines strength and rigidity with minimum weight.

"Lower costs for parts and repair have resulted in lower insurance rates for the Falcon," Wright pointed out. "In most areas it costs up to 15 per cent less to insure than standard size cars."

**ACCESSORIES**  
Among the options and accessories available for the Falcon is a dealer-installed air conditioning unit that has the capacity to cool an average-size five-room house.

Other optional equipment, in addition to the Falcon 170 Special engine and automatic transmission, includes deluxe interior-exterior trim, radio, heater-defroster, safety-padded sun visors and instrument panel, seat belts, tinted glass, whitewall tires, wheel covers, windshield washer, electric wipers and two-tone paint. A stainless steel and chrome luggage rack and electrically operated tailgate window are optional on the station wagons.

There are 13 paint colors for the Falcon in 1961, all in Ford's Diamond Lustre enamel. Upholsteries in new patterns and colors are durable and easy to clean.

LITTLE LIZ

Some people are merely pressed by high taxes—others are taken to the cleaners.

FORD FALCON — Styling, maneuverability and interior roominess are preserved in 1961 Ford Falcon. Above is Falcon Fordor sedan. They are now on display at Ford dealers.

# Cole Fulfilling Long-Time Dream With Broadway Show

By BOB THOMAS  
(AP Movie-TV Writer)

HOLLYWOOD (AP)—The other night, Nat King Cole and his wife were in slight disagreement over the directions to Ciro's.

"I ought to know," he insisted. "Back in 1938, I used to take the Sunset bus near there to rehearse a radio singer at \$5 a session."

Cole has come a long way since those days, so long that he is currently able to pass up \$200,000 in bookings to fulfill a long ambition of appearing on Broadway.

**NEEDS ADDED INCENTIVE**

"A lot of people think I'm crazy," he admits. "Especially the people in my own organization, because they can see that

money going out the window. But this is something that means more to me than money.

"I reached a point in my career when I needed some added incentive. Sure, I was making lots of money in night clubs and concerts. But sometimes I'd find myself doing the work while my mind was somewhere else.

"I've been thinking for five years about accepting the challenge of a Broadway show. Finally, I decided to do it."

The whole idea started when Cole recorded an album called "Wild Is Love," written by newcomers Dotty Wayne and Ray

Rasch. It was a story idea that seemed convertible into a stage musical. Later, it was decided to create a whole new musical based on the varying themes of love. The

## THE GREATEST SHOW ON WORTH!

BUMP-IDEA — Roll out the heavy loads... nothing to it! It's cool!

## LOOK CHEVY 95'S CORVAIR 95'S!!

WING-DING OF A TRUCK IDEA! A TOTALLY NEW KIND OF TRUCK THAT'LL PRACTICALLY PAY FOR ITSELF IN SAVINGS!

CORVAIR — Side doors open "wide" with loading height to a low 44" HIN

Meet the latest thing in moving loads! Three rear-engine Corvair 95's (two pickups and a panel) now join Chevy's '61 fleet—each one designed to give you more cubic feet of load space than a conventional half-tonner... up to 1,900 pounds of payload on a nimble 95-inch wheelbase!

Nothing that carries a load for a living comes close to offering this kind of efficiency! Here's a truck that's nearly 2 feet shorter than a conventional half-tonner—yet holds more payload! (Corvan, for example, has 191 cu. ft. of cargo space!) It's a truck with load space so accessible it practically loads and unloads itself... offers exceptional driver comfort, handling ease and visibility. (No hood between the driver and the road!) It's a truck

with longer life built into its one-piece body-frame design... with better stability because of its independent 4-wheel suspension and near constant weight distribution, loaded or unloaded. You get whopping high capacity, light-touch maneuverability, plus the inherent economy of a gas-saving air-cooled rear engine that never needs water or antifreeze or radiator repairs. Your Chevrolet dealer will tell you more.

## IN THE SHADOWS

## KEITH W. SMITH

Keith W. Smith, 58, of 901 Edgehill Road, died Sunday in a San Bernardino hospital. A native of Huntington, Ind., he had lived in San Bernardino for 50 years.

He was the son of the late Frank Smith, former air brake supervisor for the Santa Fe Railway.

Surviving is a sister, Mrs. Lois K. Reese of Mt. Victory, Ohio.

Private services were held Thursday at Mt. View Cemetery with Gilford E. Olmsted, minister of the First Christian Church, officiating. Stephens & Bobbitt Mortuary directed.

## PEARL A. MUTTY

Mrs. Pearl A. Mutty, 66, of 9835 Juniper Ave., Fontana, died Thursday in a Fontana nursing home. A native of Maine, she had lived in Fontana for 10 years.

She and her husband, Donald W., celebrated their 46th wedding anniversary on Sept. 7. She was a member of St. Joseph's Catholic Church.

Survivors include the widow; three daughters, Mrs. Jacqueline Ramphenal, Fontana, Mrs. Theodora E. VanAken, Cypress, and Mrs. Patricia A. Goodwin, Garden Grove; eight grandchildren and five great-grandchildren.

Rosary will be recited at 7:30 p.m. Sunday at Stanley L. Dickey Mortuary, Fontana. Mass will be celebrated at 8 a.m. Monday at St. Joseph's. Interment will be in the Garden of the Resurrection, Green Acres Memorial Gardens, Bloomington.

## HENRY D. EASTMAN

Henry D. Eastman, 86, of 3375 Duffy St., died Thursday in a San Bernardino hospital. A native of New York, he had lived in San Bernardino for 12 years.

He was a retired painter and paper-hanger.

Survivors include the widow, Mrs. Maude Eastman; two sons, Floyd C. Mestler, San Bernardino, and William Eastman, Waretown, N.Y.; and a sister, Mrs. Harry Bancroft, Cheshire, N.Y.

Services will be held at 11 a.m. Saturday at Grove Colonial Mortuary. Interment will be in Mt. View Cemetery.

## BABY BOY HINDS

Baby Boy Hinds, infant son of

Mr. and Mrs. William Hinds, 1582 Gilbert St., died Sunday in a San Bernardino hospital.

Survivors include the parents and six brothers, all of San Bernardino; the maternal grandparents, Mr. and Mrs. C. R. Anthony, San Bernardino; and the paternal grandparents, Mr. and Mrs. Samuel Hinds, Louisville, Ky.

Private services were held at Mark B. Shaw Chapel. Interment was in Mt. View Cemetery.

## IRA K. MCCLARD

Ira K. McClard, 74, of 1616 Vermont St., Los Angeles, died Tuesday at his home. A native of Arkansas, he had lived in Los Angeles for six months. He was a former resident of San Bernardino.

Survivors include four sons, Freeman, Los Angeles, Alvin, San Bernardino, Orville, Perris, and Robert, Selma; two daughters, Mrs. Maybelle Andrew, Selma, and Mrs. Margaret Evans, San Diego; three brothers, Elmer, Olathe, and Raymond, all of San Diego; and 10 grandchildren.

Services will be held at 11 a.m. Saturday at Green Acres Memorial Gardens, Bloomington. The body will lie in state until time of services, Mark B. Shaw Co. is directing.

## FRANK PAZ JR.

Rosary for Frank Paz Jr. will be recited at 8 p.m. today at Mark B. Shaw Chapel. Mass will be celebrated at 9 a.m. Saturday at Our Lady of Guadalupe Catholic Church. Interment will be in Mt. View Cemetery.

## LUCILLE ANTUNEZ

Rosary for Mrs. Lucille Antunez will be recited at 6:30 p.m. today at Ingold Chapel, Fontana. Mass will be celebrated at 7:30 a.m. Saturday at Sacred Heart Catholic Church, Etiwanda. Interment will be in Green Acres Memorial Gardens, Bloomington.

## LAURA M. BALDWIN

Services for Mrs. Laura Mae Baldwin will be held at 10 a.m. Saturday at Stephens & Bobbitt Chapel. Interment will be in Mt. View Cemetery.

## JOHN BAJUK

Rosary for John Bajuk will be recited at 8:30 p.m. today at In-

gold Chapel, Fontana. Mass will be celebrated at 9:30 a.m. Saturday at St. Joseph's Catholic Church, Fontana. Entombment will be in Mt. View Mausoleum.

## CONCEPCION (CHON) LIMON

Rosary for Concepcion (Chon) Limon will be recited at 8 p.m. today at Mark B. Shaw Chapel. Mass will be celebrated at 9 a.m. Saturday at Christ the King Catholic Church. Interment will be in Mt. View Cemetery.

## LAURA M. DONALDSON

Graveside services for Mrs. Laura Mae Donaldson will be held at 10 a.m. Monday at Montecito Memorial Park, Stanley L. Dickey Mortuary, Fontana, is directing.

## MARGUERITE KNOWLES

Mass for Mrs. Marguerite Knowles was celebrated Thursday at Holy Rosary Catholic Church with Rev. Eugene A. Gausz as celebrant.

Father Gausz recited the Rosary Wednesday evening at Mark B. Shaw Chapel.

Funeral services were held Tuesday at 10 a.m. at the home of the deceased, Mrs. Margaret Evans, San Diego. Interment was in Mt. View Cemetery.

## GEORGE E. HOWARD

Services for George E. Howard were held Thursday at Ingold Chapel, Fontana, with Ernest Briggs, Christian Science Reader, officiating.

Mrs. Ronald Ingold sang "Gloaming" and "Pleasant Street" accompanied at the organ by Catherine Forbes.

Cremation was at Montecito Memorial Park.

## ELDRIDGE R. SESSOMS

The body of Ssgt. Eldridge R. Sessoms will be forwarded today by Stanley L. Dickey Mortuary, Fontana, to the Stendenmeir Funeral Home in Florence, S.C. Interment will be in Florence National Cemetery.

## LIZZIE A. SHRIVER

Services for Mrs. Lizzie A. Shriver were held Thursday at the Ralph Wm. Allen Funeral Home, Rialto, with the Rev. Frank C. Watkins of the Church of the Nazarene of Bloomington officiating.

Mrs. Lois Watkins sang "The Old Rugged Cross" and "In The Garden" accompanied at the organ by Mrs. Evelyn Kircher.

Officiating at the graveside was the Rev. Mr. Watkins and Mrs. Lillian Guerry, president, and

## CHURCH COUNCIL CONCLAVE TOLD 'TRUTH' VICTIM IN WORLD TODAY

"Truth has been and is being asserted today. It is being perceived, denied and camouflaged," Rev. H. Elson McCutcheon told delegates at the opening session yesterday of the 17th annual convention of the American Council of Christian Churches of California at Bible Presbyterian Church, 2602 Pinalo St.

The state president set the keynote for the convention theme, "The Unchanging Word in a Changing World," using "Truth" for the subject of his address.

Quoting with frequency from the Bible, he divided his subject into the definition of truth, definition of truth and the demands of truth, using illustrations from the Bible text.

## Columbus Day Mass Set For Knights Sunday

San Bernardino Council 905, Knights of Columbus, will join with other district councils for the annual Columbus Day High Mass at George Air Force Base at 11 a.m. Sunday.

Victor Valley Council 4228, Knights of Columbus, will host the program.

Rev. Charles P. Young, chaplain of District 69, will celebrate the Mass.

A light lunch consisting of sandwiches, donuts and coffee and other beverages will be served after the Mass.

Mrs. Anna Maerkl, chaplain, of the Gold Star Mothers.

Pallbearers were P. D. Cloud, Jules Harrell, Russell E. Grove, Ray Hamilton, Cecil L. Guerry, Archie B. DeLaVergne and Dr. Gerald A. Smith. Interment was in Green Acres Memorial Gardens, Bloomington.

## CHRIS JENSEN

Services for Chris Jensen will be held at 11 a.m. today at Mark B. Shaw Chapel. Interment will be in Pioneer Memorial Cemetery. The body will lie in state until time of services.

## ESTHER L. JESTER

Graveside services for Mrs. Esther Lloyd Jester will be held at 10 a.m. today at Mt. View Cemetery. Stephens & Bobbitt Funeral Home is directing.

## SHEPPARD URGES STEPPED UP DEFENSE SPENDING, FIRMER FOREIGN POLICY

ver," he said.

He forecast a healthy missile future for Norton Air Force Base as the military concentrates more and more on missiles and less on manned aircraft.

"That doesn't mean the end of manned aircraft. We'll always need them. But it does mean there will be less manned aircraft," he said. "If Norton AFB hadn't been converted to a missile base it would have been rapidly disappearing by now."

**AGAINST JOINT USE**

Sheppard repeated his stand against joint use of Norton AFB by civilian-military planes. "The military doesn't want it and it would mess up the missile development of the base."

On the proposed development of Tri-City Airport Sheppard stated the military felt that was disagreeable.

To back his claim that more defense spending is necessary during the cold war period, Sheppard said Khrushchev had been able to take over more countries without declaring war than Hitler had been able to do with his mil-

itary machine in a shooting war.

In his Antlers Hotel speech to the Argonauts, Sheppard gave his view of Khrushchev.

"On his first trip to this country some people got the erroneous impression this was a friendly man. His true character is being shown to the public now in his appearances before the United Nations."

Khrushchev, he said, was a man sitting on a powder keg in his own country. "He is surrounded by ambitious men just waiting to knock him off. We verbally snipe at our opponents over here. Over there they snipe with real bullets."

**HITS CONVENTIONS**

Sheppard termed political conventions "vaudeville." Presidential and vice presidential candidates should get out and campaign just like congressmen have to do, he said.

He lashed out at the present U.S. policy in Panama. "It was a mistake to let them fly their flag beside ours. Let them fly their flag in their own country. That's our country."

The next meeting of the American Rocket Society, Arrowhead Section, will be a dinner at the Dinnerhorn Restaurant, San Bernardino, Oct. 26.

Subject will be a film and explanation of the concepts of launching large solid rockets from the ocean.

Personnel interested in future ARS meetings or membership particulars are invited to contact Ernest O. Rolle, Directorate, Procurement & Production, Mira Loma Air Force Station, or Lou Cridder, Services Section, Directorate, Supply & Transportation, Norton Air Force Base.

## (Continued From City Page)

city of 3rd Street has increased from 600 to 670 cars per hour as a one-way artery, an increase of 12 per cent.

During one year, vehicle accidents have dropped 28 per cent on the one-way streets, the report says. Accidents during a year of two-way operation totaled 310, compared with 222 as one way operation.

Charles L. Hunt, after a statement by Councilman William P. Howard, asked if the council would accept a solution worked out by the committee, if it did not agree with the committee's ideas on the matter.

Before that Howard had stated that one-way streets were the result of an overall traffic pattern worked out by the city. Howard declined to directly answer Hunt's question, saying the committeeman was asking him to endorse a

position when he didn't even know what the position was.

Councilman George C. Blair, who presided over the meeting, settled the matter saying that both the advisory board and council "are both going to have to face the public" with their solutions to the traffic problems.

San Bernardino police are looking into the burglary of coin machines in two of the city schools. Intruders broke into San Bernardino High School and burglarized three vending machines located in the hall.

At Conrad Junior High, someone broke into the building, forced open two drawers in a filing cabinet and finally forced open the coin box on a pencil vending machine.

## (Continued From City Page)

By this time, Jim Harris had disappeared, slipping through the crowd, a discredited, humiliated press agent, poor soul, who had for years used farm girls in his county fair publicity pictures, completely overlooking the accomplishments of city girls. I had told him this and he scoffed at me. This led to my offer to prove to him that city girls know all about milking. I rejected cows; they're too easy to milk.

Then came Betty Maupin, secretary to James K. Guthrie, executive vice-president of The Sun Co., who probably has never been on a farm a day in her life. It was another exhibition of sheer skill. Betty took something like a quart, care-less measure, of excellent milk

from Rise, of French Alpine breed.

I can't estimate just how much milk, by both volume and weight, we would have come away with had there not been a little trickery thrown into the contest (and I suspect it stemmed from Harris). One of Harris' underlings blew the whistle on each of my milkers just as the streams of milk quit rattling in the pails. In another few minutes each of my girls would have needed another pail, but, of course, that sneaky Harris couldn't have stood such an overwhelming defeat. As it was we didn't bother to measure our take, just claiming an outright default victory. That was enough.

Cute little Dawn Loewen, of Hanford, the California Dairy Princess, was at the fair to preside over the cow milking contest later in the day. She said she had never seen anything like my girl milkers. Boy, she's a princess for real.

(Continued From City Page)

tion came in connection with fare increase granted by the State Public Utilities Commission. The PUC ruling became effective Sept. 16. The school board's action would cover only the balance of the school year.

The board took no direct action on Mueller's announcement that he might use school buses other than to express general approval of the announcement.

## Jets Unheard of

First coast-to-coast through bus service between Los Angeles and New York City began in 1928. The 3,433 miles were covered in 5 days and 14 hours, for an average speed of 26 miles an hour.

A collection that outdoes even the most unusual. New fall and winter shapes, colors, and details in beautiful tapestries, cut velvets, peau de soie, marshmallow leathers, velours, broadcloths, jeweled and beaded bags.

**NICE DISPLAY** — Tommy Tipton and Joyce Osburn Hartman pose with one of many photos on display in the photo exhibit at the County Fair.

**YOUNG AND THE OLD**—Karen Hodges learns about old fashioned irons from display now being shown at County Fair in Victorville.

## Just Lovely -- Both of Them

**PRETTY PICTURE**—Pretty Karen Hodges frames pretty picture painted by Marjorie Ransom Cummins. The de-

sert scene is one of many at San Bernardino County Fair in Victorville. Fair closes Sunday. (Sun-Telegram photos)

**MYSTERY SOLVED**—Police have tape recordings in which hoodlum Floyd A. Holzapfel (right, below) tells how Circuit Judge and Mrs. C. E. Chillingworth (above) of West Palm Beach, Fla., were murdered at sea. The couple vanished from their home five years ago.

## Missing Judge, Wife Killed, Hoodlum Says

WEST PALM BEACH, Fla. (AP)—A Florida hoodlum's description of the murders of Circuit Judge C. E. Chillingworth and his wife was on tape yesterday and officers reportedly were seeking a white man and a Negro as accomplices in the sensational crime.

The wealthy judge and his wife, Marjorie, vanished from their oceanfront home June 15, 1955, in circumstances indicating they had been kidnaped and slain.

Five baffling years of investigation finally ended when Floyd A. Holzapfel, during a two-day drinking bout in a Melbourne, Fla., motel, blurted the full story to two companions while officers in another room put it on tape.

### HURED FOR KILLING

The ex-convict, 36, allegedly hired to kill Chillingworth, 58, said he and a Negro accomplice went by motorboat to the lonely beach behind the judge's home.

They grabbed the judge when he answered their knock on the door, then took his wife when she came to investigate the scuffle.

"She was an accident," Holzapfel said. "We weren't gonna bother her, but when she saw me we didn't have no choice, so we took her, too."

The couple was taken three or four miles out to sea and both were weighted down with heavy chains.

"I said, 'Ladies first,' and pushed her in," Holzapfel related. "She went down with a few bubbles."

### JUDGE HARD TO SINK

"Then we shoved the judge in, but he was such a good swimmer that even with the chains he was able to float."

"We tried to run him down with the boat and when we missed him the others wanted to shoot him."

Instead the judge was hit on the head with a hammer and went down.

Plot was piling upon plot in the fast-breaking case. Two men were released under \$25,000 bonds after being charged with conspiracy to kill Holzapfel.

One of them, Donald Miles, 31, an Eau Gallie builder, was reported missing after he borrowed his sister's car for an errand.

## Second Finch-Tregoff Murder Trial Nearing Dramatic End

LOS ANGELES (AP)—A twice-told tale of sex and intrigue, the second Finch-Tregoff murder trial, is nearing its climax amid rising drama.

Final arguments are under way and the jury of 11 women and one man will soon take over the same task on which an earlier jury deadlocked. The jurors must decide:

Whether Dr. R. Bernard Finch shot his estranged wife in the back by accident during a frantic midnight struggle, as he says, or intentionally as the prosecution charges.

### IMPASSIONED PLEA

Grant B. Cooper, Finch's attorney, pursued his final impassioned plea yesterday in an effort to save the once-prosperous socialite physician from a first-degree murder conviction and possible death penalty.

The crewcut, athletic doctor, 42, and his shapely sweetheart, Carole Tregoff, 23, are charged with murder and conspiracy in the July 8, 1959, slaying of Barbara Jean Finch, 36. She was killed outside the \$50,000 Finch home in a country club area of suburban Covina.

As in the first trial, the defendants have told of an illicit love affair which started while Miss Tregoff was still married and working for Finch.

Like the first jury, this jury must decide whether to believe smooth-talking hoodlum John Patrick Cody, self-styled ladies' man, or the defendants.

Cody, a much-arrested barroom

FLOYD HOLZAPFEL  
... "Ladies first"

Wednesday night and failed to return.

Later Miles, who came from Cincinnati five years ago, was reported at his home.

The other alleged conspirator, William A. Peel Jr., former West Palm Beach city judge, was reported at home. Peel was once publicly rebuked by Chillingworth for allegedly working both sides of a divorce case.

Holzapfel, in his recorded story, which he later repudiated, said he was hired by someone who held a grudge against Chillingworth, a stern but highly respected jurist.

A check of Oklahoma Pardon and Parole Board records showed a Floyd Albert Holzapfel, 36, was a fingerprint technician for the Oklahoma City Police Department in 1945 and 1946. He resigned and early in 1947, while attending college, was convicted of armed robbery. He was paroled from the Oklahoma Penitentiary in 1948 and received a full pardon in 1949.

Records of the parole board show Holzapfel spent at least one year at Oklahoma City University after his parole. He compiled an excellent scholastic record and was a member of the college debating team.

The pardon was granted so he could enter the Oklahoma City Law School but it was not known if he enrolled.

The white man and Negro being sought in the Chillingworth case have not been identified. Holzapfel, Peel and Miles are white.

## 2 Teen-Agers To Be Executed By New York

NEW YORK (UPI)—Two teen-aged murderers, known as the "Cape Man" and the "Umbrella Man," were sentenced yesterday to die in Sing Sing Prison's electric chair. They are among the youngest persons ever to face execution in New York State.

The killers, members of a street gang called the Vampires, terrorized New York's Hell's Kitchen area in a summer juvenile crime wave in 1959.

They are Salvador Agron, 16, the Cape Man, and Luis Hernandez, 17, the Umbrella Man.

### STABBED 2 BOYS

The pair and four other street toughs attacked a group of youngsters in a playground Aug. 30, 1959, fatally stabbing two boys and wounding a third.

Agron was called Dracula and the Cape Man because he wore a red-lined cape and carried a foot-long Mexican dagger with a silver handle. He lived up to his reputation for hardness when he declared upon his arrest, "I don't care if I burn. My mother could watch me."

Hernandez was known as the Umbrella Man because he carried

**FACE EXECUTION**—Salvador (Cape Man) Agron, right, 16, and Luis Antonio (Umbrella Man) Hernandez, left, 17, were sentenced in New York yesterday to the electric chair for killing two youngsters. (AP wirephoto)

an umbrella the night of the death in the electric chair mandating. Both youths are natives of Puerto Rico.

General Sessions Judge Gerald P. Cullen ordered the two boys executed under the verdict of an all-male jury, which ruled on July 20 after a 13-week trial. The jury made no recommendation for mercy. Under New York law, the absence of a mercy plea makes

Also under state law, an appeal is mandatory. The boys were ordered to be taken to Sing Sing Prison in Ossining, N.Y., for execution the week of Nov. 14.

The youngest boy ever to die in the electric chair there was a 16-year-old murderer.

## Kennedy Vows Fight Against Right-to-Work

WASHINGTON (UPI)—Democratic presidential nominee John F. Kennedy has promised the AFL-CIO he will work to abolish "anti-labor laws" if he is elected president, the labor organization said yesterday.

It said Kennedy made the pledge to AFL-CIO President George Meany during a series of talks.

The talks and comments were published yesterday in the AFL-CIO News. Meany said the text of the article was cleared by Kennedy as a "faithful representation of his views."

Kennedy specifically promised to try and eliminate state "right-to-work" laws and expand picketing rights of building craftsmen on construction jobs. Both are high-priority union goals.

Kennedy, however, denounced as "Republican distortions" any suggestion that he favors every legislative proposal supported by organized labor.

Meany, in an unusual show of personal support, said:

"I earnestly recommend that every AFL-CIO member vote for the Kennedy-Johnson ticket on Nov. 8."

Friday, Oct. 7, 1960

THE DAILY SUN—B-15

## HEARST NEWSPAPERS GIVE BACKING TO NIXON, LODGE

NEW YORK (UPI)—The Hearst newspapers announced yesterday their endorsement of Vice President Richard M. Nixon for President.

The newspapers, which endorsed Dwight D. Eisenhower in 1952 and 1956, will carry identical editorials in today's editions explaining their endorsement of the Republican ticket of 1960.

"Our choice is the ticket of Vice President Nixon and Henry Cabot Lodge," the editorial said.

### EXPERIENCE CITED

"In making it we acknowledge the patriotism, integrity and political sagacity of Senator Kennedy and Senator Johnson. These qualities are beyond question. They are fine, dedicated Americans."

The Hearst organization said it was supporting Nixon and Lodge mainly because of their experience in foreign affairs and their economic philosophy.

The editorial said that Nixon has profited by eight years of executive training "directly under the world's foremost warrior for honorable peace, President Eisenhower."

"Mr. Nixon has been entrusted by the president with more authority and greater participation

in the administration than any other vice president," the editorial said. "As a member of the Cabinet and National Security Council he has helped to formulate the big policy decisions during the President's tour of duty."

"The vice president has traveled throughout the world on assignments from the President. He knows the leaders and the people of the nations — on our side, neutral, or hostile — with whom our next president will have to deal."

"Mr. Nixon's record itself is the best evidence that he has served with distinction and courage."

### PRAISES LODGE

The editorial praised Lodge for his work in the United Nations and commended him and Nixon for their economic philosophy.

"The Democratic program which Mr. Kennedy approved, and his own program as stated in his speeches, would cost the federal government many more billions of dollars a year," it said. "Mr. Nixon has estimated the minimum cost at \$13.2 billion. This figure has been decided by Mr. Kennedy, but without factual rebuttal."

"The Kennedy program would compel the government to go into deficit financing."

### 12 MONTH or 12,000 MILE PROTECTION

*(whichever comes first)*

### FOR EVERY 1961

### CHEVROLET, PONTIAC, OLDSMOBILE, BUICK, CADILLAC

### CHEVROLET TRUCK and GMC TRUCK

\*Except tires and those adjustments or part replacements recognized as normal maintenance items

In keeping with General Motors long established policy of providing the best for every owner of a General Motors car or truck, the new General Motors Dealer Warranty is your assurance of reliability and value.

When you buy a new 1961 General Motors automobile or truck, you have the confidence of knowing that your purchase is backed by the manufacturing skills of General Motors and the matchless reputation of General Motors quality dealers everywhere.

Provided by GM Dealers for a full year or 12,000

miles of driving, whichever comes first, this extended warranty is unsurpassed in the industry. In combination with the GM Dealers Guardian Maintenance Service, it gives you the finest kind of protection for your car or truck investment.

General Motors Dealers take a deep and lasting interest in the owners of General Motors products—when you buy, as you drive, and when you are again in the market for a new car or truck. That's the General Motors way!

**CONTRIBUTIONS HELP** — How does she stop the pain? She can't, but she tries. He suffers from a catastrophic disease. Through donations to the Arrowhead United Fund, the City of Hope continues its service to children and adults afflicted with such diseases. (Sun-Telegram photo)

The AUF Story

**BIG STRIDES HAVE BEEN MADE, BUT MORE NEEDED**

(In this story and others about the Arrowhead United Fund agencies you will read about the human services they offer to men, women and children in this area, regardless of race, color or creed. People have many problems and they look to you — the contributor — to find the answers through United Giving.)

"How do you give faith to a child when he pleads with you to stop the pain?" Do you take him on your lap and bury your face in the short stubble of his hair and pray for the words that will ease him as you try physically to stop it through your embrace?

The parents of the children at the City of Hope Children's Ward for the catastrophic diseases of heart and cancer have an answer in this free non-sectarian hospital which offers hope to the parents and cures for the stricken youngsters.

Tremendous strides have been made through the new facilities available at the hospital for the treatment of heart and cancer.

Research is a weapon used at the hospital by the skilled and dedicated men and women who attempt to track down the killer diseases which attack children and adults.

Exciting discoveries make the realization of cures just a threshold away. This is about Johnny—he was born just seven short years ago with a defective heart.

Each breath was a labored gasp — crying, coughs, sneezes were all objects of terrible concern.

At two years he had major surgery — 11 long hours in the operating room, but the results were hopeful. Johnny continued to grow — get better . . .

He was constantly under the care of the City of Hope. In the past five years there have been tremendous strides in this catastrophic disease. Johnny will go in for another operation next month. "Daddy," he asks, "after this operation will I be able to play ball with the other kids?"

Through your contribution to the Arrowhead United Fund the City of Hope will continue to offer help and hope — your gift may be the one that will carry through to the threshold of cure — they look to you — you help more when you give the united way. . . an hour's pay a month.

Hog Money

"Hog money" was the name given the first coins minted in Bermuda in early 1600. So named because of the design of a wild boar on one side, it is believed less than a dozen specimens are now extant—all of them quite valuable.

# Yankees Teach Pirates 16-3 Lesson

## SPORT Slants by CLAUDE ANDERSON

### World Champs to Appear

Virtually lost in the bounce of baseballs, footballs, and golf balls during the past week is the fact that the Boston Celtics, world champions of professional basketball, will be making their first appearance in history in San Bernardino Tuesday night.

The awesome Celtics, generally recognized as the greatest cage aggregation of all time following their National Basketball Assn. playoff win last winter, will match buckets with the Los Angeles Lakers Tuesday at 8 p.m. in the Orange Show's Swing Auditorium.

The thought of catching such Celtic super-stars as Bob Cousy, Bill Sharman, Bill Russell, Frank Ramsey, Tom Heinsohn, Jim Luskoff and the Jones boys, K.C. and Sam, should be enough to pack the 5,800 seats at the spacious auditorium.

The transplanted Lakers, who shifted headquarters from Minneapolis to the L.A. Sports Arena this season, will feature the fabulous Elgin Baylor, who gained All-Pro his rookie year; the unanimous All-American from West Virginia, Jerry West; Frank Selvy, "Hot Rod" Hundley and the 6-11½ Ray Felix.

Baylor, who has an amazing arsenal of shots, alone is worth the nominal admission price. Some of his shots haven't even

been duplicated by Meadowlark Lemon or Goose Tatum of the Globetrotters. In the Lakers' 119-119 win over Boston back in Providence, R.I., Wednesday night, Elgin pumped in 40 points.

The Lakers did it without the gigantic Felix, who had flown out to L.A. to have his injured knee treated. Felix hopes to be ready for Tuesday's tussle at Swing Auditorium, but if he isn't the Lakers will go with Jim Krebs, who stands "only" 6-9½.

The Lakers have caught on in remarkable style in L.A., with over \$150,000 worth of season tickets already sold. The most ever peddled before NBA play opened in Minneapolis was \$38,000. By selling \$40,000 more before the 1960-61 season gets under way, the Lakers would break the NBA record for advance sales.

To demonstrate the caliber of competition, pro basketball is the only sport with five All-Americans on the floor and four more on the bench.

### Sugar Ray to Train in S.B.

SHORT SLANTS—San Bernardino will soon be having another champion in its midst, when three-time boxing title holder Sugar Ray Robinson opens his camp in a couple of weeks at Arrowhead Springs Hotel.

Glenn Snyder, managing director of the spa, revealed yesterday that Sugar Ray and his entourage will be switching their camp from Gilman Hot Springs to Arrowhead Springs, when Robinson resumes training for his title tiff with Gene Fullmer. The bout was postponed until Dec. 3 after Fullmer pulled a tendon in his leg.

"This is the greatest place for training I've ever seen," George Gainford, Sugar Ray's manager, enthused yesterday. "We quit out there at Gilman, and we'll be starting here in two or three weeks."

Gainford has been Sugar Ray's manager throughout his career, which began at the age of 13. It's an amazing story how the Sugarman reclaimed his name: Born Walker Smith, on May 3, 1921, Gainford wanted to enter him in Golden Gloves competition, but he was too young.

### Casper Comes to Rialto

Bill Casper of Apple Valley, the hottest pro on the golf tour at the moment following wins at Portland and Hesperia, will be at El Rancho Verde in Rialto next week to play the nifty Rialto course. He stopped by Wednesday to visit his old friend, Jack Stokes, the new pro at El Rancho Verde.

Stokes was formerly at San Diego CC, where Casper played often. Bill was on his way to San Diego for some yellowtail fishing this weekend. Steve Stubbs came with Stokes from San Diego CC and the other assistant pro at El Rancho Verde is Nick Cassa Jr., from Harrisburg, Pa.

Our heartiest congratulations to Jack Bacon, former SBHS baseball star, for winding up as low amateur in the classic field at Hesperia. The short but strong-armed Bacon fired a 73 Friday, 75 Saturday, 73 Sunday and a 76 Monday for his sparkling amateur win.

Promising Jim McPhate, the 19-year-old Arrowhead CC star, was only one stroke back of Bacon, heading into Monday's final round. His dad, Greg, quipped Sunday that "I must be the only caddy in history who

ever paid \$250 for the right to carry clubs for 18 holes." Jim had a sizzling 69 on the first day at the long Hesperia course.

After a 13-61 mark last week, our season grid picks record is now 28-9-3 for 757. This week's stabs: (1) SBVC over Citrus, 20-6; (2) Chaffey over Orange Coast, 13-7; (3) University of Redlands over Cal Tech, 24-6; (4) Georgia Tech over USC, 21-4; (5) Santa Ana over Mt. San Antonio tomorrow, 27-20; and (6) Riverside over Fullerton JC, 19-13, in college play.

On the pro front, (7) Chicago's Bears over the Rams, 28-21; (8) L.A. Chargers over Boston, 21-17; (9) Dallas over the Redskins, 35-31; (10) Giants over Steelers, 24-21; (11) 49ers over Detroit, 28-24; (12) Eagles over St. Louis, 38-31; (13) Baltimore over Green Bay, 31-28.

In prep play, (14) Pacific to fall at Lincoln at San Diego, 13-7; (15) Redlands over Ramona of Riverside, 20-6; (16) Riverside Poly over Colton, 19-6; (17) Paramount over Chaffey, 20-13; (18) Needles over Twentynine Palms, 18-6; (19) Aquinas over Chino Boys Republic, 19-12; and (20) Eisenhower of Rialto to be edged by Coronado High, 13-7.

## MONTREAL RIPS TORONTO, 5-0 IN NHL OPENER

MONTREAL (AP)—Henri (Pocket Rocket) Richard scored two goals last night as the world champion Montreal Canadiens opened their National Hockey League season with a 5-0 victory over the Toronto Maple Leafs.

The Canadiens started the new campaign just as they ended the Stanley Cup competition last spring when they downed the Leafs 4-0 in the final game of the post-season competition.

Jacques Plante, winner of the Vezina Trophy five straight years as the NHL's leading goalie, had to make only 21 saves, with just four in the final period.

## SBHS Jayvees Score Wildly in 45-18 Win

Wild-scoring SBHS outran Fontana, 45-18, in their jayvee football skirmish yesterday as Josh Carter ran 45 and five yards for touchdowns and kicked three extra points.

Dick Casillas passed 40 yards to Bob Howard for one TD and plunged a yard for another. Mike Lippitt ran 50 to score with an interception. Pat Kwock and Clint Hooper ran back recovered fumbles for TD's, going 35 and 15 yards.

### Apprentice Scores

SAN BRUNO (AP)—Apprentice jockey Frank Pacheco rode four winners yesterday at Tanforan, including the longshot Mr. Raven by a neck in the featured Warm Springs Purse.

## Mantle Shatters Pittsburgh Pride With Two HR's

PITTSBURGH (AP)—The New York Yankees bashed the brash Pittsburgh Pirates 16-3 yesterday—a near-record rout—and bounced back as the favorites now that the World Series is tied 1-1 as play shifts to Yankee Stadium.

## Rugged Citrus Invades SBVC In EC Opener

### Undefeated Owls Try Single-Wing Against Indians

By JIM MEKONE  
(Sun-Telegram Sports Writer)

Ready or not, the hot-and-cold San Bernardino Valley College football warriors plunge into the Eastern Conference mainstream tonight against undefeated, dangerous Citrus Junior College.

SBVC rates a solid favorite to survive the 8 p.m. fireworks at Orange Show Stadium.

However, that dubious honor is based upon the thin paper of comparative scores. The Citrus Owls clawed past Harbor last week, 13-12. SBVC disposed of Harbor by 28-7 in the Indians' opener.

### 16-8 LAST TIME

But Coach Buck Weaver and his sadder, wiser Indians would be quite willing to settle for a margin as big as the 16-8 victory they barely grasped at Citrus last year.

SBVC suffered a 14-7 setback to Compton last week.

Can the Indians come back? Will the linemen give quarterback George Farrell any protection when he passes? Who will put pressure on the Citrus passer? Can speedy Eddie Williams & Co. find the blocking to break clear?

SBVC is waiting for the answers tonight, as it opens a seven-game conference schedule. Citrus should answer whether the Indians are going to live up to their first-game promise, or fumble to a mediocre season.

Citrus shut out Palomar, 35-0, in its opener.

### UCLA-STYLE ATTACK

And the Owls look good enough to give anybody trouble. Under Russ Hampton, their new coach, they run the UCLA version of the single-wing—the third different

(Continued on C-5, Column 1)

(Continued on C-5, Column 5)

The American League champions now are favored at 17-10 in this best-of-7 series. With left-hander Whitey Ford, Manager Casey Stengel's pitching choice against southpaw Wilmer (Vinegar Bend) Mizell, the Yankees are 3-2, picks to win the third game tomorrow, after a day off.

After losing the opening game here 6-4 when his Yankees couldn't come from behind, Stengel shifted to "experienced hitters" for this one. And they all became more experienced, piling up a total of 19 hits, one shy of the Series record, and hustled loose for seven runs in the sixth inning.

### THREE EXPLOSIONS

The big blasts by the Yankees were a pair of home runs by Mickey Mantle, the second a drive of some 460-feet over the center field wall, and a triple off that same barrier by Elston Howard. Mantle's home runs, putting him two behind Babe Ruth's World Series record of 15, gave him five runs batted in, tying a record.

It was in that second game of the '36 Series, also played in the losers' park, that Yankees Bill Dickey and Tony Lazzeri set the RBI record which Mantle tied Thursday (and which Ted Kluszewski of the Chicago White Sox also matched last year against Los Angeles).

Mantle's second shot, which cleared the 12-foot wall in center field at the 436-foot mark, the farthest exit available, came off Joe Gibbon in the seventh inning after singles by Tony Kubek and Joe DeMaestri.

The other home run, which got the Yankees rolling after losing pitcher Bob Friend was lifted for a pinch-hitter, came against Fred Green with one on in the fifth and made it 5-1. This one was a baby by comparison, 400 feet into the right-center seats.

Both Bue relievers are left-handers, and each fed the switch-hitting Mick, who was batting right-handed, fast balls.

### UNTIMELY SLIPS

"They were supposed to be low and tight," said Pirate catcher Smokey Burgess, "but they came in outside and belt high."

The majesty of Mantle's second home run, the first ever hit over that section of the Forbes Field barrier by a right-handed batter, left some questioners wondering how it compared with his previous tape-measure shots.

Stengel protested that he didn't really know, because, "there was some we've had trouble seeing, doncha know, and that one in Washington (563 feet) we had a hard time findin' out where that ball went."

The Yankee outburst supplied by what Casey termed "my experienced hitter" (He kept Cleve Boyer on the bench at the start in favor of Gil McDougald at third, put Elston Howard behind the plate and shifted Yogi Berra to left for Hector Lopez) was no surprise to Stengel.

Every Yankee Stengel used, and there were 11 of them, got a hit except for Bobby Shantz—who never came to bat. The little lefty wrapped up a long after-

## Cards Stop Fontana, 25-7

### Bunny Brown Scores Twice

### SBHS Wins Sixth Consecutive Game

By CLAUDE ANDERSON  
(Sun-Telegram Day Sports Editor)

San Bernardino High's jet-propelled Cardinals raced to their second straight Citrus Belt League conquest, and their sixth in a row over a two-year period, by downing the Fontana Steelers, 25-7, before 3,475 fans in Orange Show Stadium last night.

After a sluggish first half, Bezeviru (Bunny) Brown once again ignited Coach Carl Schiller's Cardinal machine when he darted for two touchdowns in the third quarter to turn a tight struggle into a 19-0 SBHS bulge.

Brown's scoring scampers came on a 4-yard left end run and a 15-yard reverse around left end, giving the 144-pound scrapper the CIF point lead with 42, on 7 touchdowns. He scooted for 28 yards to set up his first TD.

Bunny had been specializing in long-range gallops, but a fleet Fontana halfback, Ron Stoh, stole the show from him in that department this time. With 5½ minutes left in the game, Stoh broke through the middle from the Steeler 15 and sped 85 yards to paydirt. Rudy Cruz' PAT made it 19-7.

### SBHS MARCH

Schiller re-inserted his No. 1 unit, and in 3½ minutes following the ensuing kickoff SBHS marched 54 yards in 7 plays for the final TD with 1:51 remaining. Terrell Jackson ripped for 11 and 14 yards, and QB Jim Vaughn flipped an 11-yard aerial to end Charles DeMorf to spark the drive.

Fumbles hurt Coach Darrel Tay-

## The Sun Sports

Friday, Oct. 7, 1960 ★ THE DAILY SUN—C-1

### 'WISH I COULD SAVE THEM'

## Mickey Dislikes 'Wasted' Homers

PITTSBURGH (AP)—Mickey Mantle virtually apologized yesterday for hitting two tremendous World Series home runs.

"I wish I could have saved them for a time when they meant something—but in a 16-3 ball game, . . ."

The blond, sturdy New York Yankee outfielder even took in stride the fact that his second homer cleared the 15-foot-high right center field wall at the 436 mark—probably a 460-foot smash. This was the first time anyone

batting right-handed had ever accomplished the feat.

"Anyway I'm hitting better right-handed than left," he said. "I hope I see a lot more left-handed pitching."

Manager Casey Stengel of the Yankees, crowded out of the visitors' dressing room at Forbes Field because it is so tiny, held court in the office of Pirate Manager Danny Murtaugh.

"I thought Bob Turley (the Yankee pitcher) was tired," he said. "It was a pretty long day for him and he hasn't pitched many nining games. His control wasn't good."

Bobby Shantz relieved Turley in the ninth after the Pirates scored two runs and Shantz ended the game by getting Don Hoak to hit into a double play.

Stengel defended his strategy of sending Yogi Berra to left field and putting Elston Howard in as catcher.

"I'm not afraid to start Berra any place," he rasped. "He's awkward but he covers a lot of ground. We need his hitting."

Berra smashed a single to center that scored two runs in the Yankee's big seven-run sixth inning.

Don Hoak, the fiery third baseman who is playing the Series despite a groin injury, chipped in to say:

"Hell, we got beat. And I'm like Danny. If we lose by a big score we don't have to hang our heads and worry about some mistakes—the kind of mistakes that cost you victory in these 3-2 and 2-1 games. We made a good many mistakes today. We learned something. We'll profit by it and don't worry about us not winning the Series. We'll win okay."

### 'NO EXCUSES'

Dick Groat, the Pirate captain who committed a glaring error on a ball hit by Tony Kubek in the Yankees' big seven-run sixth inning, said:

"I booted that ball and that is all there is to it. I certainly should have fielded it cleanly and I have no excuses. As far as the team is concerned, this team bounced back all the time in the regular season and we'll bounce back against the Yankees in New York."

IN ROSE BOWL TONIGHT

## Bulldogs Hope For 'Breather'

University of Redlands opens its bid for the Southern California Intercollegiate Athletic Conference title tonight with what amounts to a "breather" against Cal Tech in Pasadena's famed Rose Bowl. Kickoff is set for 8 o'clock.

"Bulldog Coach Ted Turner's comment that his team should 'go very well,' is probably the understatement of the week. The UCR eleven will reign a four to five touchdown favorite.

"Cal Tech, never known as a grid power, opened its season with a 23-13 loss to University of California at Riverside, while Redlands started with victories over Cal Western (27-6) and La Verne (21-2), then fell to Arizona State, 20-6.

"The Bulldogs suffered only bruised feelings in the loss to the Arizona eleven, with no new injuries sustained. However, they will still be without the services of tackle Dick Verdon, out with a sore shoulder. Skip Turner, a 220-pounder, will start in his spot.

"DID REAL WELL" Turner was actually pleased with the overall play of his team in the loss. "They did real well," he commented, although adding that second half errors possibly kept the UCR from winning the game.

"Cal Tech, which uses the wing-T formation, has about 25 players in uniform. "They are about like last year," Turner stated, after watching the first half of the UCR game. Last year's UCR team won 49-0.

UR starters in the line will be Bill Wallace and Doug Mattox, ends; Myron Tarkenton and Turner, tackles; Gary Troyer and Marshall Nixon, guards and Rollin Grider, center. In the backfield it will be Roger Chamey, quarterback; Leo Guest, fullback and Jerry Neumann and Dan Armstrong, halfbacks.

Cal Tech's chief running threat is Vince Hascall, who was injured in the UCR game but is expected to be ready for action tonight.

### Long Beach Plans To Revive Pro Bouts

LONG BEACH (AP) — They're going to resume weekly boxing at this shore city.

First bout, promoter Leon Black announced yesterday, pits welterweights Bobby Brown of Seattle and Frankie Ramirez of Los Angeles. It's 10 rounds, Oct. 17, in municipal auditorium.

### Bobby Lane To Play With Steelers Sunday

PITTSBURGH (AP) — Quarterback Bobby Lane of the Pittsburgh Steelers, down with a virus infection for the past two days, will be ready for Sunday's game with the New York Giants.

The veteran quarterback resumed workouts with the National Football League team yesterday.

WHEELING by Ted Nicolai

You don't see many Rolls-Royces around these days, but they still have the reputation of being the "Best Car in the World" . . . There are still very few people who will argue with you on that point. For sheer quality, nothing in the automotive line can compare with the Rolls. This reputation for workmanship goes back to the introduction in 1906 of the legendary "Silver Ghost" — so named for its aluminum-painted body and silver-plated trim. The first model was run non-stop for three months over a distance of 14,371 miles. Afterwards, the Royal Automobile Club of England checked the machine and replaced the worn parts for approximately 10 dollars. And this same car is still running with more than 500,000 miles behind it!

## Aquinas High, Big Bear to Go on Road

Falcons Play at Chino; Rim Team Has Home Game

By BRUCE GRANT (Sun-Telegram Sports Writer) Arrowhead League play opens on three fronts today, with defending champion Twin Pines sitting out the first round of games.

Aquinas High's Falcons, runners-up in 1959, are at Chino Boys Republic and California School for the Deaf of Riverside in the 3 p.m. games. Big Bear plays Notre Dame at 7:30 p.m. at Evans Park in Riverside.

Coach Jimmy Nelson's Aquinas club took a 12-0 victory over Webb in its season opener last Saturday, but Nelson was "disappointed with our offense."

Needless to say, the Falcons have stressed offense in drills this week. No changes are contemplated in the starting lineup.

PLAYERS PRAISED Nelson praised his defensive backs. "We're real proud of the pass defense against Webb," Nelson said. Bill Hardy ran back one intercepted pass for a TD. Bill Gebbie and Mario Porras rounded out the slick secondary.

Workhorse Gary Mucho, a line-backer and offensive guard, led the forward wall. Paul Moyer and Bill Lenz also drew praise from Nelson.

Chino Boys Republic's tentative lineup for the Aquinas game includes (left end to right): Huber, Anderson, Wright, Contreras, Crawford, Rightmire and Maguire. The backs most likely will be: Miller, Walsh, Cavanaugh and Kennedy, according to Coach Dick Whitman.

San Bernardino County's mountain schools, Rim and Big Bear, pulled the real surprises of last weekend. Rim nosed out tough Desert High, 13-12, and Big Bear took a "moral victory" in a 0-0 tie with Twentynine Palms.

Rim Coach Bud Goodell was high in praise of his defense against the heavier Desert squad. Ken Roberts, who is out with a knee injury; Steve DeVincenti; Butch Baumann; and John Thomas were among the defensive standouts.

Dale Goethe's passing and the nifty receptions by end Ron Tynall have been Rim's top offensive weapon.

Goodell said he planned no changes in his starting lineup.

Big Bear's Ed Stallcup was overjoyed with his team's performance at Twentynine Palms. "We have real good team spirit this year," Stallcup said. "Those boys went down there (to the desert city) to play ball—and they did!"

Sophomore Tim Pointer gets the starting call at left guard and Roy Huffman moves in at right end for the Bears. Other starters probably will be the same as last week, with John Lucas back at left tackle after a tonsillectomy.

### Colton Jayvees Triumph

Colton overcame the Riverside Jayvees yesterday, 18-7, on touchdown runs of 21 yards by Art Armas, 8 by Dan Hostetter and 4 by Bill Medford. Ken Ramsay led the defense.

# Hustling Terriers Start CBL Quest

## Ramona Visits 1959 Champs At 8 Tonight

Unbeaten Redlands Substitutes Desire For Experience

By BRUCE BROWN (Sun-Telegram Night Sports Editor) Lacking the experience of last year's great team, but with strong desire, the Redlands High Terriers open defense of their Citrus Belt League football title tonight against invading Ramona High of Riverside.

They'll play at University of Redlands Stadium, starting at 8 o'clock.

The Terriers of Coach Frank Serrao, who boast a strong offensive game, had their defense given a severe test last week against Anaheim. Redlands came away with a 13-6 victory. In the opener they annihilated Morning-side, 34-7.

Ramona, on the other hand, has been having a rough time of it. They bowed to Ganessa of Pomona, 33-0, and were tied by Lakewood, 6-6.

### PASSING EXPECTED

"Ramona is a hard-fighting ball club and deserved to beat Lakewood," Serrao commented. "We expect quite a bit of passing from them." The Rams run from a modified split-T formation in which they split an end and flank the halfback on the opposite side.

Fullback Steve Reeves is the big offensive gun for the visitors, along with George Tavaglione and quarterback Tom Major, who likes to scout on rollouts.

The Terriers have power runners in the backfield in Bob Garcia and Harold Carr at halfback and Lou Ramirez, while slick young Steve Taylor handles the handoffs and passing.

In the line it will be Paul Fernandez and John Robison, ends; Tom Hernandez and Bob Campbell, tackles; Art Horta and Henry Horta, guards and Dave Owens, center.

## MIDGET FOOTBALL SCHEDULE PITS LIONS AGAINST CUBS

A change in tomorrow's San Bernardino Pop Warner Midget Football League schedule was announced yesterday by President Al Guhin, which will have the Colton Lions meeting the loop-leading KFXM Cubs on the Colton High field at 2 p.m.

The Cubs and Colton were slated to play out-of-town teams, but when none materialized they decided to have their league game. The Rialto Colts meet the Post 777 Rams at Eisenhower in another loop tilt, and in another at SBHS, the Redlands Knights face the Grid Kids at 1:30, following a pee wee game at noon tomorrow.

The Cubs capped their second league win last Saturday, 28-0.

## Palmer Named Golfer of Year By Landslide

DUNEDIN, Fla. (AP) — Arnold Palmer, the 31-year-old golden boy of golf from Ligonier, Pa., was named the PGA 1960 professional golfer-of-the-year yesterday by a landslide vote.

Harold Sargent, president of the Professional Golfer's Assn. made the announcement through PGA headquarters. Sargent said Palmer received 1,088 votes out of the 1,217 which were cast by golf professionals and newsmen. Palmer's total was the highest in 13 years of balloting.

Jay Hebert, the 1960 PGA champion from Lafayette, La., was second with 52 votes. Jerry Barber, 1960 Tournament of Champions winner and 1959 PGA runner-up from Los Angeles finished third with 19. Total votes for 31 other professionals accounted for the remaining 38 ballots.

### 62-13 LAST YEAR

## Poly Favored To Rip Colton

By CLAUDE ANDERSON (Sun-Telegram Day Sports Editor) Riverside's Poly Bears, tabbed for the Citrus Belt League title in the pre-season polls, and Colton's Yellowjackets, picked for the cellar, open CBL action tonight in a battle at 8 p.m. on the Bears' Wheelock Field.

Up until two weeks ago, Coach Ben Hammerschmidt's Poly Bears might have been able to name their own score against Colton, but later developments have given Coach John Odenbaugh's Jackets a thin ray of hope for an upset.

Riverside has received for two setbacks, as has Colton, but the Bears' opposition has been considerably stiffer. Poly fell to Compton, 41-25, then was shocked by Chaffey, 12-7. Colton was clipped by Rubidoux of Riverside, 7-0, and was nipped by Pt. Loma, 13-6.

Riverside romped over Colton by seven touchdowns last year, 62-13, adding insult to injury by kicking a field goal. Bob Hammond, who booted the rare 3-pointer, is back and opens at guard for the Bears.

Colton will be at near top form for the fracas, with only center Mike Sanchez definitely out with a shoulder separation. End Larry Paris is doubtful with an injured knee.

Odenbaugh and his aides, Everett Phelps, Tom Verbanatz and Bob Owens, open with a line of Harry Whittington (175) and Dave Riggs (195) or Frank Lazio (150), ends; Larry Owens (195) and Sam Ganino (170), tackles; Jay Powell (150) and Jim Whitsell (160), guards; and Terry Woods (160), center.

The Jacket backs will be Shelby Mears (150) at quarter; triple-threat Mike Rothwell (165), left half; Karl LeBrane (165) or Al (Pancho) Aldaco (150), right half; and Newton Taylor (160), full.

Defensively, Colton has LeBrune and Jim Penland (175) or Woods, ends; Ganino and Owens, tackles; Don Pepe (155), middle

guard; Aldaco, Powell and Whitsell, linebackers; Mears, Rothwell and Taylor, backs.

Colton will be outweighed considerably in the line, for the Bears have such beef as Sid Cox (190), center; Steve Ballard (230) and Cornelius Aarts (187), tackles; Bill Walton (180) and Hammond (180), guards; Dean Stringham (210) and Leon Littleford (165), ends.

Bob Horacek (160), Mickey Belah (160) and Curley Moody (210) give Riverside three capable tailbacks. Joe Williamson (145) is at wingback, Charlie Bohling (170) at full and Charles Drake (160) at blocking back in the single wing.

## Brown-Andrade Title Bout Set For L.A. Oct. 28

LOS ANGELES (AP) — The 15-round fight for the world lightweight championship between titleholder Joe Brown of Houston and Cisco Andrade of nearby Compton, Calif., was formally set yesterday for Oct. 28.

Matchmaker George Parnasus got Andrade's signature yesterday. He signed Brown earlier this week in Houston.

The fight will not be televised or broadcast.

The 34-year-old champion will receive \$40,000 or 40 per cent of an anticipated gate of around \$125,000 and the 30-year-old challenger will get 20 per cent.

Andrade has been seeking a shot at the title since 1956, but time and again was bypassed and his one-time No. 1 ranking ignored.

## Underdog Pirates Trek to San Diego

Ranking as slight underdogs, for Richardson at full; shifty Roger the Pacific High Pirates trek to Johnson, right half; steady Mike San Diego tonight for a tuncup Shehan at QB, and either soph test with the speedy Lincoln High Nate Baker, Jerry Harmon or Hornets of the San Diego Eastern Jim Hudson at left half.

The Pirate line will have Mike Woertink and Jack Stolte, moving from tackle, at ends; Mike Brunk, outtings, while Lincoln has a 19-19 who blocked a kick against SBHS, and Carl Occhionero, tackles; Jerry Rucker and Kirk Hedrick, guards; and Art Hicks, who scored on the blocked kick against SBHS, center.

On defense, Lash and his aides, Ralph Caulo, Bill Neel and Bud Brooks, will have soph Jim Dawson and Al Rankin, ends; Brunk and Occhionero, tackles; Bob Trimble, middle guard; ex-JV Ron Wilkins, Ron Wilburn, Johnson or Hicks, linebackers; Baker, Shehan and Duckworth or Hudson, sophomore Ray Williams subbing backs.

# Georgia Renews Rivalry With SC

EXPANSION IS IN SIGHT

## National May Skip New York

PITTSBURGH (AP)—New York is not a cinch to return to the National League when the league finally goes through with its plan for expansion, Warren Giles, head of the circuit, said yesterday.

Giles said a meeting would be held in two weeks, probably in Chicago, to discuss the cities to be added as the ninth and tenth clubs. It is believed the meeting will take place Oct. 17.

"It is my understanding from what took place at the expansion committee meeting in Chicago on Aug. 2 that we would accept two of the cities from the Continental League group," said Giles. "That

## CELTICS EDGE LAKERS IN TIGHT TILT

KINGSTON, R.I. (AP) — With Bob Cousy coming through with a clutch field goal in the final five seconds, the Boston Celtics eked out a 105-104 victory over the Los Angeles Lakers at the University of Rhode Island last night.

The victory was the fifth in seven starts for the Celtics on the NBA exhibition tour, which moves on to Newport today.

With approximately two minutes remaining, the score tied at 99-99, Sam Jones stole the ball at midcourt and passed to Cousy, who flipped in an under-hander that put the Celtics in the lead.

Elgin Baylor again paced the Los Angeles club, collecting 25 points. Cousy and Jones each contributed 14 to the Boston cause.

Los Angeles held a 43-41 edge at halftime. The count was deadlocked at 71-all at the three-quarter mark.

## 112-Pound Motorcyclist Remains Race Favorite

GARDENA — Once again the rider to beat in tonight's motorcycle races at Ascot Stadium is the "Flying Flea," Sam Tanner. The 112-pound "Flea" from Gardena has had two firsts and a second in the last three 15-lap features at 133rd and Vermont.

Expected to give Tanner his toughest competition are Al Gunt, Los Angeles; Dick Dorres, Santa Ana; Bart Markel, Los Angeles; all main event victors this season. Most of the riders don't come to Riverside's De Anza Park on Sunday.

## Win-Starved Trojans Play Home Game

Injury-Plagued Hosts Go After Prestige Victory

LOS ANGELES (AP) — Georgia's football team flew into Los Angeles yesterday to renew a historic rivalry with the Trojans of Southern California tonight.

In 1931 Southern California defeated the Bulldogs by the embarrassing score of 60-0 and in 1933 it was 31-0. Both games were played in the site of tonight's contest, Memorial Coliseum.

But Georgia paid a memorable visit to the nearby Rose Bowl on New Year's Day 1943 and whipped UCLA, 9-0.

A sophomore substitute that day, Charlie Trippi, netted 115 yards in 27 trips and led the Bulldogs to triumph. UCLA was led by ace quarterback Bob Waterfield, now head coach of the Los Angeles Rams.

### TRIPPI RETURNS

Trippi is in his third season as backfield coach for Georgia under Wally Butts, dean of Southeastern Conference coaches who is in his 22nd year at Georgia.

This is a must game more for Georgia. The Bulldogs, 1959 conference champion, lost to Alabama in a nationally televised encounter, 21-6, then defeated Vanderbilt, 18-7, and South Carolina, 38-6.

But the highly touted Trojans have yet to win. They lost to Oregon State, 14-0, to Texas Christian, 7-6, and to Ohio State, 20-0. Rated just a shade below the Washington Huskies as a grid power in the Far West in pre-season polls, the Trojans have been hurt heavily by injuries.

## Yucaipa After Initial Win

Spirits buoyed by a strong showing against Eisenhower High last week, the Yucaipa Thunderbirds travel to Elsinore High tonight for their third preseason football outing.

After losing their opener to powerful Beaumont High, 42-19, the T-Birds rebounded to hold favored Eisenhower to a 13-7 win.

"If the boys play as well tonight as they did last week, we should win our first ball game," Coach Howard Newmann commented.

In Elsinore, which has lost twice, to Valencia, 34-0 and Capistrano, 35-19, the Thunderbirds will finally be meeting a team of like size, numerically and physically.

Newmann was especially pleased with his club's line play against Eisenhower and singled out Don Hunt and Mike Howe as the top players.

Starting in the line for Yucaipa will be Mike Anderson and Walt Simons, ends; Dave Schumann and Roger Davis, tackles; Joe Davis and Dean McKernon, guards and Howe, center. Davis replaces Hunt, who has been ill this week, while Howe takes the place of injured Chuck Simmons.

In the backfield it will be Ira Pray, quarterback; Joe Kuebler and Gary Phillippi, fullbacks and Tom Chiappone, fullback.

## Battered Bear Backfield Hit By New Injury

BERKELEY (AP)—California's injury-riddled backfield got more bad news yesterday.

First string halfback Bob Wills, who hurt his back in practice, may not start against Washington State Saturday. The injury has not responded to treatment.

And if he does play, he won't be in top shape, said coach Mary Levy.

Steve Bates will probably replace him with Dan Ipson moving up to the second team. Definitely out of the game are defensive quarterback Jack Trumbo and halfback Alex Jamile.

## CHICAGO IN 4-2 WIN AT DETROIT

DETROIT (AP)—Ron Murphy, Bobby Hull and Eric Nesterenko took advantage of a ragged Detroit defense and scored early goals that got the Chicago Black Hawks rolling to a 4-2 victory over the Detroit Red Wings last night. It was the National Hockey League home opener for the Wings and 8,613 watched the game at Olympia Stadium.

The Black Hawks' second line dominated the entire game and the Red Wings drew close only once. That was in the second period when a goal by Len Haley narrowed Chicago's lead to 3-2.

STEELER STAR STOPPED—Halfback T. C. McClellan (15) of Fontana is brought down by San Bernardino guard David Arias (65) for no gain in second quarter last night at Orange Show Stadium. Blocking is Roger Minniss (37) and coming up is end Dick Ybarra (23). No. 32 is linebacker Ed Testa of Cardinals.

## Cards Conquer Fontana, 25-7

(Continued From C-1)

lor's Steelers, who surrendered the porkchop three times via bobbles, tackle Richard Lisle twice recovering for the Cards and end Jerry Millsap once. In addition, line-backer Ed Testa and fullback Fernando (Pee Wee) Arias blocked Duane Horsley punts to further hamper Fontana hopes.

After a scoreless first stanza, Millsap recovered Curtis Branch's fumble at midfield, and in six plays SBHS was over. Arias gained 7 and 9 yards, Bunny skipped 16 yards and Pee Wee 3 to the 12, where Vaughn fired to end Andy Brown. The CBL Class B cage scoring champ of last winter made a one-handed catch on the 3 and stepped over. Sam Fellows' PAT was short and the half ended 6-0.

Early in the third, a short Fontana punt gave SBHS the ball on the Steeler 46. Jackson gained 6, Brown 28, Arias 4, Jackson 4, then Brown turned left end for the TD. David Arias converted for a 13-0 lead. Bunny's other TD came less than four minutes later, after Lisle recovered a fumble, on the Steeler 26.

Brown led SBHS with 101 yards in 18 carries, while Arias had 61 in 12 stabs, Jackson 53 in 12, Ken Wharry 21 in 3 (with an 8-yard TD recalled), Fred Mielke 8 in 1 and Steve Bell 6 in 2.

Stoh netted 84 yards in 4 tries for Fontana, while Leonard Dodson, who operated the spread, had 45 in 14; Roger Minniss, 24 in 3; T. C. McClellan, 11 in 6; and Branch, 8 in 2. QB Frank Hostetler hit on 2 of 9 passes for 15 yards, while Vaughn had 2 of 9 for 23 yards. SBHS led in rushing, 255 to 147, and in first downs, 13-7.

San Bernardino ... 0 6 13 4-25 Fontana High ... 0 0 0 0-7 SBHS scoring: TD—B. Brown (2), A. Brown, F. Arias; PAT—D. Arias. Fontana scoring: TD—Stoh; PAT—Crux.

## Punting Feature Of UCLA Workout

LOS ANGELES (UPI) — The UCLA Bruins worked on their kicking game yesterday featuring the punting of tailbacks Bill Kilmer and Bob Smith, who both got off boots of better than 40 yards regularly.

Smith also worked on kicking field goals to fill the gap caused by the slow healing of Ivory Jones' leg injury. The Bruins will not practice today but will hold a short early morning drill Saturday.

## Beavers May Lose Fullback for Game

CORVALLIS, Ore. (AP) — The Oregon State football squad took an hour-long signal drill in the rain yesterday, and learned a reserve fullback may miss the game at Indiana Saturday.

Coach Tom Prothro said it was doubtful whether Bill Monk, who injured a knee in practice, would be able to make the trip. That leaves Oregon State with Chuck Marshall and John Kirby at fullback.

## Purdue Kate Wins

CHICAGO (AP) — Purdue Kate raced to an easy three-length victory last night in the \$1,400 feature mile pace before 2,912 in Maywood Park.

Friday, Oct. 7, 1960 ★ THE DAILY SUN—C-3

# SPORTS

## CHAFFEY HIGH TO TAKE ON ANOTHER 'GOLIATH' ELEVEN

Fresh from a 12-7 upset of Riverside last week Chaffey High's Tigers take on another Goliath tonight at 8 when Paramount's Pirates invade Graber Field in Ontario.

Paramount clipped Chaffey in a 12-9 thriller at Paramount last year.

"The Paramount defensive line will outweigh us better than 35 pounds per man," said Coach Angie Antonelli of Chaffey. "They average 215 right down the line, and their big quarterback can really run and throw."

Paramount puts a 2-0 record against Chaffey's 1-1, and the Pirates look like one or two-touchdown favorites.

Antonelli plans to stick with his light, young lineup that shocked a Riverside team outweighing them 25 pounds per lineman.

## HIGHLANDERS TO ENTERTAIN TEMPLE CITY

Upland's Highlanders entertain their third non-league foe tonight when Temple City High invades Highland Field at 8 o'clock.

Both Upland and Temple City have 1-1 records in pre-league competition. Upland last week took a loss while Temple City chalked up its first victory.

Coach Harley Lovitt reports that the Highlanders took a beating physically as well as on the scoreboard against Ganesha.

Letterman left tackle Clark Corpe has a bruised arm and is questionable tonight, while left half Jake Lotz is out two weeks with a bruised knee.

About the only offensive lineup changes for tonight include Bruce Funk back at right end and Bob Whitlock for Lotz at left half.

Defensively, Lovitt this week has brought up linebacker Larin Miller and end Mike Cooley from the jayvees. Miller, a sophomore, just turned 15 and is eligible for the first time for varsity competition.

EIGHTH — 1 1/4 miles. Pace. 3-year-olds & up. Claiming. Purse \$1,500.  
Eveline Queen (Herring) 20:40 5:30 3:40  
Edna's Sun (Cobb) 2:30 2:40  
Elsie Hanover (Herring) 3:30  
Time 2:10 1/2. Also ran: Switch Kite, Miss Bell Grattan, West Amboy, Nt A Call, Little Bird, No scratches.

## \$1,256 Daily Double

WETROIT (AP)—A \$1,256-for-\$2 daily double was posted yesterday at Hazel Park when O'Riley won the first race and paid \$36.40 straight, and Cosmic Wish took the second race for a \$19.40 pay-off.

## RECORD MAT IN SWIFT VICTORY AT HOLLYPARK

INGLEWOOD—Confidently driven by young Tom (Buddy) Graham, Record Mat let it be known he was open and able to justify an invitation to the \$75,000 American Trotting Classic at Hollywood Park yesterday with an impressive 2:00.45 triumph in the featured \$3,000 Redondo Beach Purse.

Graham, driving to the front as the field turned into the backstretch in what appeared to be a questionable move, opened up a healthy length and a half margin at the half-mile pole in 1:00.35 and then without urging, coaxed the 5-year-old gelding to his four-length triumph over the sharp 3-year-old star Hoot Frost.

Coupled with Gladys Volo in the wagering, Record Mat returned \$4.20, \$2.60 and \$2.20; across the board as the 6-5 choice of the crowd of 6,739 as he posted his ninth win in 27 starts this year.

**DOUBLE WIN**  
The victory was a double for Buddy and the Herman Graham Stock Farm, which owns Record Mat in partnership with Joe Sunderland, as they clicked earlier with the promising sophomore trotting colt Violation's Key in 2:03.15 for a \$4.60 mutuel.

In the feature, it was Gladys Volo who was on top in a swift 29-second opening quarter, as Buddy kept Record Mat tucked in fourth back of Timely Way and Lumber Lou until he pulled, as Gladys Volo led the field of seven into the backstretch.

Record Mat had it all his own way once getting command. Jimmy Arthur brought Hoot Frost out of fifth place on the final turn but the stout sophomore, apparently in need of a race after a three-week layoff, flattened out in the drive after menacing briefly at the top of the stretch and he was all out to hold off Camas B. with Jim Dennis for the show award.

# YANKEES TAKE BAT PRACTICE ON SIX PITCHERS, 16-3

(Continued From C-1)

noon of work for winning pitcher Bob Turley by getting Don Hoak to hit into a double play after the Bucs scored two runs in the ninth.

Until the Pirates picked up the last inning runs, it was the most one-sided game in World Series history. It wound up second best. Only the 1936 New York Giants ever suffered more of a mauling, losing 18-4 to the Yankees.

"The club won 15 straight, you know, and then we scored four runs here yesterday. I thought the club was still hittin' like it did in the streak," said Stengel.

## DEFENSE TURNS TIDE

The turning point, oddly enough, was not a matter of Yankee offense, but Yankee defense. It came in the fourth inning, when the Pirates had two on, one run in and none out. Bill Mazeroski of the Pirates was out on a line drive to McDougald, and Manager

Danny Murtaugh then used pinch-hitter Gene Baker for Friend.

Baker popped out, and Bill Virdon grounded out, ending the threat.

"If Mazeroski's liner had gotten through," said Murtaugh, "Friend would have stayed in because then it would have been a tie game."

Friend, although nicked for two runs in the third on a walk, Kubek's single and McDougald's double, wasn't in too much trouble in his four innings. And he struck out six—getting Mantle, and McDougald once, and Bill Skowron and Howard twice.

Once the relievers came on—Green, Clem Labine, George Witt, Gibbon, Cheney—all bets that the Pirates might sweep the first two were off.

## Geierman, Schnepf Tie for First in ACC Gal's Action

June Geierman and Bobbie Schnepf tied for first place in Class A of the "shotgun" tournament held by Arrowhead Country Club women yesterday, according to pro Howard Ellis. Both had 74.

Second place went to Hulda George with 75, followed by Audrey Stockton at 76.

Class B was won by Jean Carr with 69, followed by Anne Hope 73 and Francis Marafioti 77. In Class C Susie Kramer was the winner with 70, Marsha DeNuccio had 77 and Caroline Crapo 78.

## Retire First Landing

NEW YORK (AP) — First Landing, winner of \$79,577 in three seasons of racing, is being retired to stud, owner Christopher T. Chenery says.

# SPORTS

**HIGH-STEPPING INDIAN**—Larry Rubidoux, who leads San Bernardino Valley College in yards rushing with 74 in 13 carries for a 5.7 average, will be ready for spot duty tonight against Citrus. The freshman halfback from Beaumont has a cracked bone in his left wrist. (Sun-Telegram photo)

## Redlands Jayvees Win On Long Runs, 18-13

Two long runs by Dave Morton, Redlands an 18-13 jayvee victory 68 yards with an interception and over Ramona yesterday. Morton with a punt, plus Cisco Garcia's one-yard TD plunge, gave sparked the Redlands attack.

## EC OPENER

## Tough Citrus Tests Indians

(Continued From C-1)

formation SBVC has faced in three games.

Dick Hall and Roy Schubert alternate at tailback for Citrus. Hall's a tough outside runner. Both can throw.

Weaver will counter-attack with three strong runners who join Farrell in the wing-T offense.

Williams will go at left halfback, John Butler at fullback, and Tom Luna at wingback.

Frank Budd, the 225-pound tackle who was a surprise starter last week and was ejected in the second quarter for slugging, will continue to start this week. Jim Weatherwax at 220 gives him a heavy running-mate at tackle.

## CAPTAINS ELECTED

Other SBVC starters will be ends Larry Gisner (185) and Ray Dorsey (190); guards Harold Beach (195) and Mike Hudlow (180); and center Tom Fort (185).

Beach and Farrell have been elected permanent co-captains for the season. "The team said they wanted their leaders right now," Weaver commented, "so they asked to vote on permanent captains rather than change them for each game."

# Mantle Believes He Can Top Babe Ruth's Series Record

By WILL GRIMSLEY

PITTSBURGH (AP) — Mickey Mantle says he has a good chance of cracking Babe Ruth's World Series home run record during the next week if the Pirates are kind enough to feed him some left-handed pitching.

"I feel better than I have in years — no leg problems at all," the switch-hitting New York Yankee center fielder said yesterday after blasting two mighty home runs in the Yankees' 16-3 runaway victory.

"But if I'm to get three more home runs, I'm afraid I'll have to get them right-handed. I can't hit a barn door left-handed. I don't know what's the matter. I've lost my confidence from that side."

Mantle's two home runs in the second game of the World Series against Pittsburgh came with right-handed wallop—the first a prodigious blow off Fred Green into the right field stands in the fifth inning and the second a three-run blast in the seventh off Joe Gibbon which cleared the concrete center field wall 436 feet from home plate.

The latter blow, in the seventh inning, was unofficially measured at around 460 feet.

The two home runs were Nos. 12 and 13 in World Series competition for the bull-necked slugger.

from Oklahoma and they made him the second greatest home run hitter of all time in the post-season classic.

Only Ruth, with 15 World Series homers, now leads him and Mickey figures a certainty to wipe out this mark if the Yankees can continue winning American League championships. Mickey is only 29 years old.

A switch-hitter, Mantle bats right-handed against lefties and left-handed against right-handed throwers.

"I've always been a better right-handed hitter than left, but it wasn't until recently that really got into a left-handed slump," he said.

"I just don't seem able to pull the trigger, hitting left-handed. I have no excuse for it. It's not my legs or anything. The ball just gets up to me before know it."

Mantle was pleased to hear that the Pirates were planning to throw a pair of lefties, Wilmer Mizell and Harvey Haddix, at the Yanks in the next two games in New York.

"I hope so," he said. "I may hit a couple more, if they do."

The normally dour and reticent Yankee slugger shrugged off the congratulations poured on him in the victorious New York dressing room.

"What's all this fuss about?" he said. "Those two hits of mine didn't mean a thing in this game. Why don't you go and talk to Bob Turley (the pitcher)? He's the guy who won it."

Mantle said, despite the fact they brought him closer to Ruth's record, he wishes he could have saved the two home runs for a later and more opportune occasion.

"What do a pair of home runs mean if they're the 12th or 13th runs of a 16-3 ball game," he grumbled. "I don't get any satisfaction out of hitting home runs like that. I like to hit 'em when they mean something."

"The two home runs hit in 1952 against Brooklyn—remember them?—They both helped win games."

Mantle said he didn't think his second home run today—the first ever hit by a right-hander over the center field wall—would have been a home run in the Yankee Stadium, where the center field marker stretches to 466 feet.

"Everybody says your hit went about 460 feet," somebody said. "It cleared a 15-foot fence."

"In that case, it might have been a home run in the Stadium," Mickey said. "But I thought it just dropped over the wall at the 436-foot spot."

**'MOON WORK SUIT'**—A man peers from inside of an experimental two-piece lunar exploration suit. It was developed by Republic Aviation Corp. of Farmingdale, N.Y., which says it is meant to be "working clothes" for an astronaut as he scouts around, digs, gardens or does other chores on the moon. To take a brief rest, he lowers the tripod, two legs of which can be seen hanging from the "waist line," and curls up inside aluminum torso on a little built-in seat. (AP wirephoto)

## Moderate Janio Quadros Races To Easy Win as Brazil President

RIO DE JANEIRO (UPI)—Political moderate Janio Quadros was assured election as president of Brazil yesterday by one of the largest pluralities in the nation's history.

The one-time geography teacher, whose campaign symbol was a broom, ran on a platform calling for uncompromising honesty in government, economy and administrative reform. He expounded his beliefs with brilliant oratory.

Unofficial tallies of more than half the 13,000,000 votes cast in Monday's three-way presidential balloting gave the mustachioed, 43-year-old Quadros an unassailable million-vote lead over his nearest opponent.

The vote count last night was Quadros, 2,748,746; his administration favored opponent, Marshal Henrique Teixeira Lott, 2,335,848; and independent Adhemar de Barros, 1,775,200.

João Goulart, leader of the Labor party, held a slight edge for 30 years.

relection as vice president. Late tallies gave him 2,755,493 votes, compared to 2,680,790 for Milton Campos, running mate of Quadros, and 1,611,629 for independent Fernando Ferrari. The president and vice president are elected independently.

The election outcome was interpreted as a victory for the conservative forces and a defeat for the political left.

Lott indirectly conceded victory to Quadros when he told the news paper *Diário da Noite*: "I have definitely withdrawn from national politics."

Members of Lott's family said that the former war minister considered the orderly election and huge turnout as striking evidence of Brazilian political maturity.

The Quadros victory also swept from the national scene the last vestige of the political machine of the late Getulio Vargas which dominated Brazilian politics for and the new and powerful drugs being developed," it was recom-

## Additional FDA Authority Over Drugs Urged

WASHINGTON (UPI)—A committee of leading scientists yesterday recommended giving the Food and Drug Administration (FDA) sweeping new authority to regulate the drug industry.

Among other things, the eight-man group said FDA should have authority to test the effectiveness as well as the safety of new drugs. It also urged that the agency be granted greater authority to inspect drug factories and require more detailed records and data on new drugs.

The committee reported it had found no evidence that the FDA had disregarded the public health in its decisions on new drugs in recent years.

### TO REVIEW DECISIONS

The committee was appointed by Dr. Detlev Bronk, president of the National Academy of Science, to review decisions on drugs made by Dr. Henry Welch. Welch was forced to resign last May 19 following disclosures by Sen. Estes Kefauver's drug investigating committee that he had accepted more than \$287,000 in outside income from drug publications during his seven years as a top FDA official.

Secretary Arthur S. Flemming of the Department of Health, Education and Welfare called the committee's report a "very definite vote of confidence" in the FDA's work. But he declined to say at a news conference whether he thought Welch had been vindicated.

The Cabinet official also said it would not be possible to "indulge in any sweeping generalizations" on the integrity of FDA employees until the report of another committee had been submitted.

Charles H. Kendall, general counsel of the Office of Civil and Defense Mobilization, heads a three-man group looking into specific charges by the Kefauver committee that employees of the FDA have been too closely associated with the drug industry.

### WEAKNESSES IN LAW

Asserting that it found "no evidence of disregard for the public health," the committee said appropriate action had been taken when hazards in use of the drugs had come to light following further clinical experience. But it said the agency was hampered by insufficient funds and "certain weaknesses" in the law under which it operates.

The committee said it had studied a small but "sufficiently representative" number of FDA decisions on antibiotics and other new

drugs and found them acceptable. But the panel said that in view of the "increasing rate at which research in expanding the use of drugs is being developed," it was recom-

mending a series of proposals to strengthen the FDA's authority.

One of the committee's recommendations called for creation of a permanent committee of independent scientists to review the work of the FDA. Flemming, in endorsing the recommendation, said he would recommend that the next administration set up an advisory committee to review the long-range goals of the agency.

The committee was headed by Dr. C. Phillip Miller, professor of medicine at the University of Chicago.

## MRA LEADER GREET'S INDEPENDENT NIGERIA

CAUX, Switzerland—On the occasion of Nigerian independence, Dr. Frank N. D. Buchman, initiator of Moral Re-Armament, released the following message to the people of Nigeria at the World Assembly for Moral Re-Armament:

"With all my heart I congratulate Nigeria on her independence, and I am sure that the MRA as-

semblies in Caux and Mackinac and throughout the world has already helped to shape the course of history. Through that breath-taking film, 'Freedom', written at Caux and produced in Nigeria, the world is being taught the great truth that it is not color but character that counts.

"She will be a pilot nation for the world, setting a course charted by God and steered by men who are obedient to Him.

"I have come to know and love her leaders and people whose inspired initiative at the MRA as-

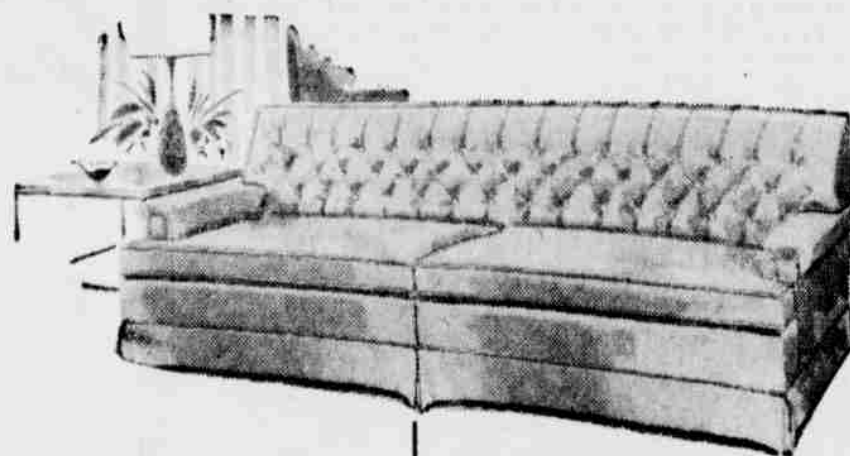

"The world is waiting to see what God can do through one nation wholly given to Him. Nigeria can be that nation.

"Three great tasks confront this generation — to keep the peace and make it permanent, to make the wealth and work of the world available for all and for the exploitation of none, and with peace and prosperity as our servants and not our masters to build a new world, create a new culture and change the age of gold into the golden age."

## Station Owner Sees Gas Bill Fly Away

BOUNTIFUL, Utah (AP)—Two men casually pushed a helicopter up to the pumps at Neil Richins' gas station here yesterday and

ordered him to "fill 'er up." It took 31 gallons, but they flew away without offering to pay. Richins said the men—he didn't get their names—told him they were en route from Idaho to Texas on a crop-dusting job.

## 4 Women Robbed

LEOPOLDVILLE, the Congo (AP)—Four women working for the International Red Cross in Leopoldville were attacked and robbed by Negro youths in the heart of the city Tuesday night.

Friday, Oct. 7, 1960

THE DAILY SUN—C-7

They were Cecile Schoenholzer of Geneva, 40, a secretary of the International Red Cross mission here, and three Greek volunteer workers, all in their 50s.

The timid man yearns for full value and demands a tenth. The bold man strikes for double value and compromises at par.—Mark Twain.

## Demos Move Ahead of GOP In Southland

LOS ANGELES (AP)—For the first time, Democratic registration outnumbered Republican in seven Southern California counties and probably the eighth, registrars' figures disclosed yesterday.

Final registration figures moved Orange and Santa Barbara counties into the Democratic column after years with GOP majorities.

**PREDICTS DEMO WIN**  
Bernard Selber, chairman of the registration drive of the Southern California Kennedy-Johnson committee, promptly predicted "certain victory" for the Democratic slate in Southern California.

Orange County hadn't gone Democratic since the turn of the century and Santa Barbara hadn't shown a Democratic majority since 1950.

The figures for Ventura County aren't available, but registrars said a Democratic margin was indicated.

In Los Angeles the margin was 57.35 per cent Democratic, 38.69 per cent Republican.

Figures for other Southern California counties:

Imperial: Democrat 14,918, GOP 8,464.

Riverside: Democrat 69,197, GOP 61,474.

Santa Barbara: Democrat 38,018, GOP 35,222.

Orange: Democrat 154,373, GOP 133,915.

San Bernardino: Democrat 128,256, GOP 84,660.

San Diego: Democrat 255,259, GOP 199,260.

## Eight Killed In Auto Crash

CHATTANOOGA, Tenn. (AP)—A taxicab skidded into a truck and careened head-on into a car killing eight persons, including a mother and her baby.

The death toll in Wednesday night's accident was believed the largest ever in a single Tennessee traffic accident.

Killed were Shirley Dorsey, 30, of Minden, La., and her son, Bradford, 11 months, in one car; and six Chattanooga residents riding in the taxi. They were identified as Amos Poole, 44, the driver; DeLores Wilson; Nathaniel Bell, 29; Edward Robinson Jr.; Alice Ingram, 31; and Lattie Gamble, 24.

Mrs. Dorsey's husband, Carl, 31, was asleep in the back seat of their car at the time of the accident, and survived with undetermined injuries.

The driver of the truck, Edward J. Carlson of Bristol, Va., was unhurt.

A celebrity is one who is known to many persons he is glad he doesn't know. — H. L. Mencken

## BASEBALL CHAMP HAS BAD HEART

### First Lady Gives Motherly Advice to Boy in Surgery

PHILADELPHIA (AP)—"Do everything the doctors and nurses ask you to do and you will be pleased and surprised to find how soon you will be able to play baseball again."

The motherly advice came from Mrs. Dwight D. Eisenhower, the President's wife.

She wrote to Jimmy Kircher, 11, of Audubon, N.J., when she learned he underwent a delicate open-heart operation to have a hole in his right auricle closed. Jimmy became a Little League champion despite his defective heart. He was a pitcher and out-

## Freedom of Press to Cite Man's Previous Court Record Upheld

ATLANTA (AP)—The Georgia Supreme Court in a sweeping decision upholding freedom of the press, yesterday set aside a \$20,000 contempt of court fine levied against Atlanta Newspapers Inc. last April.

The unanimous decision held that Superior Court Judge Durwood T. Pye erred in finding the Atlanta Journal and Constitution guilty of contempt over a news story citing previous arrests of a defendant on trial before Pye in a robbery case.

"Freedom of speech and of the press, as guaranteed by the Constitution, are essential to the preservation of a free society," said the opinion by Justice Carlton Mobley, "but its exercise must be compatible with the preservation of other freedoms essential to a democracy and guaranteed by our Constitution."

"The press should be given the widest latitude possible in the

## Play Starring Olivier, Quinn New Broadway Hit

By WILLIAM GLOVER  
Associated Press Drama Critic  
NEW YORK (AP)—There's only one thing to do about this play "Becket." See it.

Starring Laurence Olivier and Anthony Quinn, the production which arrived Wednesday night at the St. James Theater contributes impressive grandeur to the Broadway season.

**17 CURTAIN CALLS**  
Through an amazing 17 curtain calls, spectators cheered its jolting impact.

From a scarlet page of history, French playwright Jean Anouilh—in translation by Lucien Hill—takes a narrative of power politics and human conflict.

Becket, played by Sir Laurence, is the frivolous man who in mid-life was thrust into religious authority and has since been re-

membered as the martyred Saint Thomas of Canterbury. Duelling with him in dramatic tug-of-war is the English King Henry II of Anthony Quinn.

Through episodic scenes set within a framework of soaring Gothic arches, Anouilh deftly lays bare the conflict between barbaric, unlettered majesty and the enlightened humanity of a free spirit.

Quinn's black-browed, complex portrayal is a superb counterpoint to the silvery-smooth Olivier interpretation.

**PERFECT CAST**  
Along with them are a half hundred other performers, almost all of whom are precisely perfect under the direction of Peter Green-

ville. Particularly notable are the French King Louis of Robert Eccles, Earl Montgomery's vengeful Bishop of London, and Brian Crowe's troubled young monk.

Oliver Smith's sets are rich with a controlled splendor. For David Merrick, producing his fourth venture of the season, "Becket" is a notable accomplishment.

## Golf Course Issue Touches Off Lively Side Argument

By MORRIS LANDSBERG  
SACRAMENTO (AP)—Anything is liable to pop up on the ballot in California. Even golf courses. Prop. 6 has touched off one of the liveliest side arguments of the 1960 campaign.

This initiative measure would require the valuation of golf course properties for tax purposes on the basis of present use—recreational—rather than "highest profitable use."

"Keep California Green," is the other sport."

Assemblyman John A. O'Connell, D-San Francisco, takes issue with these arguments. In fact, he takes the position that No. 6 has no business being on the ballot. Its purpose, in his view, "is to give golfers privileges not enjoyed by people who happen to prefer tennis, swimming, fishing, or any other sport."

O'Connell offers this further point: adoption of the amendment could make it possible for land speculators to start a non-profit club on the fringe of a city, bill to go down. And they say it would apply to only about 70 clubs and values rise.

Sponsors of No. 6 insist this couldn't happen, emphasizing that the measure would apply only to these days golf clubs will be taxed non-profit, member-owned out of existence as real estate valuations climb. They say golf helps.

Two other ballot measures

bring in \$1 million a year in four-year bonds to amend the same section of the state constitution, the legislative counsel has ruled: in the event they are adopted by the voters, the one receiving the higher vote would prevail.

Here's what they would do:

Prop. 3—would permit a service-disabled paraplegic to retain his \$5,000 property tax exemption when he sells his home, acquired with federal help, and buy another without federal help.

Prop. 11—would continue the \$1,000 property tax exemption for veterans (it's more for paraplegics and some others) who lived in California when they entered military service or have made their home here since November, 1960.

In short, the amendment would deny the exemption to ex-GIs who move to California in the future.

Prop. 11 also would:

Allow a veteran's widow to own \$10,000 in property and still be eligible for the tax exemption. The present minimum is \$5,000.

Broaden the reference to widows to include widowers of women who were in the service.

DEALS WITH CLAIMS

Prop. 9 deals with claims, by veterans and non-veterans alike, against chartered cities and counties.

Until last year, 174 different laws governed payment of claims by a city, county, school district or other local governmental agency. Red tape, not surprisingly, often blocked payment.

The 1959 legislature repealed all the conflicting sections and substituted a simple, uniform claim-filing procedure. But since chartered cities and counties are not governed by state law in such matters, Prop. 9 was put together to extend the new statute to them.

Next: Grade crossings, voters, courts and miscellany.

'TRAVOLATOR,' BRITAIN'S MOVING SIDE-WALK — Sir Edmund Stockdale, right, Lord Mayor of London, joins officials for a ride on the "Travolator," Europe's first moving pavement. It runs 104 yards between two subway stations. Belt tracks move on 3,904 wheels up to 180 feet a minute.

### THE WOMAN'S VIEW:

## Dear King, Queen of Denmark: You'll Find U.S. Great Nation

By GAY PAULEY  
(UPI Women's Editor)  
NEW YORK (UPI)—Dear king and queen of Denmark. This is just to put out one citizen's welcome mat for your 14-day state visit.

I hope your stay in our country will be as pleasant as mine was in your homeland earlier this year.

You'll find that we have much in common—like our gregariousness, our hospitality and our high income taxes.

You'll find most of us inclined to go out our way to welcome strangers, especially roving royalty. If it looks as if we turned a cold shoulder on one head of state recently, just remember it's for Mr. K's protection that most of the country is off-limits to him.

DIFFERENCES NOTED

Since you'll be crossing the nation from the Pacific Coast to the Atlantic you'll have the opportunity to see the sweep and grandeur of our land. Don't let it give you an inferiority complex. We're proud of every inch of the USA, but we also are aware that you've packed a lot of prosperity, culture and beauty into an area no larger than my home state of West Virginia.

You'll see some slums, which you don't have back home. But our local and national governments are working on this problem. We have our worries too with juvenile crime, which your officials tell me is a minor problem in Denmark.

Like you, we have our traffic

problems. But yours are with bicycles, and ours are with cars. You haven't seen anything in the way of traffic snarls, your majesties, until you've tried to drive from a big city on a pleasant Friday afternoon in early fall.

We can't offer you a Tivoli, but we have Disneyland and Freedomland, and if Robert Moses has his way, there'll be overtones of your amusement park in the design of the New York World's Fair in 1964.

BERRA AND BEAR

We can't offer soccer, but you're right in time for the World Series. We don't have a Hans Christian Anderson, but for the kiddies there are Huckleberry Hound and Yogi Bear on television.

You won't hear much about free love in America. Most of us are old fuddy-duddies who frown on liberal boy-girl relationships before the wedding.

We know of the custom among Danish women of smoking cigars, but we're a bunch of weak sis-

ters who stick to cigarettes. You'll miss something else typically Danish—that of decorating every window of home, service station or shop, with flower boxes. We offer plenty of billboards, though.

LOVE TO EAT, DRINK

Like you Danes, we Americans love to eat and drink. You serve your guests snaps chased with beer, followed by wine and a "skaal" with every sip. Our favorite method of entertaining is the cocktail party—a long session in a smoke-filled room where mixed drinks are served to a mixture of persons, invited by a hostess trying to pay off all social obligations with one fell swoop.

Stay away from them, your majesties, and you'll see more of America.

Only 100 women were attending business school in the United States in the year 1870, according to the Commissioner of Education.

# Home Is True 'Achievement'

Luxury is an overworked word in the world of housing. At Home-Orama 1960, "The Achievement" gives it a brand new meaning.

A creation of Personalized Builders of San Bernardino, "The Achievement" presents living in the California casual manner that leaves nothing to be desired in the catalog of creature comforts.

Shunning the extreme innovations of architecture that often add to cost and detract from usefulness, "The Achievement" is a fashionable modification of a basic western home plan by Personalized Builders.

It is intended to demonstrate the accomplishment possible when house and building site are considered as a design unit. Taking the 125-by-125-foot lot at the Riverside section Home-Orama site, the builders have utilized a major portion of the lot as living area.

The home itself is an expansive 2,100 square feet, enclosing seven rooms and two baths. A three car garage with an attached separate service room offers additional space.

But the total unit design offers 3,400 square feet of roofed area, including 540 feet of outside dining space, 750 feet of covered porch and patio and garage and utility room.

Served by Arkla Servel air conditioning is 2,000 square feet of living space.

Numbers tell only a portion of the story of this distinguished executive home. Plush landscaping by Peter Dangermond screens the home in rich greenery that sets off the brick and wood exterior.

Complementing the extensive rear patio area is a unique custom swimming pool, built in a distinctive diamond pattern.

Inside the home, casual living continues on luxurious carpeting instead of stone and grass. The warmly furnished living room provides a setting suitable for relaxed family occasions or highly formal entertainment.

Dominating the room, which opens through glass walls to the patio, is an eye-catching stone fireplace, one of two in the home. Faced in distinctive colored tile is the family room fireplace. It

matches similar tile on kitchen surfaces and in the main entry.

A guest closet is within handy reach right inside the entry doors. Rough hewn Palos Verdes stone lends a rugged accent to interior furnishings. But it doesn't interfere with the welcome luxury of a built-in stereophonic system in a paneled wall, and a recessed color television set in the ceiling-height fireplace wall.

The paneling on the west wall of the family room introduces a remarkable type of wood finish that gives an appearance and texture of wood heretofore almost impossible to achieve.

The spacious kitchen features built-in oven and range, refrigerator and combination washer-dryer. A convenient barbecue unit also makes the housewife's task more pleasant.

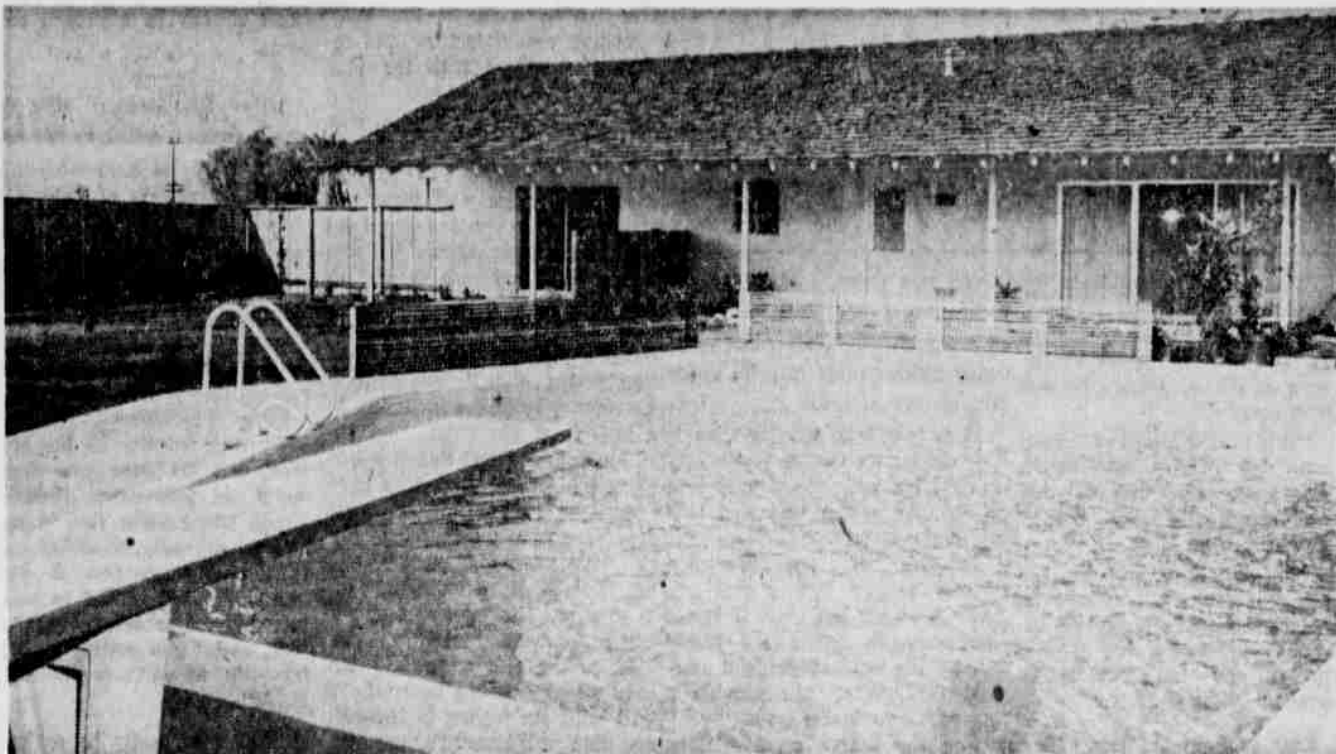

Luxurious appointments in the bedroom wing are subtle — wardrobe closets with built-in clothes hangar tracks; single valve faucets; a dressing table with wall length mirror; brushed chrome hardware, extending even to door hinges.

The master bedroom has twin wardrobes and opens through a sliding glass door to the patio. The master bath boasts a walk-in wardrobe and indirect lighting.

Recessed picture windows with a frame effect are highlights of the front bedrooms.

Completing the portrait of this home is its setting — nestled beneath surrounding hills, secluded from yet convenient to the mainstream of traffic. "The Achievement" offers one of Home-Orama showcase stops.

Further information can be obtained at the home through Oct. 9, or from the builders, Frank E. Tuft and Arthur A. Johnson, at 25440 E. Base Line, San Bernardino.

GLISTENING INVITATION TO GET IN THE SWIM AT 'THE ACHIEVEMENT'

## HOME-ORAMA MODELS OPEN EACH DAY THROUGH OCT. 9

Home-Orama, the largest co-operative home show in Southern California, will be open to the public daily through Sunday, Oct. 9.

At each of the 17 models in San Bernardino and Riverside, builder representatives will be on hand to answer questions, distribute literature and conduct tours.

Visiting hours: 1 to 10 p.m. on weekdays, 10 a.m. to 10 p.m. on weekends. There is no admission charge.

The 12 model homes in San Bernardino are located near Perris Hill Park at Golden Avenue and 26th Street. They can be reached by taking the San Bernardino Freeway to the Highland Avenue exit, turning

east on Highland to Golden, then left on Golden.

The five Riverside models are located in the Victoria Country Club district at Fairview and Glenhaven Avenues. Visitors can take the Riverside Freeway to the Central Avenue exit, turning left onto Central and continuing past Victoria to Fairview.

Both sites are marked by directional signs on nearby main streets.

This is the fifth annual Home-Orama. It is sponsored by the Home Builders Assn. of San Bernardino and Riverside Counties to provide a showcase for the newest developments in the home building industry.

# HOME ORAMA

## HOMES OF TOMORROW

There's beautiful luxury for you to see in seventeen of the most fabulous showplaces yet shown. You'll find the ultimate in home design, decorating, landscaping and construction. It's the exciting home show you and your friends have raved about in years past... only this year it's in two beautiful locations: San Bernardino at Golden and 26th and in Riverside at Glenhaven and Fairview, and both are open from 1 to 10 weekdays and 10 to 10 Saturdays and Sundays.

NO ADMISSION CHARGE, OF COURSE

"Achievement" by Personalized Builders. An achievement of casual elegance and unique features provides the utmost in comfortable gracious living. A 75-foot covered patio becomes the outdoor extension of the kitchen, family room, master bedroom and bath in this functionally designed plan. The "Achievement" boasts "extras" that are standard in this home, including color TV and stereophonic sound, plus gas Arkla Servel refrigerated air conditioning. The well-planned, gas-equipped kitchen has all the built-in features you expect in a fine home. The beautifully landscaped yard is completed with a swimming pool and large entertaining area.

## Painting an Airplane Can Be Difficult, Expensive Problem

WASHINGTON (UPI) — If the chore of painting a kitchen chair throws you, ponder the problem of painting a 315,000-pound jet-liner.

Painting an airplane is one of the unglorious jobs of aviation. It is about as easy as lifting a toothpick with a steam shovel.

When Boeing builds its giant 707 jetties, it uses a 10-man crew just for the painting. They take 2½ days per plane, use about 100 pounds of paint and must overcome not only esthetic but scientific problems.

**WEIGHT AFFECTS RUDDER**  
For example, the rudder must be painted before it goes on the plane. It takes only seven pounds of paint, but that's enough to throw this delicately balanced structure out of kilter. So the rudder is painted first, installed on the plane, and dried. Then the necessary structural adjustments are made to keep the rudder flutter-free. It might be compared hypothetically to painting an automobile fender before it went on the car, on the chance that the weight of the paint would throw a wheel out of balance.

Another headache is to keep the fuselage paint silk-smooth. The slightest imperfection could affect the air-stream that must flow smoothly over the surface at 600 miles per hour. Yet the paint also has to be as tough as steel to withstand the pounding of near-sonic speeds as well as the elements.

At Boeing, the jets are cleaned, masked, pre-primed and primed before the actual paint is applied. An enamel finish goes on top of the paint, then the colors of the individual airlines — which in itself can be a problem. Some of them go in for elaborate color designs which would make Van Gogh revolve in his grave like a propeller. The final step is application of insignia and letters with an adhesive decal, and then waxing the entire plane.

**WHITE FAVORITE COLOR**  
All major U. S. airlines except one use fuselages painted white, plus their own distinctive color schemes such as TWA's red arrow through the window line, and United's blue window markings. American is the only major carrier using regular aluminum with no paint except for its traditional orange streak under the windows and orange "peel" on the engines.

The practice of painting fuselages white dates back to the early 1950s when research showed it helped cool the cabins of aircraft parked under a hot sun.

No airline has yet adopted the blaze orange used by Federal Aviation Agency and military planes to make their aircraft easier to see. The airlines point out that at long distances, when colors tend to lose their identity, ordinary aluminum is easier to spot.

**Sydney Ends Shark Menace On Beaches**

By GORDON TAIT

SYDNEY, Australia (AP)—Sydney has virtually ended the menace of the man-eating shark on this city's great surfing beaches. Tens of thousands of people are now diving through the Pacific rollers as the Southern Hemisphere summer approaches. In December and January 100,000 or more will be on Sydney's ocean beaches every non-working day.

The chances are not one person will be attacked by a shark. Yet this is real shark water where sportsmen can count on catching a couple of monsters, 12 or even 15 feet long, in a day's fishing a mile or so off the beaches.

**NETS PROTECT BEACHES**

How has Sydney solved the problem? Meshing is the answer, according to the experts.

There has not been a recorded shark attack on a Sydney surfing beach since 1936. That is when the New South Wales government first let a contract for the meshing of the beaches.

Great nylon mesh nets, 500 feet long and 20 feet deep, are set off the surfing beaches. They do not enclose a shark-proof area but are anchored outside the breakers in the probable path of sharks.

The nets are fixed close to the bottom, where sharks usually move and feed. Every day or two they are lifted and moved to another position.

Sharks become entangled in the mesh and often drown. Those that are still alive are killed, and the carcasses towed out to sea and dumped.

## To Your Good Health

By DR. JOSEPH G. MOLNER  
IMPORTANCE OF POLIO SHOTS

"Dear Dr. Molner: Does the timing of polio shots seriously affect the degree of immunity? My son had his shots at the ages of three, four, five and nine months.

"This timing is different from schedules I have read about. Also I have read that shots before six months might not be very effective.

"Are the shots my son has had sufficient, or should he have a booster shot, or the series again? Is the oral vaccine better, and when will it be available?—Mrs. J. H."

Your doctor was very wise to start the baby on polio shots at

three months, and follow the schedule he did.

After all, we have seen some very serious cases of polio under six months of age.

It is true that polio vaccine is not quite as effective very early in life, but your doctor took care of that by adding the third shot at five months.

In your case, yes, your son should have a booster shot one year after his last shot. It is not necessary to repeat the whole series. He has a very good start and the booster will provide a strong surge in his immunity.

For the babies coming along now, we are recommending the

use of the fairly new 4-in-1 vaccine (polio, added to the usual whooping cough, lockjaw and tetanus protection) with the first shot at three months.

In other words, we are now urging, for all children, that they begin their polio shots at precisely the same age your son started his! So you see why I tip my hat to your doctor. He was acting on a schedule which we now believe is best for all children. Start the protection at three months. The first shot is the "sensitizing dose," and subsequent ones build the immunity to a high level.

The sequence and timing which gives the highest protection have been discovered by testing; some departure from that schedule can still give very good results, and the addition of an extra shot, as in your boy's case, makes up for any possible difference.

As to the oral vaccine, I am not sure whether it's better. Let's wait until the testing is finished, and then we'll know. For the time being, there is absolutely no excuse for not using the Salk shots which already have proved their worth.

"Dear Dr. Molner: Why do many doctors object to the use of paregoric to help soothe teething problems of babies?—A.M.T."

Because it contains opium. Such narcotics, even in small quantities, should be handled with the greatest restraint, and not used at all unless clearly necessary.

"Dear Dr. Molner: My husband was recently in the hospital and his case was diagnosed as pulmonary fibrosis. Would you explain this to me? He had difficulty breathing and suffered for months. It had been diagnosed earlier as asthma, but we could not accept that, as he was getting no better with treatment.—Mrs. H. A."

It can quite easily be confused with asthma, but X-ray permits

it to be identified readily, and this case is hence a very good example of why X-ray is necessary in diagnosing lung conditions.

Pulmonary fibrosis is a scarring of the lung, perhaps from some prior infection, perhaps, in some cases, from some cause which cannot be determined. In any event, the ability of the lung to expand and contract is impaired by this scarring, and shortness of breath results.

Hemorrhoids can be cured! If troubled with fissures, fistulas, itching and other rectal problems, write to Dr. Molner in care of this newspaper requesting a copy of my booklet, "The Real Cure For Hemorrhoids," enclosing a

# CHRYSLER INTRODUCING NEWPORT SERIES FOR 1961

The Newport series, a new line of full-sized Chrysler cars in a lower price range, are now being introduced in dealerships, reports C. E. Briggs, corporate vice president and general manager of the Chrysler and Imperial divisions.

Dealers are also unveiling the newly styled 1961 Chrysler Windsor and New Yorker series models. The Chrysler 300G, America's most powerful car, will be announced later.

**FIREBOLT ECONOMY**

The Newport will be powered by a 265-horsepower Firebolt V-8 engine of 361 cubic inches and 9.9:1 compression ratio. Designed to operate on regular grade fuel, the Newport engine and automatic transmission in its first economy run registered 510 miles on a single tankful of fuel — 21.7 miles per gallon. It was driven by a 17-year-old Detroit student.

A floor-shift three speed manual transmission is standard equipment in the Newport and Windsor series.

"The new Chrysler Newport will bring true economy of operation into the full-sized luxury car field," said Briggs. Regular fuel means an immediate saving of more than 10 per cent over premium fuel.

"We have not succumbed to the temptation to dilute our nameplate or endanger our quality by introducing a junior Chrysler. We are offering a full-sized line of cars."

**CANTED HEAD LAMPS**

The new Chrysler models feature canted head lamps, a new ribbed roof for four-door hardtops, single-curvature windshields and lower, more functional tail lamps.

Alternators replace generators in 1961 models, providing up to eight amperes of electrical power when at idle. The alternator assures adequate electrical generating capacity always — even in the most severe winter traffic stalls. Motorists in smog areas will benefit from Chrysler's new smog-reducing crankcase breather. Push-button windshield washers and a safer foot-operated

**NEW CHRYSLER SERIES** — Chrysler Newport, a new series of full-size cars, will compete in 1961 in a lower price range than previous Chryslers. The new cars are on display at Chrysler dealers.

modified cylinder block which allows a shorter piston stroke (3.38 inches vs. 3.75 inches) and a larger bore (4.25 inches vs 4.03 inches). The pistons now travel a shorter distance for a given engine speed and thus, wear is reduced. The result is an engine that has higher mechanical efficiency and is more economical to operate.

reason to give up so he went right up with dummy's ace of clubs and false-carded with the eight from his own hand. Since East had played the seven spot this made it possible for that play to be a strength signal.

Then South played a spade to the ace and a second spade which West won with the king. East dropped the nine and six of spades in that order.

It wouldn't be hard for you readers to lead a diamond to the ace at this point and it shouldn't have been hard for West.

To start with, East might well have played the king of clubs at trick one if he held that card.

**♥ CARD Sense ♠**

What do you do?

Answer Tomorrow

Volumetric efficiency, the ability to breathe, has also been improved by increasing the diameter of the intake valve from 1.95 inches to 2.08 inches.

A smog-reducing crankcase breather will be installed on all cars intended for sale in California.

The breather routes crankcase vapors into the intake manifold, where they pass into the cylinders and are burned.

A substantial percentage of the smog-producing unburned hydrocarbons normally emitted by a car is eliminated by this device.

THE JUDGE IS PRESIDING — Superior Court Judge James E. Cunningham Sr. will preside at various functions during the "Day in Court" set Friday at the San Bernardino Courthouse. The "day" is sponsored by the San Bernardino County Legal Secretaries and the National Association of Legal Secretaries and is designed to better acquaint all legal secretaries with the courts and "law in action." With Judge Cunningham are, from left, Mmes. Marcille Ferrell, Elsie Carpenter and Helen Adams, secretaries of three Superior Court Judges, who are to serve as hostesses Friday.

with CHUCK and VIRGINIA PERLEE

### LOVELY TRIBUTE TO EDNA SPINNER

Edna Spinner, who died several days ago, had hundreds of friends, many of them in the world of art. When we first met Mrs. Spinner, she told us she "dabbled in painting." But when the National Orange Show rolled around we noticed that she "dabbled" well enough to have had one of her fine landscapes accepted by the jury in one of the best exhibits we had ever seen!

Here is a beautiful tribute paid to Mrs. Spinner by Peggy L. Childers, president of San Bernardino Art Association:

"I wonder if San Bernardino realizes its great loss in the passing of our beloved Edna Spinner? This was a woman who was a true angel before she reached heaven.

"I have never known a woman so youthful and active. Her painting was youthful—she was forever experimenting with new ideas.

"She had a very full life, forever helping others. She has given so many of us such delightful memories. We were very honored that she was a member of our Art Association. I am certain the next time I see a very lovely view that God had his angel Edna working on it. She did love to do lovely things for others to enjoy. She must be very happy."

In our recent remarks regarding the need for a psychiatric clinic, we did not imply that there was no psychiatric service available at present. There are, of course, the private psychiatrists. And as one reader points out, there has been out-patient psychiatric treatment at the San B. County Hospital for 18 years, but one must meet social service qualifications to be a patient. And for two years Juvenile Hall has had a psychiatrist available.

Tribute to the Family Service Agency of San Bernardino comes from a reader in Colton:

"Some time ago I was in the position of needing counsel. The Family Service Agency became interested and Mrs. Vivian Ferguson of that organization, over a period of time, rendered efforts to such effect that I experienced what I consider marked improvement. (I hope that Mrs. Ferguson agrees.)

"This letter is written for the purpose of both thanking the Family Service Agency for its kindness and letting you know where two agencies coordinated in their good work." (The writer is referring to the S.B. Area Mental Health Association.)

Alice D. Dudley is officiating her new position as office secretary for the East San Bernardino County Water District.

## Legal Secretaries to Spend 'Day in Court' on Friday

### Proclamation Issued by Attorney

Annual "Day in Court," sponsored by the San Bernardino County Legal Secretaries Association and the National Association of Legal Secretaries, is being observed Friday at San Bernardino County Courthouse.

Superior Court Judge James E. Cunningham Sr. will preside at the ceremonies.

The day begins at 9:15 a.m. with a welcoming address by Judge Cunningham in Department VI, Superior Court. All legal secretaries in the county are invited to attend. The secretaries will visit in various courtrooms and view "law in action."

At noon will be a luncheon in the courthouse dining room. Judge Cunningham will preside at this time, too.

The secretaries are invited to attend both morning and afternoon sessions of court. Mrs. Marcille Ferrell, Mrs. Elsie Carpenter and Mrs. Helen Adams, secretaries of three Superior Court judges, will act as hostesses during the day and will be available to give information to the visitors.

Ralph H. Prince, city attorney, has issued a proclamation on behalf of San Bernardino, setting aside Friday as official "Day in Court" day.

### Mary Kathryn Welcomed by Rowbottoms

Mr. and Mrs. Bernard J. Rowbottom, 1289 Colima Rd., San Bernardino, welcomed their third child, a daughter, Sept. 30 at St. Bernardine's Hospital. The baby weighed 5 pounds, 10 ounces and was 18 inches long. She was named Mary Kathryn.

Awaiting her arrival at home were a brother, Bernard James Michael, 2½, and a sister, Jeanne Marie, 15 months.

Maternal grandparents are Mr. and Mrs. Henry M. Good, 2588 Roxbury Dr., San Bernardino. Paternal grandparents, Mr. and Mrs. Bernard H. Rowbottom, reside at 6756 Merito Rd., San Bernardino.

A great grandmother, Mrs. Pearl Good, lives in Long Beach.

### Toastmistresses Report Session

Mrs. Margaret Elliott evaluated a program of ideas and officers' duties when she spoke before San Bernardino Toastmistresses Club.

Mrs. Kay Mummery, president, conducted the meeting and Mrs. Letty Dunning gave the invocation. Mrs. Violet Hart led the flag salute and Mrs. Verna Kunze served as table topics mistress.

A report on the International Toastmistress Club Convention held at Los Angeles was given by Mrs. Darlene Doubenmier.

Autobiographies were given by Mmes. Grace Smith, Dunning and Rita Bassford. Mrs. Felice Law was given a trophy for best table topics and Mrs. Smith received a trophy for best speech of the evening.

IT HAS BEEN PROCLAIMED — Ralph H. Prince, San Bernardino city attorney, has issued a proclamation on behalf of the city setting aside Friday as official "Day in Court" day. Pictured reading the proclamation with Prince is Mrs. Eleanor Brookins of San Bernardino County Legal Secretaries.

## Surprise Party Fetes Woman Leaving City

Mrs. Leo J. Riley was guest of honor at a surprise party held last week at the home of Mrs. Ray G. Holmes.

Members and friends of various church and auxiliary organizations, of which Mrs. Riley has been a member, turned out to bid her farewell. After many years residence in San Bernardino the Rileys will make their home in Inglewood.

Among the groups to enjoy Mrs. Riley's help and friendly cooperation during her time in San Bernardino have been St. Bernardine's Altar Society, Catholic Daughters of America, Deannery Council of Catholic Women and the Order of Martha.

The buffet table was adorned with Italian hand-embroidered table cloth and set with silver. An arrangement of multicolored roses and white stock added to the beauty of the table. A corsage of peppermint stripe carnations was presented to the guest of honor along with gifts of stereophonic records.

Co-hostess with Mrs. Holmes was Mrs. Jennie Dolske.

The 44 guests were: Mmes. Helen Fitzgerald, Nellie MacDonald, Mary Louise Boggust, Agnes Schmid, Mildred McMahon, Jennie Dolske, Theresa Dolske, Lucy Spangnagle, Martha Vardy, Martina Burns, Reba Gildehaus, president of the San Bernardino Deannery Council of Catholic Women; Adelaide Mead, Irene Des Corraux, president of the Order of Martha; Eleanor Holmes, hostess; Teresa Sulik, Jane Depweg, Alice Wicum, Edith Sponser, Arlene Irion, Alice Gibben, Madrienne Eppenheimer, Ruth Weber, Cecil Carney, Ray Roman, Blanche Nikodem.

Teresa Winker, Ed Burns, May Sachs, Clare Sachs, Hazel Wagner, Grand Regent of Catholic Daughters of San Bernardino; Mary Daugherty, Adele Abraham, Emma Richardson, Helen Lynch, Clemie Reister, Gertrude Mulligan, Metta Nea-

## Stan Midgley to Make Return Visit to S.B.

Making a return engagement in San Bernardino for the Junior Medical Auxiliary, College of Medical Evangelists, is Stan Midgley.

Midgley will appear Saturday at 8 p.m. at San Bernardino Municipal Auditorium, showing his film "Awheel and Afoot in the Canadian Rockies."

### LAST YEAR, TOO

He was presented last year by the Junior Medical Auxiliary, an organization of wives of medical students at CME, showing a different film. Such was the response that the auxiliary asked him to return this year.

Funds from the benefit will be used by the auxiliary for one of its main projects, the sponsoring of a mission family. This year the group is aiding a doctor and his family in Rhodesia.

Tickets for the evening may be obtained at the Loma Linda Pharmacy, from auxiliary members or at the door that evening.

### PRIZE WINNER

Midgley first attracted public attention when his movie, "Free Wheeling in the Utah Parks," won the first prize of \$1,000 in a nationwide contest. The movie was the story of his adventures on a bicycle trip through the Bryce-Zion region of Utah.

Graduating from Princeton University in 1936, Midgley spent more than eight years as

a chemist with the Abbott Laboratories in Illinois. Like most chemists, photography was his chief hobby. At the age of eight, he climbed his first mountain peak. That first mountain in the Colorado Rockies now heads a list that has grown to contain hundreds of ascents ranging from the cactus-barbed peaks in the Arizona desert, north to glacier-hung giants in the Canadian Rockies; from the Appalachians on the east to the High Sierra on the west.

### GAVE UP CHEMISTRY

However, America must be seen closely and intimately to be fully appreciated, and to do this Midgley gave up chemistry at the close of World War II and turned to travel, photography and lecturing. His ability to reach out-of-the-way places, whether the highest rock in the country or the lowest, combined with a photographer's eye for beauty, means Midgley knows what places to film and how to reach them.

Whether he travels on foot, by bicycle or by jeep, each movie conveys a feeling of high adventure to the audience, with a laugh around every turn.

**CHARLES L. CHAPPELL** Circle 81, Ladies of the Grand Army of the Republic, meets

Monday at 1:30 p.m. in the lounge room of the San Bernardino Municipal Auditorium. Prior to the meeting led by Mrs. Helen Niemeyer, president, will be a planned luncheon at noon.

**GUYS AND DOLLS** Square Dance Club will be continuing the fantasy tour "around the world" Saturday when it meets at the YWCA, 498 Arrowhead Ave., San Bernardino, from 8 until 11 p.m. Theme for this dance will be a "Safari Through Africa." Gary Norum will be caller. Refreshments will be served. The square dancing public is invited.

## Nu Phi Mus Hear Talk on Narcotics

Phi Omicron Chapter of Nu Phi Mu, junior degree in Beta Sigma Phi, heard an interesting talk on the narcotics problem at its meeting last week, with Miss Marleen Rhett as hostess. Detective Sgt. Donald Shepard of the San Bernardino County sheriff's vice squad addressed the group and answered questions.

Following the program, there was a gift exchange, revealing the identity of secret sisters for the past year.

The evening was enjoyed by Mrs. William G. Good, senior adviser; Mmes. Philip A. Monroe, Richard H. Bauersfeld, Herman C. Middleton, George P. Romero, Don Mills, Ronald Skipper, Misses Kay Fisk, Karen Bell, Linda Fair, Barbara Gorian, Julie Harris, Sharon Houser, Florence Osley, Joan Zimmerman, Delores Adams and the hostess, Miss Rhett.

INSPECTING GARMENTS... for the rummage sale planned Saturday by the San Bernardino Altrusa Club are Mrs. Faye Ullom, left, chairman of ways and means, and Mrs. Isabel Davis. The sale will be held in the Girls' Club, 24th and Turner Streets, Cucamonga, in conjunction with the Cucamonga Parents Club. Household items also will be on sale.

## Altrusa Club Rummage Sale Saturday

Final preparations for the rummage sale planned by San Bernardino Altrusa Club Saturday have been made under the direction of Mrs. Eunice Diggle and Mrs. Fay Ullom.

Mrs. Diggle is finance chairman and Mrs. Ullom is chairman of ways and means. Clothes have been marked and household items ready for sale.

The rummage sale will be held from 10 a.m. to 5 p.m. at the Girls' Club, 24th and Turner Streets, in Cucamonga's Northtown. The building has been furnished through courtesy of the Upland Assistance League.

Working with the San Bernardino Altrusa Club is the Cucamonga Parents Club. Mrs. Paul Makabe, president, and Mrs. Edgar Bell, clothes closet chairman, have been coordinating the work schedule for the rummage sale with Mrs. Diggle.

This is the first time the Altrusa Club has scheduled a rummage sale. Proceeds will help the club sponsor a training program to rehabilitate an adult woman so that she may become self-supporting.

## OUTWIT YOUR APPETITE

Try The  
Profile Bread Method  
Of "Planned Nibbling"  
To Help Avoid  
Overeating  
At The Table  
And Going On  
Wild Calorie Binges  
Between Meals

If you want to avoid overeating at meals, or avoid going on hog-wild calorie binges between meals—then the "Profile Bread Method" to outwit your appetite may prove most helpful.

Because the Profile Bread Method depends upon "planned nibbling"—a dietetic approach to the problem of overeating.

Make no mistake, the Profile Bread Method cannot cause you to lose weight. It can only help to avoid taking in excess calories.

### "PLANNED NIBBLING"

Remember what your mother used to say: "Don't eat it now, it will spoil your dinner."

Many dieticians recognize the same principle in "planned nibbling." Which means eating about 150 calories of any carbohydrate-protein food about 30 minutes before a meal. Or, when tempted, between meals. The carbohydrate acts fast; the protein keeps working longer.

Try a tablespoonful of sugar in a half glass of skim milk. Or a couple of

slices of Profile Bread. Or a slice of Profile with jam on it. Anything light that spoils your appetite and keeps you from overeating at the table or between meals.

### PROFILE BREAD

Profile Bread contains about 40% more complete protein than many white breads. It's flecked with tiny bits of cracked wheat and the flavor is fine—plain or toasted.

In addition, Profile Bread is fortified with calcium, phosphorus, iron and Vitamins B<sub>1</sub>, B<sub>2</sub> and niacin, and has about 65 calories per slice. For "planned nibbling" you may find Profile Bread ideal.

Get a loaf of Profile Bread fresh at your favorite grocer's today. And try the Profile Bread Method of "planned nibbling" to outwit your appetite. You may be very glad you did.

## 3 Acquitted of Fraud Charge

LOS ANGELES (UPI)—A Beverly Hills lawyer and two other men were acquitted yesterday of charges they were members of a ring that defrauded insurance companies.

Cleared by a Superior Court jury were attorney Robert Silver, 56; Dante V. Di Canio, 39, of Los Angeles, and singer Daniel Siegel, also known as Johnny Holiday.

They and four others were indicted by the county grand jury last February on charges of attempted grand theft, conspiracy and violation of the insurance code. But co-prosecutors Morio Fukuto and Richard Caballero yesterday requested Judge Lewis Drucker to instruct the jurors to clear the defendants.

The prosecutors said the state's key witness had given conflicting and reluctant testimony.

The other four indicted are to appear in court Oct. 25 for disposition of their cases. They are Dr. Walter Ogden, 42, a North Hollywood physician; Richard Krebs, insurance adjuster; Lillian Felling, Dr. Ogden's secretary, and Lawrence Ogden, the physician's brother.

## Youths Held After 1,000 Dangerous Pills Circulated

SAN LEANDRO (AP) — Five teenagers were arrested yesterday after police learned that some 1,000 dangerous tranquilizer pills have been given to students at San Leandro and Pacific High Schools.

Source of the pills, according to a police, was a 16-year-old boy. He found them in his home, in the clothes of a family friend.

The pills, called trifluor, are normally used only for violent patients at mental hospitals, officers said.

An estimated 4,000 of the pills have been confiscated but nearly 1,000 are missing. Police were called in when a boy went into convulsions after taking three of the pills. He was hospitalized and will recover.

## UPDATING OF ATOMIC WASTE RULES URGED

SACRAMENTO (AP) — California's atomic energy coordinator yesterday urged more up to date radiation laws, including authority to bury atomic waste on state and federal land.

Alexander Grendon told an Assembly subcommittee on radiation protection that ownership of such lands is certain for the necessary time for the waste to become harmless.

## Typhoon Hits Central Philippines, At Least 60 Dead

MANILA (UPI) — Typhoon Kit moved across the central Philippines today, causing millions of dollars of damage and leaving an estimated 60 persons dead or missing.

The typhoon, with 90 miles per hour center winds, struck hardest in the farming province of Bicol, south of Manila, and in offshore waters.

There were five known dead and at least 35 missing, most of them fishermen lost in the sinking of seven boats and ships.

President Carlos P. Garcia ordered all relief agencies of the government to aid the stricken areas.

Philippine Airlines suspended its flights to the central Philippines. The typhoon was heading in the general direction of Manila, but there was no immediate danger to the city.

## MORT SAHL BREAKS OFF VISIT TO RUSSIA EARLY

COPENHAGEN, Denmark (AP) — Entertainer Mort Sahl has broken off a visit to Russia because, he says, "It's literally impossible to function over there."

In night club and occasional TV appearances Sahl is known variously as a wit and an acid topical commentator who pulls few punches.

Sahl left Moscow after staying 48 hours instead of the planned four days. He suggested in an interview here last night he had picked up some wry material to use in his frequently changing act but did not mention any professional engagements in Moscow.

He called Moscow "a huge, gray plodding society, with everybody shuffling up and down the streets." And he complained his hotel room was "impossible," the food "unpalatable," everything else "deceitful."

## Millionaire Won't Hire Lawyer for Tax Trial

CARSON CITY (AP) — Millionaire La Vere Redfield's refusal to pay \$9 cents postage due in a \$37,000 stock deal and his determination to do without a defense lawyer broke the routine of his tax evasion trial yesterday.

Mrs. Deborah Fort of Westwood, Calif., related the \$9-cent dispute while testifying that Redfield bought stock from her and her sister in the name of a third party.

She said her bank mailed Redfield the shares of stock he bought for \$37,000 but that he adamantly refused to pay the postage although this responsibility usually falls on the buyer.

The testimony brought a brief smile to the face of the 62-year-old Reno financier accused of evading about \$300,000 in income taxes over a 4-year period.

Earlier, Federal Judge John Ross delivered another rebuke to Redfield for the millionaire's persistence in representing himself in the complex trial.

As government attorneys continued to call witnesses to back up the introduction into evidence of

"Really, I had expected an archaic hotel, but I was not prepared for a cell," he said. He stayed at Moscow's Berlin Hotel.

Worst of all he said, the Soviet life was "supervised activity," and for a tourist like him this meant "that the Intourist people wanted to be behind me wherever I went. I couldn't stand this cut-off feeling, this leveling out of a whole people. They left us no privacy. It reminded me of George Orwell's 1984 society. It was really frightening."

Sahl is going from here to London Saturday. As an afterthought, he said the visit to Russia did give something.

"I can use a lot of this in my show," he said. "But I'm afraid most of it will be on the same line as Bob Hope's recent crack about his TV set—it watched him."

a growing pile of documents, Redfield told the judge he was willing to agree to most of the exhibits to save time.

Judge Ross promptly retorted such a stipulation could have been worked out in advance of the trial if Redfield had obtained a defense attorney.

Ross and U. S. Atty. Howard Babcock agreed it would be best to continue as planned.

As the third day of trial ended, Babcock had introduced more than 150 exhibits into evidence, the bulk of them records of stock transactions.

## Marine Charged In Depot Robbery

SAN DIEGO (AP) — The FBI said Thursday that a Marine corporal and two friends from Atlanta, Ga., took \$22,000 from a safe of the San Diego Marine Corps Recruit Depot's post exchange the night of last May 31.

Cpl. Charles Ronald Crabtree, 22, of the depot's 2nd Recruit Training Battalion, was arrested and arraigned on a federal burglary complaint. He is married.

The FBI identified the other two as Harry Brooks Daniels, 49, now serving a 5-year narcotics sentence in the Fulton County Jail at Atlanta, and Kenneth Kelly, 30 to 35, who is being sought.

## Santa Maria, Lompoc Crops Damaged by Rain

SANTA MARIA (UPI) — An unexpectedly heavy rainfall early yesterday apparently has damaged crops in the Santa Maria Mountains as well as the Lompoc area, an agricultural official said.

More than 2 inches of rainfall was recorded at Santa Maria Airport, Walter S. Cummings, Santa Barbara County agricultural official, said preliminary reports indicated damage to beans, tomatoes, potato and lettuce crops.

## MOTHER PROTESTS, PLANS SHOWDOWN

## School Rules Girl's Dress Too Brief, Sends Her Home

BEVERLY HILLS (AP) — An assistant principal escorted a 12-year-old schoolgirl home Wednesday on grounds her shoulder straps were "too brief" for classroom wear.

The girl's mother is protesting.

Assistant Principal Margery Sturges delivered Gary Hardy to her front door and told her mother: Gary must either change to a dress with more shoulder coverage or wear a sweater.

"Gary's dress was sleeveless because we had a date with the doctor after school for her polio shot," said Mrs. Eileen Hardy, 256 N. Crescent Dr.

## Cut Passenger Run, SP Asks

SAN FRANCISCO (AP)—Southern Pacific pleaded yesterday for permission to abandon the Senator, one of the last of the once-plush local trains between Oakland and Sacramento.

In the first of a two-day hearing, SP Assistant Vice President Robert M. Gilmore presented evidence that the one-car train averages only 22 paying passengers each run and cost the railway \$156,738 in losses per year.

William F. Settle, assistant manager of transportation research, said the shrinking patronage was caused by freeways which have increased auto use and to faster schedules. Slightly more than two hours is required for the passenger train run.

Under cross questioning by PUC attorney William C. Bricca, Gilmore agreed if the Senator is discontinued, and if other applications to drop passenger service are granted, the only remaining rail facilities for passengers between Sacramento and Oakland will be the transcontinental trains and one late night train which carries passengers.

PUC attorneys are seeking to preserve service in the public interest.

## Ex-Girl Friend Of Mussolini's Takes Own Life

GENEVA, Switzerland (UPI) — Madga Fontange, former girl friend of Italian dictator Benito Mussolini, committed suicide with an overdose of sleeping pills last Saturday, authorities disclosed yesterday.

The 55-year-old former spy for the French security police in the 1930s was buried Wednesday in Geneva, they said.

Miss Fontange, who once attempted to shoot the French ambassador to Italy for trying to break up her romance with Mussolini, also received a one to five-year sentence for spying for the Germans after World War II.

She was released after serving some of the sentence, then was returned to prison for violating her parole and leaving her home in Melun, France.

## Good Year Seen For Cotton Export

WASHINGTON (AP) — The International Cotton Advisory Committee announced the 1960-61 marketing year should be a very good one for exports of cotton.

The agency said, however, the volume of exports is not expected to reach the record level of the 1959-60 season. In the latter season, the United States shipped 7.2 million bales compared with 2.8 million the previous season.

"The only feature missing from this year's export potential," said a committee report, "will be the one million bales imported last season to rebuild stocks; otherwise demand should continue strong to meet consumption requirements."

## Faubus' Name Is Taken Off Florida Ballot

TALLAHASSEE, Fla. (UPI) — Gov. Orval Faubus yesterday asked that his name be withdrawn from Florida's presidential ballot, and Secretary of State R. A. Gray said it will be done.

This apparently removed the third party threat in Florida and left on the ballot only the names of Democrat John Kennedy and Republican Richard Nixon.

Gray said the law provides that a presidential candidate can withdraw his name any time before the ballots are printed.

He also said that the National States Rights party, which was running the Arkansas governor without his permission, cannot substitute an independent or unpledged slate without going through the whole process of getting 7,500 more names on petitions from 34 counties. There is not time enough for that now, he said.

"I have taken no interest in this matter and I am not a candidate for president on any ticket," Faubus said in a telegram to Gray yesterday. "On this basis, I understand my name will not be placed on the ballot, and this telegram will be your authority, as I understand the matter, to withhold my name from the ballot."

Faubus was nominated by the National States Rights party as its presidential candidate last spring. But he said shortly afterward he was interested only in winning another term, his fourth, as governor of Arkansas.

## Top Cotton Pickers Lucky at Prison

CUMMINGS PRISON Farm, Ark. (AP)—Prisoners at this big state prison farm are engaged in their own cotton picking contest.

It's nothing like the National Cotton Picking Contest underway at Blytheville, with its \$1,000 top money, bands and pretty girls. But there is a prize.

Lee Henslee, prison superintendent, offers any convict who picks more than 500 pounds in any 10-hour day a large T-bone steak dinner with all the trimmings.

**OVATION FOR KENNEDY**—Democratic presidential nominee John Kennedy gets an ovation from part of the thousands that packed Cincinnati's Government and Fountain squares after he spoke late yesterday afternoon. Kennedy stands on back of a convertible and waves as pieces of paper fly through the air. (AP wirephoto)

## RAILROADS WIN CUT IN NEVADA'S TAXES

CARSON CITY (AP)—Railroads finally won a reduction in assessments from the Nevada Tax Commission yesterday—a 2 million dollar drop to a total of more than \$6½ million dollars tax value for all four lines.

A revision in the railroad valuation formula came at end of the commission's four-day session to fix tax worth of all public utilities in Nevada.

Despite the drop given railroads, total assessed valuation of public utilities—figured at 35 per cent of actual value—climbed \$3,000,000 to a grand total of \$123,800,000.

Telephone and telegraph companies got a whopping assessment boost of nearly 3 million dollars. Rail spokesmen contend Nevada's assessments are unrealistically high.

The commission has conceded some merit to the railroad position but it has to consider the plight of such counties as Lincoln, a depressed area largely dependent on railroad tax revenues.

The reduction granted railroads the current fiscal year was billed as the initial step in a gradual three-year plan.

son's decision to place more emphasis on capitalized income in figuring total value.

However the commission refused to budge from the policy of assessing all utilities at 35 per cent of actual worth.

Utilities contend it is unfair to be assessed at 35 per cent while tax value of other property is averaged at 30.6 per cent.

Southern Pacific maintained the highest assessed value of the three major railroads in Nevada — \$38,695,000.

Western Pacific was fixed at \$14,215,600 and Union Pacific at \$12,735,000. All were decreases.

Little Nevada Northern Railway in eastern Nevada won its second straight \$300,000 reduction for an assessment of one million dollars.

# CLASSIFIED ADS

AT YOUR SERVICE

# FREEWAY FIGHT CONTINUED BY NORTH END ASSOCIATION

A determined group of North End residents Wednesday continued their fight against a cross-town freeway before a late afternoon hearing called by the San Bernardino City Council.

The hearing came on a council resolution asking the state to survey traffic congestion in the area from Highland Avenue north.

The group's main objection was to the naming of the 30th St. Loop Line as one of the possible routes that state engineers might consider in any future freeway development.

Principal spokesman for the group was William H. Hyer, 306 Broadmoor Blvd.

"No one has established that we need a freeway," said Hyer. "We know what will happen as even more people move into the Del Rosa area," responded Councilman William P. Howard.

Charles L. Hunt, 226 D St., suggested that the city buy and develop the now-abandoned railroad right of way as a "street or even a boulevard."

City Administrative Officer Cecil C. Wood noted "such a development by the city would take all our gas tax revenues for 25 years to come."

William O. Burnett, 3003 Broadmoor Blvd., rose to observe "We're getting nowhere. This is merely a rewording of the same proposition that was rescinded."

At yesterday's meeting Howard made the point that if the city were to purchase the loop line, the state would not pay for it if it later were chosen as a freeway route.

The meeting wound up shortly after Howard raised the possibility of deleting any specific reference to 30th Street in the survey request. He indicated that the council would consider such a move.

# Fourth Suspect Arraigned in Probe of Numerous Burglaries

Max B. Nolan, 32, of 7118 Burton St., San Bernardino, yesterday was arraigned in Municipal Court on two counts of receiving stolen goods and one count of burglary.

Preliminary hearing for Nolan was set for Friday, Oct. 21, in Municipal Court.

Nolan was arrested last Sept. 11 in a three-way probe by the Sheriff's Office, Fontana police and San Bernardino police of numerous burglaries in the county.

Taken into custody in the same investigation were three other persons:

Arthur C. Jones, 27, of 3635 Arrowhead Ave., who has since been sentenced to life imprisonment for the murder of Joseph S. Gubio of Redlands;

His wife, Jean L. Jones, 27, same address, free on bail awaiting preliminary hearing in Municipal Court Oct. 21 on burglary and narcotics charges.

Bernard J. Schaefer, 25, of 1656 Conejo Drive, San Bernardino, held to answer a burglary charge in Superior Court on Oct. 14.

Recovery of loot from the \$10,000 Labor Day weekend burglary of All Points Storage & Moving Co. in a Sept. 9 raid on the Jones home was described by Sheriff Bland as the turning point in the probe.

Since then, an estimated \$20,000 worth of merchandise identified with a dozen or more burglaries in the last 18 months or longer has been seized in raids. Detective Capt. John F. Miller said Detectives Glenn J. Terry, Dewey Ringstad and Harry D. Hockstra have established ownership of most of the loot. Much of it has been returned to the owners.

Meanwhile, the investigation is continuing. Captain Miller said more raids and arrests may be expected.

WASHINGTON (AP)—A former chief of Cuban Prime Minister Fidel Castro's parachute troops says Latin Americans have been trained in Cuba in guerrilla warfare.

The testimony was given to the Senate Internal Security subcommittee by Capt. Alfonso Manuel Rojo Roche, also known as Manuel Rojo del Rio. He appeared at a closed-door hearing last January soon after resigning from the Cuban armed forces.

MADE PUBLIC

In his testimony, made public yesterday, Roche said guerrilla training courses for the Cuban forces are attended by men from several Central and South American nations.

Specifically, he listed the Dominican Republic, Nicaragua, Paraguay, Guatemala, Salvador, and Costa Rica.

"I don't know for certain, but I am sure that there are representatives of all the countries that have dictators who Fidel would like to move in," Roche testified.

He was asked if these men, after finishing the training courses, returned to their own countries.

"Most of them, yes," he replied.

Roche named Gen. Alberto Bayo as author of a manual on guerrilla tactics used by the Cuban armed forces and as director general and instructor in the school of revolutionary training.

GUERRILLA IN CONTROL

He said that Rojo Roche, Fidel's brother and commander in chief of the Cuban revolutionary forces, is the nominal boss of the training school but testified that Ernesto Guevara, president of the National Bank of Cuba, actually controls it.

Roche is a 41-year-old Argentinean who joined up with the Castro forces after flying arms to them from Costa Rica in March 1958. He told of overhearing a conversation in which he quoted Fidel Castro as saying: "Now we are going against Santo Domingo. Next against all the dictators in Latin America. And ultimately against the United States."

WASHINGTON (UPI)—The State Department said yesterday it has information indicating that two American tourists missing in Russia since August are being held for taking photographs near the Soviet border.

The two are Harvey C. Bennett, 26, Bath, Maine, and Mark Kaminsky, 28, Jefferson Township, Cass County, Mich.

State Department spokesman Francis W. Tully Jr. said an American tourist reported to the U.S. government that he had seen Kaminsky Aug. 25 at the Soviet border control point in the Intourist Hotel at Uzhgorod on the Czech border. The tourist said Kaminsky had "stated he was under detention for having taken a photograph."

Repeated inquiries by the U.S. government have failed to bring any information about Kaminsky or Bennett from the Soviet official Intourist Travel Agency or the Russian Foreign Office.

Tully said "it is quite clear that two Americans cannot be missing in the Soviet Union without the knowledge of the Soviet government."

Last direct word from the two men came on a postcard which Mrs. Bennett received from her husband Sept. 6. The card was dated Aug. 19 and postmarked from Vinnitsa, a Soviet town near the Czech border.

SCHOOL SHARE OF LOAN BOND HIKED

SACRAMENTO (AP)—The State Allocation Board voted yesterday to require local school districts to put up a larger share of the state school building program.

The districts now contribute 45 per cent of their bonding capacity in order to qualify for state loans. The board voted 3 to 1 to make it 100 per cent.

Officials estimated it would cost the districts an additional \$7.5 million.

The Department of Education opposed the change, saying the 45 per cent bonding requirement gives the districts some leeway in acquiring future school sites.

# Watch, Chain Taken From House Trailer

An envelope containing valuables was stolen from a house trailer while the owner was packing to move, San Bernardino police reported Wednesday.

The victim, Helen Kayo, told police a ladies' wrist watch valued at \$85 and neck chain valued at \$25 were taken from her house trailer at 934 14th St.

Present at the meeting were Councilmen George C. Blair, John P. Quimby, Ben Kirk, Clarence Joris and William P. Howard.

Howard served as chairman in the absence of Mayor Raymond H. Gregory.

Hyer is chairman of a North End group called the San Bernardino Civic Improvement Association. The group has a history of opposition to the proposed 30th St. freeway route. Five members were present at yesterday's hearing.

The association, at a meeting Sept. 6, voted to censure North End Councilmen Blair and Howard for refusing to meet with them. Later, Howard said he felt it was a matter for the entire council to consider.

At yesterday's meeting Howard made the point that if the city were to purchase the loop line, the state would not pay for it if it later were chosen as a freeway route.

The meeting wound up shortly after Howard raised the possibility of deleting any specific reference to 30th Street in the survey request. He indicated that the council would consider such a move.

The meeting wound up shortly after Howard raised the possibility of deleting any specific reference to 30th Street in the survey request. He indicated that the council would consider such a move.

At yesterday's meeting Howard made the point that if the city were to purchase the loop line, the state would not pay for it if it later were chosen as a freeway route.

The meeting wound up shortly after Howard raised the possibility of deleting any specific reference to 30th Street in the survey request. He indicated that the council would consider such a move.

Victorville Fair

The opening ceremonies of the San Bernardino County Fair at Victorville presented a great military spectacle that included the marching bands of all of the services.

It was a thrilling occasion, witnessed by more than 5,000 people, the largest opening night crowd in the history of the fair.

This was a fine thing, the presentation by the armed services of their colorful bands and marching units. The enthusiasm of the crowds indicated the approval of the policy of the Navy, Marine Corps, Army and Air Force in participating in such community events.

Included among the units were the 11th Naval District Drill Team and Navy Band from San Diego; the Marine Corps Band and Color Guard from Camp Pendleton; the all-women WAF Band from Norton AFB, San Bernardino; the Sixth Army Band from Camp Irwin; the Honor Guard from George AFB; the Marine Women's Drill Team from Camp Pendleton, and the Chanting Men from the 11th Naval District.

Maj. Gen. Victor H. Krulak of the Marine Recruit Depot, San Diego, was there to salute the great Marine Band, the largest of the units to participate. Other guests included Brig. Gen. John A. Dunning, commander of George Air Force Base; Brig. Gen. G. H. Cloud, commander of Barstow Marine Base; Maj. Gen. Ben I. Funk, commander of San Bernardino Air Materiel Area; Capt. J. A. McHenry of the 11th Naval District, San Diego.

The participation by the 11th Naval District units was through the cooperation with Rear Adm. Murr Arnold, commandant of the 11th Naval District.

The demonstration in connection with the Armed Forces Day was part of the normal policy of the services.

When the fighting forces were demobilized after World War II there was a little marching of the returning heroes through the cities of the United States to give citizens a real chance to salute their fighting men. So there has always been an insistent demand from the people to witness demonstrations by the Navy, Air Force, Army and Marines.

This opportunity was provided at the opening night of the county fair, and brought the enthusiastic approval.

The county fair at Victorville is a splendid institution and it will continue through the remaining days of this week and Sunday. Its exhibits and entertainment are of high type, and thousands of people are attending each day.

As has been the annual custom, the fair directors dedicated the fair to a prominent citizen, this year to Congressman Harry R. Sheppard. The congressman presented the fair with a United States flag which had flown over the White House. Congressman Sheppard is a ranking member of the House Appropriations Committee.

Justice Curtis

Associate Justice Jesse W. Curtis of the California Supreme Court was the most distinguished jurist in San Bernardino County's history. His passing marks the break with almost the very beginning of San Bernardino.

Justice Curtis was born here in 1865 and in his long and rewarding life saw almost all of the development of this county.

His parents crossed the country in a covered wagon and were among those who laid the foundations for present-day San Bernardino. And Justice Curtis' own span measured 95 years in the city of his birth.

What great things he saw in his own life, not only in his own community but in the world!

Justice Curtis had also served San Bernardino County as district attorney and superior court judge, and for many years was one of the leading practicing attorneys of the area. He was first associated with his father, the late W. J. Curtis, and then later, after his retirement from the Supreme Court, with his son, attorney Jesse W. Curtis Jr., now judge of the Superior Court.

Many residents of San Bernardino County and the state mourn the passing of this distinguished son and citizen.

Words, Wit & Wisdom

RUSSIAN VERSION OF ENGLISH GIVES CHILLS TO WORD EXPERT

By William Morris  
Question: What is the proper plural form of the noun "has-been"? I find it natural to say "has-beens," but my Russian-English dictionary (Smirnicki, Russko-Anglijski Slovar, 3rd ed., Moscow, 1958) translates "byvschie ljudi" as "have-beens."

If it is logical to treat this expression as both noun and verb when pluralizing it, should we not then logically treat it identically with respect to person as the Russians did with respect to number?

Thus: I am a have-been; you are a have-been; he is a have-been; we are have-beens; you (plural) are have-beens and they are have-beens. But since when has a native-born speaker of English ever said, "You are nothing but a have-been"?—J. Vanuxem, Wauwatosa, Wis.

Answer: Since never! The error here lies in the fact that whoever prepared the translation from Russian to English is unaware of the simplest rules for formation of plurals of English compound words.

In most instances these compounds are pluralized just like any other noun by adding "s" or "es" (for example: high schools). In a few cases the first element is pluralized (example: mothers-in-law). But in no case are both the first and second elements of a compound noun made plural, as your Russian dictionary indicates.

By the way, what ever would lead you to accept a Russian version of English as authoritative? The history of the past decade and a half shows, if nothing else, consistently inaccurate Russian evaluation of British and American policies in the international arena.

Why then should you suppose that the Russian interpretation of our common language would be any more nearly accurate? (Copyright 1960)

ELIIS L. SPACKMAN

Is Cannibalists Anonymous Next?

JOHANNESBURG, South Africa —The Rev. W. F. P. Burton, 74, long time missionary in the Congo, says cannibalism "is coming more and more into the open" in the new African nation.

The Rev. Burton, who was stationed in the Baluba tribal area in Kasai province, states that two forms of cannibalism are practiced. One is for tribal sacrifice and the other "to satisfy a craze for human flesh."

The missionary explained "It is like alcohol. The more they get, the more they want."

This would seem to be an appropriate matter to turn over to the FAO, the food and agriculture organization of the United Nations. It has produced numerous valuable studies in the fields of diet and nutrition.

It is also deeply concerned with the fact that world population is outrunning the food supply. Perhaps the dietary craze reported by the Rev. Mr. Burton would help solve both of these problems simultaneously.

Along this line, the corridors of the U.N. have been buzzing with the rumor that President Leon M'ba of Gabon had eaten his mother-in-law.

A spokesman for the Gabonese government vehemently denied this canard. He asserted that he knew the lady personally and that she was not fit to eat.

This may well be true. But if the Rev. Mr. Burton is correct and the craze for human flesh is like the craving for alcohol, the matter should be investigated. Just consider for a moment the stuff that people will drink.

Senator Soaper

If it's a big year for soggy cherry pies, the diligent picnic-goer can count on eating three to seven paper plates during the course of the summer.

The mother down the block has something to learn. When her 10-year-old announced he had pitched a no-hit game, she murmured, "that's too bad."

INEZ ROBB

What Was Good Enough for Mama's Good Enough for Inez

Ever since Norman Norell flabbergasted the nation's fashion press by introducing culottes, or the one-pants feminine suit, for street wear, they—the culottes—have had an all-too-familiar look.

THEY JUST weren't all that new, it seemed to me. But it wasn't until yesterday, when my curiosity finally nagged me into going through a pile of old family pictures, that I suddenly realized why this brand-"new" fashion seemed so reminiscent.

Why. Norell's sensational culottes (and I don't mean to take the sheen off his creative genius) are just Mama's old, divided skirt brought up to date after a half-century or more!

In the treasure trove of family pictures are a half-dozen of Mama, young and pretty as a picture, in the divided skirt that she and her generation of young ladies in the West wore when they went horseback-riding.

IN THAT DAY the divided

ROSCOE DRUMMOND

Uncertain Premises Mark Both Campaigns

WASHINGTON — Sen. Kennedy's campaign rests on an unproved and uncertain premise.

So does Vice President Nixon's. This is one reason the polls find the candidates so close and the outcome so unpredictable.

SEN. KENNEDY's theme is that the U. S. is losing the arms race with Russia and that our economy is slowing down.

His appeal has strength and weaknesses.

Spokesmen for the Eisenhower administration have themselves admitted to the "missile gap," putting it at 3-to-2 against us not long ago.

The majority of the Joint Chiefs of Staff believes that our military strength is unbalanced—that we have more nuclear power than we need to deter the least likely danger (nuclear war) and too little limited-war capability to deter the greatest danger (that of limited aggression).

IF PRESIDENT Eisenhower and Secretary Dulles and Secretary Herter have been right—that we can only negotiate from strength—then it is evident that we have not been sufficiently strong to cause the Soviets to feel that they must negotiate and negotiate seriously. They haven't been doing so.

Some of the weaknesses of the Kennedy appeal are these: He is talking more about the future than about the present. There is no persuasive case to be made that the sum of all our deterrent power is weaker than the Soviets'.

AND MR. NIXON affirms that he is as intent upon keeping it as his opponent.

Also, while Mr. Kennedy can cite military opinion on his side, it is not easy for him to persuade the country that Gen. Eisenhower's judgment as to what is the right balance of military strength is unsound and reckless.

As to our rate of economic growth, one of the senator's difficulties is that his case is not

provable, as the recent TV debate showed.

But Mr. Nixon's case also rests on an uncertain premise. His premise is that Americans are substantially content with the Eisenhower record and that where there are points of discontent he can be counted on to correct them.

This is an uncertain premise because it is impossible to determine whether "liking Ike"—as the American people continue unabatedly to do—is the same as liking the Eisenhower record.

WHAT NIXON cannot know is whether the country, though giving almost unlimited affection to Mr. Eisenhower, exonerates the administration from all blame for the crises in Cuba, the Congo and Japan.

If there is not widespread discontent in the country, Mr. Kennedy, in order to win, must persuade the voters that they ought to be discontented.

If there is widespread discontent in the country, Mr. Nixon, in order to win, must persuade the voters that he is not blind to the reasons for discontent and will respond. (Copyright 1960)

THOUGHTS

If you obey the voice of the Lord your God, to keep his commandments and his statutes which are written in this book of the law, if you turn to the Lord your God with all your heart and with all your soul. — Deut. 30:10.

ROBERT S. ALLEN

Parties Spend Freely to Win House Seats

WASHINGTON — Republican congressional leaders, who concede that they have no chance of winning the U.S. Senate this year, are spending a record amount of money in their campaign to capture control of the House of Representatives.

Through the House Republican Campaign Committee, they already have poured an all-time high of \$890,000 into their 40-state drive to wipe out the 129-seat margin that the Democrats now hold in the house.

Campaign records filed with House Clerk Ralph Roberts show that the GOP Committee's spending, as of Oct. 1, is \$200,000 more than the \$621,000 that was spent during the entire 1958 election. This spending figure tops by \$40,000 any previous campaign expenditure by either party in the congressional contests.

AND THAT isn't the full story. By election day, Rep. William E. Miller, R-N.Y., chairman, hopes to boost this spending to \$1,200,000 — or nearly double the 1958 figure.

To counteract this Republican effort to upset their party's 280 to 151 lineup in the house (there are six vacancies), Democratic congressional leaders have stepped up their own spending.

Reps. Michael Kirwan, D-Ohio, chairman, reports that he has distributed \$90,000 through the House Democratic Campaign Committee to 300-odd Democratic candidates.

THIS DEMOCRATIC contribution is nearly double the \$51,000 that they spent in 1958. By Nov. 8, Rep. Kirwan hopes to boost the committee's spending to \$150,000.

The house campaign records also show that Democratic candidates have received nearly \$100,000 from political action groups organized by labor unions.

This is approximately the same amount that labor contributed to Democrats in the 1958 campaign. Main source of the Democratic

Committee's funds is the receipts of the \$100-a-plate dinner held in Washington last June. The committee's records show that it received \$73,000 from that affair.

TOP CONTRIBUTOR to the GOP Committee is the United Republican Finance Committee of New York. That fund raising group, which received \$20,000 in contributions from the Rockefeller and Mellon families, contributed \$75,000 to the committee.

The principal targets of the two parties' campaign drives are the 106 "doubtful" districts (won by less than 55 per cent of the vote in 1958) that are distributed through 33 states.

Significantly, 38 of these doubtful districts are located in the "big six" states of New York, California, Ohio, Pennsylvania, Illinois and Michigan, which Vice President Nixon and Sen. John Kennedy agree are the main battle grounds in the presidential race. (Copyright 1960)

DAVID LAWRENCE

'Neutrals' Poor Description

WASHINGTON — "Neutrals" and "neutralists" were the words used in the press dispatches and headlines the other day to describe the chiefs of five governments who sponsored a resolution in the United Nations Assembly calling for an Eisenhower-Khrushchev meeting.

But they really aren't "neutrals." Can there justifiably be a position of neutrality between a government of barbarism and a government of freedom and humaneness?

Is any government entitled to call itself "neutral" when it just plays one side against the other and, in some instances, engages in an international game of extortion and blackmail?

THE HEADS of the governments of Indonesia, Yugoslavia, Ghana and the United Arab Republic are impartial only in the sense that they have received or are demanding aid from both the Soviet Union and the West.

As for India, which is the fifth nation in the group, it has in the cabinet of the premier an influential minister of distinctly Communist sympathies who steers

Mr. Nehru into moves such as he made the other day.

The whole group of five conferred at length with the Soviet Premier and then issued the resolution calling for the Eisenhower-Khrushchev meeting. One wonders why they didn't confer also with the American secretary of state.

A mediating commission of true neutrality usually canvasses both sides before making any such recommendations.

THERE IS every evidence that the Soviet Premier was using the group of five chiefs of state for his own propaganda purposes. The resolution was hardly a day old when Khrushchev announced his conditions for the meeting — the demand for an "apology" from President Eisenhower for the U2 flights.

This indicates clearly that the Soviet Premier wasn't really serious in his acquiescence to the so-called "neutralist" proposal and wanted it issued only for the purpose of knocking it down publicly.

The so-called "neutralist" group is constantly pressing for more money or economic aid from the United States.

The big argument usually made is that if America doesn't furnish the money, they will have to turn to Moscow for it.

THUS PREMIER Nasser of Egypt, while negotiating for American help for the Aswan Dam, was secretly negotiating for arms and ammunition from the Communist-bloc states.

When the late Secretary of State John Foster Dulles discovered this double dealing, he rightly called off the negotiations. But there are Americans in important political positions who have publicly denounced him for it — as, for instance, Sen. Fulbright, Democrat of Arkansas, chairman of the Senate Foreign Relations Committee.

Unfortunately, for political reasons in which party is sometimes put above the nation's interest, there are some speakers who never miss a chance to blame the Suez crisis of 1956 on the United States just because this country didn't help on the Aswan Dam.

IF AMERICA is unashamedly to "buy" good will, then the sooner the American people face up to the true meaning of such blackmail and extortion, the more quickly they will learn to protect themselves against the pitfalls that appeasement has brought in the past.

Already Adlai Stevenson, who is expected to be secretary of state if Mr. Kennedy is elected president, is demanding, in effect, that President Eisenhower now back down and meet with Mr. Khrushchev.

Mr. Stevenson said in a speech at Salt Lake City:

"President Eisenhower has often said that he would do anything to advance peace. But if he decides not to see Mr. Khrushchev, I hope he will have an explanation that will satisfy the neutrals."

BUT WHY must the United States forget the insults to its President and also ignore the Soviet refusal even to permit a U.N. investigation of the circumstances whereby an American airplane is shot down over the high seas and two survivors of the crew are still held prisoner in the Soviet Union?

Why are the so-called "neutrals" to be "satisfied" only by the sacrifice of America's self-respect?

Just 24 hours before President Sukarno of Indonesia was introducing the so-called "neutralist" resolution in the United Nations, a Reuters News Service dispatch from Indonesia was coming over the wires as follows:

"An Indonesian military commander announced today that only newspapers supporting the government's political philosophy will be allowed to continue publication in Jakarta (the capital)."

"The spokesman for the Jakarta Garrison Command said all newspapers in the future would have to obtain licenses and would have to agree to follow the 'guiding line' laid down by the government. The government has confiscated eight printing plants in Jakarta, Bandung, Semarang, Surabaya and Macassar in the past week, causing the closure of 11 daily newspapers."

Yet it is the dictator of this kind of despotic and totalitarian government who stalks around in the United Nations Assembly as one of the sacrosanct "neutrals" in the so-called "Free World!" — (Copyright 1960).

Notes on the News—

While he was giving his farm speech, his car was accidentally buried under surplus wheat!"

20 YEARS AGO

(From the files of Oct. 7, 1940)  
The state will widen the Foot-Hill Blvd. underpass west of Fontana. The project will cost \$4,387 and will involve narrowing of walkways to permit four traffic lanes in the roadway.

San Bernardino's Co. M of the National Guard will be stationed at camp near San Luis Obispo, when called to active service, Capt. I. N. Gilbert was informed.

Graduates of the new Cal-Aero Academy, between Ontario and Chino, have been designated to continue their aviation training at Moffett Field, in Sunnyvale.

W. S. Curtis has been elected secretary of the Colton Chamber of Commerce.
